Vicks Garden and Floral Guide

86th Year with Prices Still Lower

We are proud to announce our hearty cooperation with the National Recovery Program. Not a price in this book is higher than that of last season, many prices are even lower, though we have raised the wages and shortened the working hours of all employees.

Already we have had a big increase in business. Good crops have given us an abundant supply of the best seeds and these we offer at prices the same as those of last season, with many varieties at *Prices Even Lower*. Only the finest varieties carefully chosen by our flower and vegetable experts are here listed.

Besides the old favorites, the approved

James Vick
Pioneer American
Seedsman

and reliable well-known varieties, there are included here, outstanding new ones which have proved themselves to be of special merit. There are new and more beautiful flowers, and new vegetables for heavier yields.

Vicks seeds have been the standard of excellence, planted by the best gardeners in America for 86 years. Today scientific methods of growing, together with careful selection of only the finest plants for seed, assure you of higher quality than ever before.

High Quality, Reasonable Prices, and Satisfactory Service, is with us more than a slogan, it is our established purpose steadfastly followed.

Guaranteed Seeds

We guarantee that your order will arrive safely and we guarantee the vitality and purity of our seeds and bulbs to the full amount of their purchase price. You can have your money back any time within the year if you are not satisfied with the results. Since much depends upon weather, soil, and cultural conditions, it is expressly agreed that in no case shall James Vick be liable for more than the actual amount paid for the goods.

The Rochester Asters

Startling Seed Values

We want more people to plant Vicks Seeds. Astonishing offers are made in our advertisements to attract new customers. Many are repeated here. Others equally tempting are added so that you too may take advantage of these wonderful reductions. It's the same Vick-quality, tested seed, in packets of the usual quantity. Take advantage of our Remarkable Collection Offers.

Tell Your Friends about our Low Prices.

Sow Vicks Seeds For the Finest Garden You have ever had Order Early

Assure the success of your 1934 garden by planning it with the aid of this book. Take advantage of your opportunity to secure your seeds from the oldest mail order Seedhouse in America. For 86 years our catalog has gone to the flower lovers and gardeners of the country and so for almost a century, seeds for the best gardens in America have been chosen from it. The excellent reputation enjoyed by our seeds is proof of our reliability.

Quality Seeds of Assured Germination

You can depend upon Vicks Seeds to produce the finest flowers and the most abundant crop of vegetables. They are grown from selected, healthy plants, true to type and representing the greatest perfection of quality. Our seeds are secured only from such strains, grown under the most ideal conditions by modern, scientific methods. You can depend upon Vicks Seeds being of highest vitality. All have been tested for germination.

Have your seeds and bulbs at hand early and take advantage of the most favorable weather for planting. Don't delay your garden for lack of seeds.

Florists and Market Gardeners

Those who grow for market will be interested in our special price list for Market Growers and Florists. If you grow for market, ask for a free copy of our Wholesale Price List.

We Pay the Postage

Our prices include free delivery. We pay transportation charges on everything in this book.

The Standard of Excellence

Vicks Asters

We point with pride to the many beautiful Asters originated by us, as well as to the improvements made to the older types. These together with our 85 years of producing only the finest Asters have given us a world-wide reputation as Aster Specialists. Every year we receive

orders from Aster growers all over this country, from Europe, South Africa, Australia, China and Japan. The superiority of Vicks Asters has made them famous everywhere. Of the many new Asters recently introduced, we list several that we consider to be of highest merit.

1150 Heart of Rochester

Rich, glowing ruby-red—the most splendid of Asters. Huge, “shaggy” flowers, their petals curled and twisted and exhibiting brilliant glints and shadows of rich color. Its wonderful color gave Heart of Rochester its name, and has given it admiration beyond that

received by any other Aster. The plants are large and vigorous, bearing a wealth of the wonderful blooms. *See Heart of Rochester in color on inside front cover.*

Pkt. 30c; 1/16 oz. 45c; 1/8 oz. 70c.

1156 Silvery-Rose Rochester

With its great fluffy blossoms made up of long, narrow, curved petals, which are of that glorious silvery rose shade, there is small wonder that this Aster is so admired. Its color is intense deep lilac-rose, overlaid with a delicate silvery sheen, for which is responsible its exceptional beauty.

The plants are robust and strong-stemmed, displaying their wonderful flowers to full advantage. Though this is the newest of the Rochesters, its present popularity indicates that its exceptional beauty is appreciated. **Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c.**

1155 Shell-Pink Rochester

This is an extremely beautiful and dainty flower of a very lovely soft shade of Shell Pink. It is admirably adapted to both home and commercial growing and is most attractive in any border because it harmonizes so well with other colors. We succeeded in perfecting this fine color only after many years of careful selection. The perfect flowers are extra large. They have long, narrow, gracefully curled and twisted petals, causing the blooms to resemble giant Japanese Chrysanthemums. The plants are similar to the Late Branching varieties in that they are large, strong, and produce many long flower stems. **Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c.**

1153 Purple Rochester

This variety has all the exceptional characteristics of size and graceful formation of the true Rochester Aster, with even larger, more double, and more Chrysanthemum-like blooms than the original Lavender-Pink. Its exquisite rich deep purple hue is entirely distinct from all other colors in this class of Asters. It combines beautifully with and profits from being combined with the lighter shades, its color being intensified and made more brilliant by the contrast. The shaggy, curled, and twisted petals are an ideal foundation for the regal splendor of this color, giving gorgeous display of highlights and shadows. Florists find this a useful and popular variety. **Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c.**

1158 Rochester Asters, Mixed

Those who love Asters will delight in the gorgeous beauty of this mixture. We trust that you will pardon our pride in the Rochesters, and feel sure that should you make a planting of this mixture, you will have equal joy in this fine Aster. The mixture is compounded from the seed of individual varieties by formula. This formula is highly prized for it gives the most ideal blend of colors we have as yet achieved. The big curled Asters make a charming display of lovely color. **Pkt. 15c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.**

5075 Collection of

Vicks Rochester Asters

Four superb giants. Will give the most attractive planting, with plenty of big, graceful flowers in the finest colors for cutting.

1 packet each: Shell-Pink, Lavender, Heart of Rochester, Purple, (Value 90c)

for only **55c**

Amount of Seed

One ounce of seed will yield about 5090 plants (making liberal allowance for injury and destruction of the seedlings and young plants). Large growers find that allowing four ounces of seed to plant an acre is most satisfactory and will give plenty of plants, so that the strongest and healthiest seedlings only need be used in the final planting.

This illustration shows the typical Rochester form.

1154 Rose Rochester

Rose is one of the loveliest Aster colors. To appreciate this color at its best, however, one must see Rose Rochester. The narrow, curling, interlacing petals give it such tints and tones and degrees of depth, that the blossoms fairly sparkle. The flowers are really huge, and are carried on long, stiff stems. Their glorious color, size, and freedom of bloom recommend its use in border planting. Rose Rochester is widely used for commercial purposes. This Aster has won itself many friends and we find it in great demand all over the country. It runs true to the type of Rochester Asters whose superiority over all other varieties of this class of flower is now unquestioned. We offer it with full confidence that it will give great satisfaction in any sort of planting. **Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c.**

The Rochester Asters are most popular of our many introductions.

Vicks Famous Asters

Aster Specialists for 85 Years General Culture

Sow early Asters about the middle of March to set outdoors in early May. Where weather permits planting out in April, make sowings earlier. Sow into shallow boxes or pans filled with sandy loam to which peat moss has been added. Cover with $\frac{1}{4}$ inch of fine sand, or soil. Water with a fine spray, or by setting in shallow pans of water until the surface becomes moist. Set the pans in a sunny window, not permitting the temperature to fall below 40 degrees. Cover the seed pans with paper until the plants begin to show. Young Aster plants should be given plenty of light. When they are about 2 inches tall,

transplant into other pans or flats, setting 2 inches apart each way. Accustom the plants gradually to cooler growing conditions, and set them in the open ground when the trees are coming into leaf and severe frosts are over. Midseason and late Asters can be started in a mild hot-bed, while very late varieties can be sown in a cold-frame or the open ground, in May. Transplant into thoroughly prepared, sweet and wholesome soil. The more thoroughly pulverized the soil, the better the results. Cultivate Asters frequently, but rather shallow so as not to disturb the roots. (Recommendations based on climate of New York).

1152 Lavender Pink Rochester (illustrated above)

The Original Rochester Aster

We have been specializing in Asters for almost all of the 85 years that we have grown flower seeds, and many of the Asters most popular today were introduced by us. Of all we have ever brought out, the Rochesters are easily supreme. Lavender Pink was the first of the Rochesters. No flower of any sort in recent years has created more favorable comment than this magnificent lavender pink Aster. It was adopted as the official flower of this city and named Rochester. The petals are narrow, very long, and

gracefully reflexed. The outer petals show to their full extent, while toward the center the petals bend and curl with artistic freedom, creating the fluffiest Aster ever seen. It is an exquisite shade of apple-blossom-pink. The plants are vigorous and it is not unusual to find one with a dozen long graceful stems, each with a flower $4\frac{1}{2}$ to 6 inches in diameter. The blooms are so large, so freely borne, that a bed of this variety becomes a solid mass of color. **Pkt. 20c; 1/16 oz. 30c; $\frac{1}{8}$ oz. 50c.**

Silvery Asters

1157 White Rochester

The pure white, fluffy flowers are truly exquisite. They are borne on long stems which make them even more valuable for cutting purposes. There are often 12 flowers on a single plant, which accounts for the popularity of White Rochester for growing as a specimen Aster plant. These flowers in their soft-textured whiteness seem like huge downy powder puffs. They are favorites for cutting also.

Pkt. 20c; 1/16 oz. 30c; $\frac{1}{8}$ oz. 50c.

1151 Lavender Rochester

Long narrow petals fall over one another in a cascade of color, forming a shaggy mass and giving the same artistic effect as the other Rochesters. Its color is clear, lovely lavender, which blends beautifully with other colors and is effective in all floral arrangements. Lavender Rochester has stems unusually long. It is highly prized by all who have ever grown it.

Pkt. 20c; 1/16 oz. 30c; $\frac{1}{8}$ oz. 50c.

Asters for Market

Asters are a profitable flower to market as they find ready sale if fresh and carefully bunched. Remember that even first-class Asters have no sale if they are not fresh—or if they are carelessly bunched.

Cut the Asters when nearly open, placing in water overnight or until ready to use. Strip the leaves from the lower 3 inches of each stem, and grading the flowers, arrange in bunches of 26. Place together Asters of the same stem length, age, quality, etc. Tie the bunches securely about 2 inches from the stem end and so that each individual flower shows up.

Newer Aster Varieties

Those who planted these varieties last season will highly endorse our recommendation of them. They are distinct additions to our Aster list, not only novelties, but varieties you will prize. You only need view a mixed bouquet of the Peony-Flowered to ascribe to the Aster the role of "Queen of Autumn Flowers."

Mammoth Peony-Flowered

This lovely new Aster resembles the Perfection Asters which we have listed for many years. The Mammoth Peony-flowered Asters have considerably larger flowers of more refined form. The plants form vigorous, upright growing

bushes $1\frac{1}{2}$ to 2 ft. tall with blooms measuring 4 inches and over in diameter and fully as deep. The long, strong flower-stems make this Aster most desirable for cutting. It is a late season Aster.

1130 Azure Fairy Beautiful clear azure blue flowers with silvery reflex. Admirably adapted for shipping as are all Peony-Asters.

1131 Maiden's Blush A delicate pink shade which is overlaid with tones and reflections of a warm cream color.

1132 Peach Blossom A most aptly named variety. It has all the loveliness of a peach blossom.

1133 Swansdown The soft loveliness of the magnificent pure white blooms won this variety its descriptive name.

Any of the above:

Pkt. 30c; $1/16$ oz. 40c; $1/8$ oz. 65c.

1134 Mammoth Peony Flowered Mixed Colors

The four colors shown at left are included in this gorgeously colored mixture, just the right proportion of each for the finest showing. **Pkt. 25c; $1/16$ oz. 35c; $1/8$ oz. 60c.**

5058 Collection

Mammoth Peony Flowered Asters

One Packet each: **Azure Fairy, Maiden's Blush, Peach Blossom, and Swansdown** (value \$1.20) for **90c** only.

1068 Indian Summer— an Ostrich Plumed Aster

Bright, rich terra cotta rose. A color that is not available in any other type of Asters, and which displays its coppery richness to perfection in the long, narrow plumed petals. The fine flowers average more than 3 in. across, and they are borne most prolifically on the sturdy, branching plants. They run true to form and with age take on an intensified coppery glow. The unusual color will make you enthusiastic about Indian Summer. It has a warmth and glow that makes it always one of the brightest, loveliest flowers in the garden. **Pkt. 10c; $1/16$ oz. 25c; $1/8$ oz. 40c.**

The Novel and Lovely 1211 Apricot

The more delicate shades are as much in favor with gardeners as the deeper colors are and we are, therefore, certain that this new and rather late-flowering Aster with its lovely apricot-colored blooms will find many admirers. Apricot belongs to the attractive Rose-flowered type of Asters which produce their gorgeous flowers late in the season after most other Asters have passed their prime. In common with others of this type, Apricot is quite hardy and will often flower freely after the first light frost has ruined other garden flowers. The flowers really are quite peony-shaped. They are extra long-stemmed and are produced in quantities on plants which stand $2\frac{1}{2}$ ft. tall. **Pkt. 40c; $1/16$ oz. 60c; $1/8$ oz. \$1.00.**

The above flower illustrates to perfection the form of the Peony-shaped Aster. This class is new, but is proving its great value to florist and home gardener alike.

Vicks American Asters

Vicks Peerless Pink Asters

Vicks Superb Peerless Asters

1206 Peerless Pink Its pleasing delicate color might be called an "improved shell-pink." Their long, strong and wiry stems make the blooms excellent for cutting. Peerless Pink produces its large, globular, very double flowers quite late in the season. It has the same vigorous and tall growth as plants of the Branching Asters. **Pkt. 15c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.**

1207 Peerless Yellow This is by far the finest yellow Aster yet grown. It is large, remarkably full, and ball-shaped. It is so double that it produces little seed and thus has remained a rarity. We are one of a few seed houses which can supply the seed of this, the finest of our introductions. It is real—wholly unlike any of the so-called "Yellow" Asters. **Pkt. 25c; 1/16 oz. 45c; 1/8 oz. 75c.**

1208 Vicks Pink Enchantress

One of the Best Known Asters

A splendid Aster, introduced by us quite recently. Pink Enchantress is greatly prized by our customers and large quantities are grown by commercial florists. The large flowers are a delicate pink like those of Pink Enchantress Carnation. They are carried on strong upright plants. Few things can equal in beauty a vase of these Asters. Their splendid color keeps exceptionally well. **Pkt. 15c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.**

1200 Vicks Autumn Glory

A marvelously beautiful variety, lovely pure sea-shell pink. Similar to Semple's Pink in color, Autumn Glory has a better, more substantial flower, a deep and longer keeping color, a stronger type of plant. The flowers are very large, double, and are borne on stems of unusual length. It is the latest blooming of all Asters, prolonging the Aster season by two weeks. **Pkt. 15c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 90c.**

Those special individual varieties which are distinct in themselves and are not classed as belonging to any specified group of Asters are included under this particular heading. All are favorites and have unusual merit.

Vicks Famous

1203 Heart of France

The World's Most Popular Aster

Originated on our own Aster Farms. This gorgeous flower is of such rich glowing red that no one can possibly pass it by. Ever since introduced Heart of France has enjoyed unrivalled popularity throughout this country and abroad. When we named it, the Ambassador of France, afterward President of that republic, wrote us of his appreciation of the tribute. The color is as brilliant as a ray of sunlight caught in a sparkling ruby. The flowers are large and full, borne on plants of the branching habit. **Pkt. 15c; 1/16 oz. 20c; 1/8 oz. 35c; 1/4 oz. 60c.**

1204 Vicks Lavender Gem

Quite distinct from other varieties, Lavender Gem is one of the very earliest Asters of value for outdoor planting. The color is an exquisite silvery white with pale lavender tones. With age, the color deepens, becoming almost azure blue. The flowers have long curled petals like a shaggy Chrysanthemum, which they closely resemble. The bushes have the upright habit of growth. They are rather low-growing, standing only about 18 inches high. **Pkt. 15c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.**

1205 Peerless Blue This variety with its clear, rich color is the finest blue Aster yet introduced. The large, full, double flowers with their gracefully curved petals are produced in such profusion as to almost hide the foliage. They have very long stems. A blooming plant is really a magnificent sight not to be forgotten. **Pkt. 20c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.**

Vicks Silvery Asters

Delicate threads of glistening white give these Asters their silvery sheen. The curling petals display the frosty white of their lower surfaces.

1209 Silvery Pink

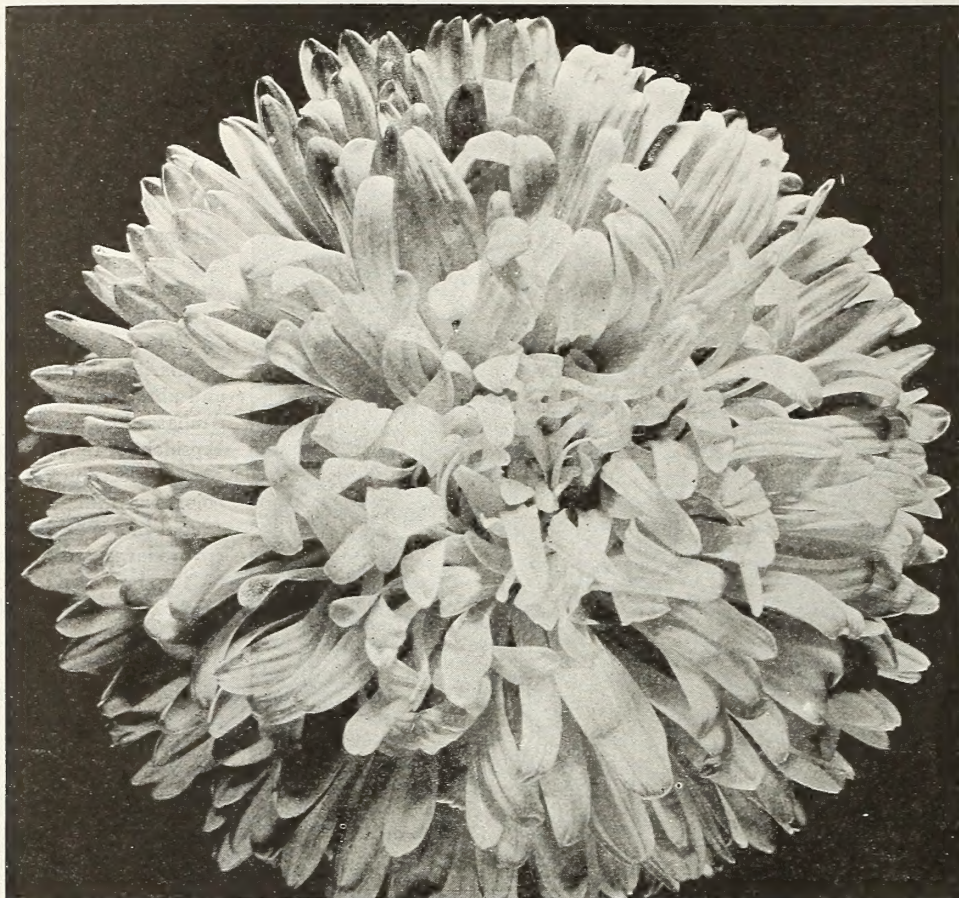

Exquisitely beautiful—glistening pink overlaid with a delicate silvery sheen. Each petal actually has the same color from base to tip, but massed in the enormous double bloom, the heart appears a warm glowing pink, and the rest of the flower almost white, the whole effect of which is indescribably beautiful. The flowers are freely borne on long, strong stems. **Pkt. 25c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.**

1210 Silvery Rose

This is the original Silvery Aster. The flowers are of good size, each petal a charming combination of deep lilac rose—almost cerise—with the silver threading. The plant of this unique Aster is of the Branching type with very robust, long stems. No other Asters can create an effect lovelier than these with their color enhanced by a silvery sheen. **Pkt. 15c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.**

Select varieties blooming in succession for Asters from July to Frost.

Vicks Late Branching Asters

Late Branching Shell-Pink

Vicks Late Branching Asters are in demand wherever the finest Asters are wanted. The flowers are truly immense. Their broad petals are closely massed to form solid, globe-shaped flowers. The slight whorling or disarray of the innermost petals makes the flowers double to the very center. The blooms are exquisite, somewhat like fluffy Peonies. They are borne in luxuriant profusion all during the fall.

1016 Azure Blue The blooms are a lovely, clear rich azure blue of remarkable depth and purity. Highly valued by both amateur and professional gardeners. Blends well with other colors.

1017 Crimson Beautiful, ball-shaped, rich glowing red flowers on long, strong stems. They are always admired for their rich color. Its color and excellent shape make Crimson a favorite.

1018 Dark Blue Lovely blue flowers of even a deeper shade than the purple Late Branching.

1019 Deep Rose This fascinating shade of rich rose has gained a really tremendous popularity of which it has, however, proved itself deserving. The flowers are large and double up to the very centers. There are quantities of them on every one of the sturdy plants.

1020 Lavender This beautiful variety has immense flowers of the clearest deep lavender. This Lavender has our highest recommendation for use by all gardeners, professional and amateur alike.

The stems of our Late Branching Asters are very long, often measuring 2 feet, which is noteworthy when selecting Asters to use for cutting. This is probably the most widely grown of all the Asters we have introduced. We take great care to maintain the quality of our strain, by selection for seed of only the finest, most perfect flowers from the strongest, healthiest plants.

1021 Lavender-Pink While the flowers are almost pure white when they open, they quickly change to the beautiful lavender-pink. The color, while rather delicate, nevertheless is quite showy. Very free-flowering.

1022 Shell-Pink (*Mary Semple*) This Aster is easily the most famous of the Late Branching Asters, and many consider it the most beautiful. The color is an exquisite shade of delicate light shell-pink.

1023 Peach Blossom Large, very double flowers of a beautiful shade of peach-blossom-pink. This Aster blooms later than the others of this class. Many customers have written us of their fine results with Peach Blossom.

1024 Purple Magnificent rich velvety purple flowers of beautiful shape and large size. They are always fully double.

1025 Snow White This color comes into bloom later than all others of the Branching type. White Asters are always popular and much admired, and this variety, with its showy pure white blooms, is one of the best. Strong plants blooming up to frost.

Price

Any of the separate colors:
Pkt. 10c; 1/16 oz. 20c; 1/8 oz. 30c.

1026 Vicks Late Branching Asters All Colors, Mixed

All the separate colors in a splendid blend. This mixture promises a wealth of bloom during August and September. Sow the seeds in boxes during March or April and transplant to the open in May/June. Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c; 1/2 oz. 70c.

5041 Special Collection Vicks Wonderful Late Branching Asters

We have selected the 6 most popular colors for this collection and are offering them at a special price. The collection contains: Azure Blue, Crimson, Deep Rose, Shell Pink, Purple, and White.
1 pkt. each (Value 60c)
6 pkts., for only **40c**

Vicks Royal Asters

Early Branching

Vicks Royal Aster, White

This is an early-flowering Aster of branching habit, its flowers following those of the Queen of the Market. The blossoms are double, averaging $3\frac{1}{2}$ inches across. Their very broad petals are curved inward toward the center. The flower stems start from the base of the plants, assuring long stems for cutting. The plants grow 2 to $2\frac{1}{2}$ feet tall, producing an abundance of bloom.

1170 Deep Rose
1171 Lavender
1172 Purple

1173 Rose-Pink
1174 Shell-Pink
1175 White

Any of the above colors:

Vicks Royal Asters

Contains the 6 splendid colors in this class: Deep Rose, Lavender, Purple, Rose-Pink, Shell-Pink, and White.

One pkt. each, (value 60c) for.....

35c

1201 Vicks Sensational Black Knight

This Aster is of the darkest and most unusual shade ever developed in this class of flowers. A faint glow of red gives it a rich velvety beauty and prevents its being jet black. It wins instant admiration in bouquets or in garden plantings. The plants are vigorous; the flowers are of medium size and well filled. **Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 55c.**

How to Handle Asters for Market

Asters find ready sale as cut flowers. Much of our huge sale of Aster seed is with commercial growers, who know by experience that Vicks Aster seed gives the finest flowers which always find a ready market. Those who grow Asters commercially know that even first-class flowers find poor sale if not well arranged and cared for. The flowers should be cut when nearly open, and placed in water overnight or for at least several hours. All flowers of the same quality, stem length, etc., should be bunched together. The leaves should be stripped off the lower 3 inches of each stem. A bunch of Asters contains 26 blooms and should be tied securely about 2 inches from the bottom. While the above recommendations are made chiefly for sale to florists, equal care will result in quicker sales of Asters and more satisfied customers at roadside stands, etc. Besides his fall sale of cut flowers, the reputable Aster grower finds a ready market for young Aster plants in the spring.

Improved California Giant Asters

One of the newer Asters and one of the most perfected. The flowers are comet type, feathered and fluffy, and are huge and deep. They are like Japanese Chrysanthemums, so curled, so entwined and feathery are the petals of the flowers which are often 5 inches or more in diameter. These flowers are especially valuable for cutting because of their stems being so long—often 1½ to 2 feet with a frequent length of 30 inches. They bloom in midseason.

1080 Dark Purple Exhibits great intensity of color.

1081 Deep Rose Quite an attractive shade. The brilliant color spreads through the perfectly formed flowers forming delightful light and dark tints.

1082 Light Blue This soft color makes a particularly attractive flower.

1086 Light Purple There is a silvery glow about this flower which is warm light purple. You will be delighted with the pleasingly feathery flowers.

1083 Peach Blossom Opens white, flushed peach-blossom-pink when in full bloom.

1084 White The flowers are most elegantly fringed. This white in its purity and freshness is undoubtedly the most beautiful of all in this class.

Any of the above:

Pkt. 15c; 1/16 oz. 30c; ½ oz. 50c.

1085 Improved California Giants, Mixed This mixture will make a planting of which you will be especially proud. All the above colors are included. **Pkt. 10c; 1/16 oz. 25c; ½ oz. 45c; ¼ oz. 80c.**

The Improved Giants of California stand at the head of the list, not only for florists' use, but for private gardens as well. Wherever quality is appreciated the big Chrysanthemum-like flowers will command admiring attention. The plants bloom from early July to frost.

Vicks Perfection Asters

The flowers are of exquisite form, resembling Peonies. They are quite double, showing a decided whorl-like arrangement of the petals in the very center. The plants are quite tall and stately, and are extremely vigorous with unusually broad, dark green leaves and stout stems. Perfection is an excellent midseason Aster.

1120 Crimson Richly colored, beautifully formed flowers on long stems.

1121 Lavender Light true lavender.

1122 Purple The richest color imaginable combined with largest size.

1123 Rose Great globular flowers of the deepest, brightest Rose.

1124 Shell-Pink Large double flowers on tall slender plants.

1125 White This is easily the finest white midseason Aster in cultivation. Its flowers average 4 inches in diameter.

Any of the above colors:

Pkt. 15c; 1/16 oz. 30c; ½ oz. 55c; ¼ oz. \$1.00.

1126 Vicks Perfection Asters, All Colors Mixed

A splendidly colorful assortment. **Pkt. 10c; 1/16 oz. 25c; ½ oz. 45c; ¼ oz. 80c.**

Aster lovers delight in the magnificent form of Vicks Perfection.

5067 Collection

Six Perfection Asters

Descriptions given above will acquaint you with what to expect from each of the 6 packets contained. There is one packet each of: Crimson, Purple, Lavender, Rose, Shell-Pink and White, (Value 90c)...

75c

Crego Asters

Giant Branching Comets

This is one of the best known and most popular of Asters. It is a midseason type coming into bloom just before the Late Branching. The flowers are huge—great fluffy balls made up of long, narrow, loosely-arranged petals which gracefully curl and interlace. Their long stems make this an excellent variety for cutting. The tall branching plants are similar in form to the plants of the Rochester Asters.

5068 Collection of Crego Asters

This collection contains 6 colors of this splendid large-flowering strain of Asters. One pkt. each: Azure Blue, Crimson, Shell-Pink, White, Purple and Lavender. **40c**
(Value 60c)

1060 **Azure Blue** All that the name implies.

1061 **Crimson** Handsome flowers.

1062 **Deep Rose** Rich and velvety.

1063 **Lavender** Delicately beautiful.

1064 **Purple** A color you will like.

1065 **Shell-Pink** Distinct clear pink.

1066 **White** Elegantly fringed white flowers.

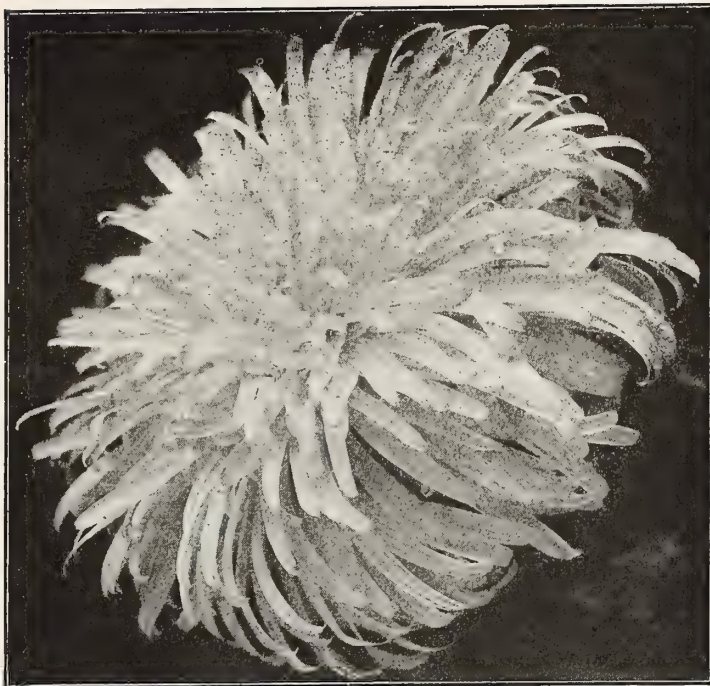

Any of the above separate colors:

Pkt. 10c; 1/16 oz. 20c; 1/8 oz. 35c.

1067 Crego Asters in a

Wonderfully Colorful Mixture

Gay and lovely, these plummy flowers are always favorites. The mixture is made up carefully, and wherever planted will give glorious flowers in a veritable riot of color. **Pkt. 10c; 1/16 oz. 20c; 1/8 oz. 30c; 1/4 oz. 50c; 1/2 oz. 85c; oz. \$1.50.**

A Crego Aster

Vicks King Asters

King Asters are favorites with many Aster growers, and are highly prized in the small home garden. The large-sized flowers with their long, narrow, much folded petals which seem quilled, have distinctive beauty and are of bold and most striking appearance. The plants are large, the flower stems strong, which are reasons why King Asters are in demand for cutting. The flowers also last longer than most varieties.

1100 Crimson No flower in the garden will be more striking.

1101 Lavender Large graceful flowers.

1102 Lavender-Pink Delicately beautiful.

1103 Prince of Wales Deep blackish blue, one of the darkest of Asters.

1104 Rose A brilliant shade making a gorgeous flower.

1106 Violet Immense flowers of rich violet-purple. The original King Aster.

1107 White Artistically quilled, and of graceful form.

Any variety above:

Pkt. 10c; 1/16 oz. 25c; 1/8 oz. 35c.

1108 King Asters, Mixed

Artistic. Quite the best Aster mixture for cut flowers in the home garden. **Pkt. 10c; 1/16 oz. 20c; 1/8 oz. 30c; 1/4 oz. 50c.**

5066 Collection of Five Favorite King Asters

This delightful assortment contains one Pkt. each: Rose, Prince of Wales, Violet, White, and Crimson. These 5 packets, with a value of **25c** 50c, will be sent for

King Aster, White

**1225
Vicks
Novelty Aster Mixture**

Anyone interested in growing flowers will be delighted with this assortment. It is a wonderful mixture of all classes and colors. Besides its value for garden display it will provide a supply of cut flowers through late summer and early fall. The seed for this mixture was saved on our own experimental grounds where the fascinating work of improving old varieties and developing new ones is carried on. It is a mixture which will give you the best and most unusual varieties at the least cost. **Pkt. 15c; 1/8 oz. 50c; 1/4 oz. 85c.**

Queen of the Market, Flesh Pink

Queen of the Market

This is the earliest of all Asters. It comes into bloom in July and is most useful to the grower of cut-flowers. The branching plants grow about 20 inches high, their beautiful flowers being quite large, nearly round and elegantly formed. The long slender stems further recommend this variety for cutting purposes. Our strain is of the best.

1135 Crimson	1139 Flesh Pink
1136 Dark Blue	1140 Purple
1137 Light Blue	1141 Scarlet
1138 Deep Rose	1142 White

Any of the above colors:

Pkt. 10c; 1/16 oz. 20c; 1/8 oz. 30c.

1143 All Colors Mixed, Queen of the Market

A mixture which will provide the very first Aster flowers. **Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c; 1/2 oz. 70c.**

5056 Vicks Special Collection

Six Queen of the Market Asters

One pkt. each: Purple, Light Blue, Scarlet, Flesh Pink, Deep Rose, and White. (Value 60c) for..... **45c**

American Beauty Asters

This strain starts flowering just before the Late Branching. The flowers are thick and double with incurved petals and often 4 ins. or more in diameter. Their colors are especially lovely. They have stems 15 to 20 ins. long which increases their value for cutting. The plants are of branching habit and grow 2 to 2½ ft. tall.

Black Prince Aster

1202 Black Prince (illustrated above)

Unique and sensational. The color is rich blue-black. Broadly branching plants with an abundance of fairly long flower stems with unusually little foliage and but few laterals. Flowers of medium size and good quality. **Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 55c.**

1037 Azure-Blue	1041 Purple
1038 Carmine-Rose	1042 Rose
1039 Crimson	1043 Shell-Pink
1040 Peach Blossom	1044 White

Any of the above:

Pkt. 10c; 1/16 oz. 25c; 1/8 oz. 40c.

1045 Vicks American Beauty Aster Mixture

Colorful. **Pkt. 10c; 1/16 oz. 20c; 1/8 oz. 35c; 1/4 oz. 60c.**

5051 Vicks Special Collection

American Beauty Asters

One Pkt. each: Crimson, Purple, Rose, White,
(Value 40c).....

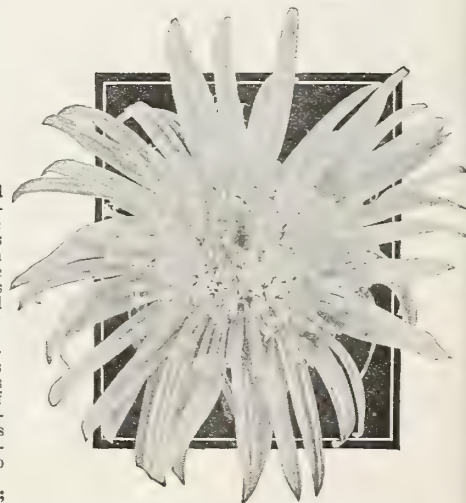

25c

California Giant Sunshine Asters

1240 Finest Mixed

These wonderfully improved Sunshine Asters produce plants 18 inches tall with long stemmed large flowers. The blooms have long, backward curling outer petals with a cushion-like center of quilled, star-topped florets. This mixture contains quite a variety of lovely colors, including many fine shades of pink, rose, lavender, and purple, also white.

Pkt. 20c; 1/16 oz. 35c; 1/8 oz. 65c.

A Giant California Sunshine Aster

Wilt-Resistant Asters

For a Healthy Planting

Though all of our Asters have shown, in the past, a decided resistance to Wilt, these special strains have been selected for their immunity to the disease. If you have found Asters difficult to grow; if your plants have wilted, turned black and died, then these are the strains for you to plant.

Aster Wilt is caused by a fungus parasite which lives over in the soil for years, attacking the Aster plantings season after season. There is no practical remedy or fungicide available to control it, but now even on seriously infected soil, a healthy planting can be had.

These Wilt-Resistant strains are the result of years of careful scientific labor. Asters were grown on the sickest, Wilt-Infested soil. The seeds of those plants which did not contract the disease were saved, then planted on diseased land, and again the healthiest plants were saved for seed. This method of careful plant selection has yielded these hardy strains.

Our Wilt-Resistant strains make it possible to have a gorgeous display of Asters in every garden, with plenty of beautiful flowers for cutting. These varieties are not immune to the Yellows disease.

Wilt-Resistant Rochesters

The most gorgeous of Asters in a wilt-resistant strain. This strain of selected seed makes it possible, even on the most diseased land, to grow the big feathery favorites. Even the illustration inside the front cover cannot do the flowers justice. Grow them in your own garden to really appreciate the highest development in Asters.

1163 Heart of Rochester
1164 Rose Rochester

1165 Lavender Pink Rochester
1166 Shell Pink Rochester

1167 Purple Rochester
1168 White Rochester

Any of the above:

Pkt. 35c; 1/16 oz. 55c; 1/8 oz. 90c; 1/4 oz. \$1.50.

1169 Mixture Pkt. 25c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.

Queen of the Market Wilt-Resistant

The earliest Asters always seem the most beautiful. Plant Queen of the Market, wilt-resistant, for best success with early Asters.

1226 Crimson
1227 Dark Blue

1230 White

1228 Purple
1229 Scarlet

Each of the above separate colors:

Pkt. 25c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.

1231 Mixed The above colors, wilt-resistant, in a carefully compounded mixture. Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.

Wilt-Resistant Royal Asters

Handsome flowers, in bloom just after the early Queen of the Market.

1180 Dark Lavender
or Azure Blue
1181 Deep Rose

1182 Lavender Pink
(Peach Blossom)
1183 Purple

1184 White

Any color above:

Pkt. 25c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.

1185 Mixed Colors Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.

A Wilt-Resistant Strain of the Late-Branching Asters

Not only selected for wilt-resistance, but for the finest, most perfect plants which will produce largest flowers and longest stems. A wonderful strain yielding big, desirable cut flowers.

1251 Azure Blue

1252 Blackish Blue

1253 Crimson

1254 Deep Silvery Rose

1255 Light Rose

1257 Purple

1258 Shell Pink

1259 White

Any color above listed:

Pkt. 25c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.

1260 Mixture Lovely colors. Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c; 1/4 oz. 85c.

1256 Peerless Pink—Wilt-Resistant

Delicate, lovely color, that has a bit more depth and flush of pink than Shell-Pink, makes this one of the loveliest, and certainly a very popular Aster. Pkt. 25c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.

1213 Heart of France—Wilt-Resistant

We are pleased to be able to offer this beauty in a wilt-resistant strain, thus making it possible for so many more Aster lovers to grow this famous red. Largest flowers of deepest scarlet, with long stiff stems for cutting. Pkt. 25c; 1/16 oz. 35c; 1/8 oz. 60c; 1/4 oz. \$1.00.

Calendula-1612 Sunshine

(Illustrated above)

Radiant, loose-petaled, free-flowering—as fine a flower as we have ever seen. Sunshine was selected by expert judges as the most outstanding of this season's new flowers. Bright canary-yellow, the Aster-like blooms 4 in. and more across are light and graceful on their long, stiff stalks. Highly ornamental in the open, and fine to cut. **Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.**

Calendula-1610 Art Shades

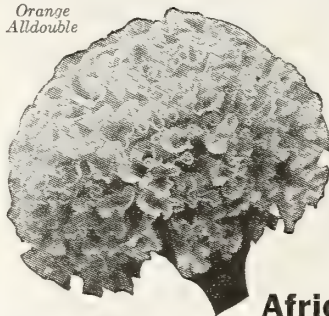

There's a wide range of gorgeous colors here—all the many tones and shades obtainable in Calendulas. There is every conceivable tint from almost pure white through cream and buff to yellow and deep orange. Makes a wonderfully showy planting, and gives fine flowers for cutting. **Pkt. 20c; 1/4 oz. 50c; 1/2 oz. 85c.**

Calendula-1611 Sun Gleam

Surely the richest and loveliest color possessed by any Calendula—very deep tangerine-orange with a brown eye, and with petals slightly edged with brown. Once tried, this variety will be sown season after season. **Pkt. 15c; 1/4 oz. 50c; 1/2 oz. 85c.**

The Newest Marigolds

Orange
Alldouble

2329 Fire Cross

A dwarf single French Marigold, and a beauty. The blooms are deep orange yellow with each of the 8 petals marked with a crimson-maroon blotch. Grows about a foot tall, the flowers an inch or so across. Undoubtedly one of the most useful flowers for edging purposes. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

African Alldouble

2304 Orange Bright, richly-colored, perfectly-formed, ball-like double flowers. **Pkt. 15c; 1/8 oz. 40c.**

2305 Lemon Very showy. The most perfectly formed, intensely double of the Marigolds. **Pkt. 15c; 1/8 oz. 40c.**

The Very Best and Newest Flowers

These are the cream, the choicest tidbits, the "new" flowers which are truly different, together with flowers which show marked improvement over familiar forms. Included are several varieties that were "novelties" in 1933, so meritorious that we are listing them again. On Page 11 are Asters, especially valuable because of their resistance to the wilt disease. The flowers from South Africa have proved themselves easily grown, delightful additions to any garden.

California Poppy • *Eschscholtzia*

1961 Ramona ® While there are many other California Poppies, numerous of which are very beautiful, we feel certain that you will find Ramona most brilliant and colorful of all. It is brightest copper-gold, and shaded throughout with rich pink. The blooms are very large with handsomely frilled petals. **Pkt. 15c; 1/4 oz. 50c; 1/2 oz. 85c.**

Cape Chincherichee

2495 Ornithogalum thrysoides From South Africa comes this close relative of the familiar Star of Bethlehem. It forms dense spikes, made up of 30 to 40 starlike, white flowers, each measuring an inch across. New blooms continue to unfold as the lower ones wither, keeping the spike in bloom for a long time. Flowers the third year. Take the bulbs up over winter. **Pkt. 20c; 1/32 oz. 50c; 1/16 oz. 85c.**

Dwarf Plume-Celosia Lilliput

1705 Fire Feather

Fire Feather brings a new popularity to Celosia. Now Celosia graces the plantings of the largest estates, and its plumes decorate the most magnificent hotels. Only 12 in. high Fire Feather has 15 to 20 branches, each topped with brilliant red feathery plumes. The plants all make very even growth. **Pkt. 20c; 1/16 oz. 75c; 1/8 oz. \$1.25.**

1706 Golden Feather

Use this for bedding. It will give a sweep of identically tall, dark golden-yellow plumes. Use it for pots, and use it with equally good effect for porch or house decoration. Decorates large halls, etc., to greatest advantage. Golden Feather is identical with Fire Feather, save in color. A planting of the two together is most effective. **Pkt. 20c; 1/16 oz. 75c; 1/8 oz. \$1.25.**

Exciting New Varieties for your Garden

Beautiful though they may be the "old favorite" flowers will not receive half the attention that your friends will give to your planting of "new" flowers. Then too the growing of new, untried plants has all the fascination of creative work. The flowers here offered were selected for their ease of culture as well as their charm. They are well adapted to planting in most any part of the country. Choose from this list for most satisfactory results.

Felicia • Kingfisher Daisy

1989 Bergeriana Most of the Felicias grown heretofore were greenhouse plants but this new variety will give a splendid display in the garden. It has showy Daisy-like flowers $\frac{3}{4}$ in. across, of a beautiful rich blue shade. These flowers are set against graceful foliage. **Pkt. 20c; 1/16 oz. 80c.**

*Blue
Bedder,
the lovely
New Salvia*

Salvia — Blue Bedder

2718 Farinacea This annual free-flowering Salvia grows $2\frac{1}{2}$ to 3 ft. tall with its elegant, long, graceful flower spikes set with lovely rich blue flowers. They are excellent for garden display and splendid for cutting. The plants are covered with flowers by early fall and continue to bloom until frost. **Pkt. 20c; $\frac{1}{8}$ oz. 75c.**

The Lovely New Godetia

2041 Sybil Sherwood Quite the loveliest flower imaginable—a glorious shade of bright salmon-pink relieved by an irregular edging of white. Robust, strong-stemmed plants often 20 in. tall, with the foliage hidden from view by the freely-borne flowers. Admirably suited for borders and, for potting. **Pkt. 20c; $\frac{1}{8}$ oz. 75c.**

New Petunias

2594 Queen of the Market

Wavy, medium-sized blooms of the deepest carmine red and scarlet hue lending intense, sparkling brilliance. These flowers are beautifully shaped, and average about $3\frac{1}{2}$ in. across. Such radiant color cannot escape attention—and Queen of the Market is sure to be admired wherever it is planted or displayed. **Pkt. 35c; 1/128 oz. \$1.00.**

2595 Setting Sun

Attractive little compact bushes about 12 inches high, which become completely covered with the brilliantly rose-pink, beautifully fringed blossoms. These flowers measure about 3 inches across. Setting Sun Petunia makes an excellent border plant, besides being an ideal plant for potting. Classed as a Dwarf Fringed Petunia. **Pkt. 40c; 1/128 oz. \$1.35.**

*These flowers are
fine for cutting*

Dwarf Dahlias

1929 Unwin's Dwarf Hybrids

These Dahlias come from seed just as readily as Asters and Zinnias and almost as quickly. There are singles as well as semi-double flowers like the above, on plants about 24 in. tall. There is a variety of color, with reddish-orange the predominating shade. The foliage is finely cut, glossy green, and most attractive. Started in March, the plants begin to bloom in June. **Pkt. 25c; $\frac{1}{8}$ oz. 75c; $\frac{1}{4}$ oz. \$1.25.**

The New Double Nasturtium

2403 Golden Gleam Undoubtedly the most sensational new flower. Rich golden yellow in color, and possessed of an intriguing fragrance, it is certainly deserving of the popularity that it has gained. The double, well-rounded blooms are borne on 6 inch stems, well above the attractive foliage. Blooms till frost. **Pkt. 15c; $\frac{1}{2}$ oz. 20c; oz. 35c.**

5385 Collection of

4 LOVELIEST NEW FLOWERS

Easy to Grow

And offered at a special low price to induce more of our customers to try some of these fine annual flowers. The collection contains 1 packet each of:

Marigold, Fire Cross Petunia, Queen of the Market
Dahlia, Unwin's Dwarf Salvia, Blue Bedder
Hybrids

(worth 95c) A real value for only..... **50c**

New Giant Scabiosa

New Giant Scabiosa

2738 Vicks Giant Hybrids All other Scabiosas are outclassed by these Giants, and we predict for them the greatest popularity. They surpass all existing strains in size of flowers, and in richness of color. This marvelous strain of Scabiosas was bred for completely double, quite round flowers. The blooms measure about $2\frac{1}{2}$ in. in diameter. Long, strong stems add to their merit as cut flowers. Annual. **Pkt. 25c; $\frac{1}{8}$ oz. 45c; $\frac{1}{4}$ oz. 75c.**

Sweet Peas New and Most Beautiful

It is surprising what lovely blooms and what marked improvements, each years' Sweet Pea introductions bring. 1934 varieties exhibit more blooms on a stem, more frilled and ruffled petals.

Summer-Flowering Sweet Peas

3206 Anglo

Rather unique and certainly very charming in its coloring; note above, the beautifully waved and duplexed form of the flowers. Opens a subdued yellow, with pink edgings on the standard and wings, and a pink reverse. **Pkt. 25c; 1/2 oz. \$1.35.**

3207 Atlantic

Soft Geranium-pink, with a pervading suffusion of amber. Charm is added by the cherry-pink net-like lacing over the blooms. The color seems to be even more beautiful and distinct under artificial light. **Pkt. 25c; 1/2 oz. \$1.35.**

3409 Ruffled White

So white, so doubled and ruffled, and so very large, and rigidly held aloft on their stiff stems, the flowers are like bits of starched white organdie. Often there are five of the big blooms artistically placed on a long, wiry stem. Exhibits the greatest refinement. **Pkt. 30c; 1/2 oz. \$1.35.**

Early-Flowering Sweet Peas

3110 Burpee's White

Magnificently large, pure white flowers. There are four of these beautifully frilled flowers displayed on each of the long, substantial stems. The flowers are of such good size, so well formed, and it is such a vigorous grower, that this variety cannot be too highly recommended. **Pkt. 25c; 1/2 oz. \$1.25.**

3165 Peachblow

A ruffled and frilled Early-flowering Sweet Pea. Peachblow is the true combination of delicate, apparently fragile charm with underlying strong substance. Of surpassing beauty, the flowers have a cream ground, becoming intense rose, however, at the edge of the standard. An elusive amber sheen overlies the whole flower. Already a commercial favorite. Peachblow forms vigorous plants with long stems. **Pkt. 25c; 1/2 oz. \$1.25.**

New Snapdragons Bigger Blooms — Better Colors Large-Flowered, Semi-Tall

1331 Royal Purple A striking and unusual color. Long, dense spikes of bloom with each flower of the largest size. Robust, free-blooming plants. **Pkt. 40c; 1/16 oz. 75c.**

1332 Ruddy Glow A radiant glowing orange-scarlet shade. Because the plants are so uniform in shape, so bushy and compact in growth, Ruddy Glow is a favorite for bedding. Strong and sturdy. **Pkt. 75c; 1/16 oz. \$1.45.**

Majestic, Semi-Tall

1370 Dawn O'Day Massive spikes of flowers which open pale rosy pink rapidly developing into pure apricot suffused with gold. Upright growing. **Pkt. 30c; 1/16 oz. 75c; 1/8 oz. \$1.25.**

1371 Primrose Princess Beautiful primrose-yellow, the color deepening toward the center of the blooms. Excellent for bedding. Has a long blooming period. **Pkt. 30c; 1/16 oz. 75c; 1/8 oz. \$1.25.**

Statice

2766 Sinuata, Compact Blue This new variety of Statice is bound to displace all others of the same color on account of its greatly increased vigor, showier blooms, and richer coloring. Through careful plant selection the originator succeeded in developing compact plants of exceptional vigor with beautiful deep violet-blue flowers arranged in large showy racemes. The compact growth and free blooming habit make it desirable for garden and for winter bouquets. **Pkt. 20c; 1/4 oz. 50c.**

Ursinia . Jewel of the Veldt ®

2875 Anethoides Myriads of lovely Daisy-like blooms, each with a small dark center surrounded by graceful bright petals arranged in starlike fashion. At the base of each flower petal there is a glossy, jet black spot. The lovely, very finely cut graceful foliage provides a fine background for the flowers. Plants 1 ft. tall, blooming up to frost. Introduced from South Africa. **Pkt. 20c; 1/16 oz. 50c.**

Verbena

2921 Beauty of Oxford Hybrids ®

Shades ranging from clear rose-pink to deep rose-red, make this the brightest rose Verbena ever produced from seed. The individual flowers often measure over 1 in. in diameter. They combine into magnificent large flower trusses. These Hybrids are the result of a most successful cross between Beauty of Oxford (does not seed) and Luminosa. Gorgeous blooms from mid-summer to frost. **Pkt. 25c; 1/16 oz. 60c.**

Plant these Perennials—*The Best for 1934*

Easy to grow from Seed

When you sow the seed of Perennials, you are preparing for added beauty to your garden for many years to come, beauty springing from only a little care and attention. Every one of these Perennials is outstanding in its way. So different and individual is every variety that they will add charm and distinction to any garden. Cultural directions to help you in growing the seed are printed on each packet.

(R)—Useful in the Rock Garden

A New White Columbine

Aquilegia — 3535 Edelweiss

This is one of the very earliest spring-flowering plants. The plants grow 16 to 20 inches tall, and are covered with the large, erect, snow-white blossoms. Edelweiss, famous as the name of the desired Alpine plant, translated means "noble white." It is lovely for growing in perennial beds, in borders, and is especially well suited to growing at the base of the rockery. Aquilegia Edelweiss is an importation from France, and is certainly one of the most refreshingly lovely new flowers that we have been able to offer our customers in many years. The white flowers are lent lovely contrast by the handsome, finely-cut dark foliage. **Pkt. 20c; 1/16 oz. 60c; 1/8 oz. \$1.00.**

3733 Torchlight (illustrated above)

An Improved Gaillardia

Crimson and gold—brilliant, rich, strong-growing, it is well named. The central portion of the flower is crimson-maroon, banded with gorgeous golden-yellow. Its habit of growth is a great improvement over that of other Gaillardias—with its stiff and rigid stems which hold the flowers well aloft. The plants are compact, making growth 2 to 2½ ft. high. Flowers freely throughout the summer. **Pkt. 20c; 1/16 oz. 45c.**

For the Rock Garden

Candytuft — 3602 Delicate Pink (R)

The rock-garden plant supreme! The plants are only 4 inches tall, and are covered during late spring and summer with attractive light pink flowers. Its dwarf, compact habit of growth makes it ideal for perennial borders and beds, and for low edgings. So novel are the tiny plants with their showy blooms that they always attract attention. **Pkt. 20c; 1/8 oz. 65c.**

A Lovely Perennial Pink

3705 Dianthus Highland Hybrids (R)

A delightful novelty. There are myriads of color combinations with the charming single flowers exhibiting markings of crimson with salmon, rose or pink, white with eye, etc. This new, distinct race of Highland Pinks, seems without doubt to deserve the title of "the most brilliant Dianthus." The plants are extremely hardy, of vigorous, compact growth: ideal for bedding, for borders, and for the rock garden. There are flowers produced on the hardy plants from the end of May until fall. The perfect plant for use where a spot of permanent color is required. Very modest in its requirements. **Pkt. 25c; 1/16 oz. 55c; 1/8 oz. \$1.00.**

Sweet William — 3968 Purple Beauty

An outstanding new color

The Sweet Williams were greatly enriched by the addition of this lovely, purple variety. It is certainly a noteworthy color, and one not heretofore known in this class of flowers. The bright deep purple especially adapts it to bedding use, and this striking color promises to attain for it rapidly, popularity as a cut flower. Recently the old-fashioned Sweet William has returned to favor, and is widely planted and prized in the most modern gardens. It is now also widely grown for cutting, for which its good form and pleasant odor so well adapt it. **Pkt. 25c; 1/8 oz. 60c; 1/4 oz. \$1.00.**

Pink Perennial Baby's Breath

3752 Gypsophila pacifica

A blooming plant is a foamy mass of lovely pink. Begins to flower just after the white-flowering varieties have passed. An established plant is a dense bush, 4 feet tall. There are myriads of tiny pink flowers covering every little stem of the hardy plants. Thrives in most any soil. Do not confuse with "Statice Latifolia" which is mistakenly called "Pink Baby's Breath." **Pkt. 15c; 1/16 oz. 50c; 1/8 oz. 85c.**

Delphinium

3671 Blue Grotto A new Hardy Larkspur of stately growth and free blooming habit. The large flowers are an intense pure Indigo-blue color, glistening and sparkling with clear, rich color. They are closely set on an elegant long and strong stem. The plants grow 3 ft. tall and give a fine display in the summer garden. **Pkt. 30c; 1/16 oz. 75c.**

3672 Cambridge Blue A clear, rich, light blue Chinese Delphinium. It comes very quickly from seed, blooming freely the first season if sown in early spring. The plants are of elegant growth, averaging 2½ feet in height, with a great number of slender flower spikes. The blooms are quite large, each standing out from the flower spike a distinct individual, as is the habit of Chinese Delphinium. **Pkt. 25c; 1/8 oz. 70c.**

Burbank's Own Creations

Wonderful Flowers and Vegetables

Developed by the Famous Plant Wizard

We are proud of this opportunity to offer you the following masterly creations of Luther Burbank. These varieties were perfected in his last years by this man of genius, who, in his useful lifetime, worked on 5,200 plant species. Burbank excelled in his field of work, and his products excel in the plant world.

FLOWERS—Annuals created by Burbank

1410 Burbank Combustion—*Amaranthus* Given high rank among Burbank's introductions. Unsurpassed in brilliancy—a fiery rose-crimson—and very showy. Easy to grow. An effective hedge or border plant. **Pkt. 20c; 2 pkts. 35c.**

1009 "Fluffy Giant" Mixed—*Aster* Only the loveliest pastel shades are included. There are pinks, rose, blue and purple. The flower heads are large and loose-petaled. They are gracefully carried and beautifully displayed on their extra long stems. **Pkt. 20c; 2 pkts. 35c.**

1719 Burbank's "Plumed Knight"—*Celosia* Amazingly lovely. This *Celosia* has big showy flower heads differently and interestingly shaped. They are splendidly colored in rich shades of yellow, copper, maroon, bronze, etc. The plants are quite tall, often 5 ft. **Pkt. 20c; 2 pkts. 35c.**

1962 Crimson Beauty—*Eschscholtzia* or *California Poppy* The flowers are intense flaming crimson color and of a size exceeding that of most California Poppies. The flower stems are long, adapting them for cutting. Fern-like, graceful foliage. **Pkt. 20c; 2 pkts. 35c.**

2596 Burbank's Rosy Morn—*Petunia* Blooms of the loveliest bright pink with white throats. **Pkt. 20c; 2 pkts. 35c.**

2597 Burbank's Velvet Blue—*Petunia* Luminous, true violet-blue; deep-toned, and fragrant. **Pkt. 30c; 2 pkts. 55c.**

2613 Pastel-colored, Mixed—*Phlox* Lovely pastel colors, all of them, and ready to give the best garden display. Not only are the colors glorious, but the plants have extra large, well-rounded blooms in compact flower trusses. **Pkt. 20c; 2 pkts. 35c.**

2667 Burbank's Art-Color Mixture—*Poppies* The most graceful, dainty, and delicately-shaded little annual poppies. The flower forms are charming, many have attractively crinkled and fluted petals. The mixture contains just the right amount of each color to give a harmonious blend. **Pkt. 20c; 2 pkts. 35c.**

2745 Burbank Hybrids—*Scabiosa* Exceptionally colorful are these *Scabiosa* varieties with their blue, lavender, purple, and pink shades. The flowers are large, of true "pincushion" form, with long stems. **Pkt. 25c; 2 pkts. 45c.**

1376 Burbank Hybrid, Mixed—*Snapdragon* or *Antirrhinum* A wonderful mixture. Mr. Burbank could well have prided himself on this fine product of his labors. The colors are superb and in the mixture they are doubly charming by reason of the contrast of one shade to another. Pale gold, pinks, mauve, rose, and bronze. **Pkt. 30c; 2 pkts. 55c.**

2910 Burbank's Mayflower—*Verbena* The flowers are all shades, from deep to lightest pink. The creeping, richly green plants are lovely with both bright and pastel flowers in contrast. **Pkt. 20c; 2 pkts. 35c.**

3094 Pastel-Colored Mixed—*Zinnia* The blooms are very large, very long-stemmed, and of distinct beauty. The colors are unusual, but of unquestioned loveliness. There are coral, ivory, burnt orange, wine, apricot, and other colors of equal charm. **Pkt. 20c; 2 pkts. 35c.**

FLOWERS—Burbank's Perennials

3536 Burbank's New Hybrids—*Columbine* More and lovelier colors. **Pkt. 30c; 2 pkts. 55c.**

3661 Burbank's Hybrid—*Shasta Daisy* Certainly one of Mr. Burbank's best known achievements. The flowers are extra large, pure white, and with a small golden center. The petals of some are straight, others are twisted and curled, while some flowers are double. **Pkt. 35c; 2 pkts. 65c.**

3673 Burbank's First Prize—*Delphinium* Fine form, sturdy, colorful. **Pkt. 40c; 2 pkts. 75c.**

VEGETABLES—Burbank's Prize Creations

4391 Burbank's Iceland Cucumber Medium-sized, ivory-white oval fruits marked with pale green. Choice flavored, crisp white flesh. **Pkt. 25c; 2 pkts. 45c; 4 ozs. 75c; 4 ozs. \$2.50.**

4134 Burbank's Rainbow Chard Distinct, utterly different from other chards, it has stalks marked in green, crimson, pink, orange. The leaves are large and crinkled. A delicious succulent food. **Pkt. 25c; 2 pkts. 45c.**

4519 Golden Treasure Muskmelon Sweet, spicy, orange-fleshed, oval melon. **Pkt. 25c; 2 pkts. 45c; 4 ozs. 75c; 4 ozs. \$2.50.**

4359 Burbank's Sorghum Pop Corn Hullless, large, white grains. **Pkt. 15c; 2 pkts. 25c; 1/2 lb. 40c.**

4343 Burbank World's Wonder Corn The first ears are ripe and ready to use 59 days after sowing. 12 rows of sweet, yellow kernels. **Pkt. 15c; 1/2 lb. 35c; 1 lb. 60c; 2 lbs. \$1.00; 5 lbs. \$2.00.**

4921 The Burbank Tomato Bright crimson, medium-sized fruits, ready to use 7 to 10 days ahead of others. The smooth and thick solid fruits are heavy and meaty. A fine variety. **Pkt. 25c; 2 pkts. 45c; 1/2 oz. 60c; 1 oz. \$1.00; 4 ozs. \$3.50.**

An Opportunity

To have the finest seeds to give you the best garden that you have ever had for the *lowest prices*. You cannot get better seeds than Vicks—tested, guaranteed to grow. Never have they been offered at such low prices; prices that are much lower than those of last season. Not a single price is raised, most of them are cut below those of 1933.

In Ordering: Please—

- 1—Use the attached order sheet.
- 2—Write your name and address plainly on both order sheet and envelope.
- 3—Order by number, as well as by name.
- 4—Make your remittance in the form easiest for you, Money Order and Check being preferable.

The above will facilitate our handling your order most efficiently.

Garden Scientifically

with a

Come-Pakt Planned Garden

A Come-Pakt Garden ready for planting

Seeds are planted through each of the "holes," represented by white dots. Directions telling what seeds to plant in each of the numbered spaces come with the garden.

In a single package comes everything needed for a gorgeous, colorful garden. A garden perfect in color harmony, with plants of varying heights all artistically placed.

The Come-Pakt Planned Garden is ready for use. There is a piece of Mulch Paper (see above) which is the garden pattern. Seeds are planted through holes in this paper as directed by complete detailed instructions. Also included are: packets of flower seeds, the correct amount of Vigoro Plant Food, as well as wire and staples with which to hold the pattern in place. Everything comes in a package consisting of a round cardboard tube about 2 in. in diameter. We pay postage.

All Come-Pakt Gardens are 10 feet long

No. 1 Come-Pakt Garden (18 inches wide) Price \$1.00. Contains 8 varieties of flower seed, plant food, etc.

The flowers are: *Portulaca*, Double Mixed; *Alyssum*, Little Gem; *Candytuft*, Rose Cardinal; *Ageratum*, Blue Perfection; *Anchusa*, Blue Bird; *Petunia*, Balcony, Deep Violet Blue; *Phlox Drummondii*, Mixed; *Zinnia*, Lilliput Salmon-Rose.

No. 2 Come-Pakt Garden (24 inches wide) Price \$1.50. Contains 12 varieties of flower seed, plant food, etc.

The flowers are: The above 8 varieties in addition to *Calliopis Drummondii*; *Centaurea Cyanus*, Double Blue; *Centaurea Cyanus*, Double Rose; *Calendula*, Orange King.

No. 3 Come-Pakt Garden (36 inches wide) Price \$2.00. Contains 17 varieties of flower seeds, plant food, etc.

The flowers are: The above 12 varieties with *Celosia plumosa*, Reddish Plum; *Euphorbia*, Snow-on-the-Mountain; *Marigold*, Guinea Gold; *Zinnia*, Dahlia-flowered Oriole; and *Zinnia*, Giants of California, Scarlet Gem.

VICKS — The Oldest Mail Order Seed House in America

Vicks Choice Annual Flower Seeds

Annual flowers are those which bloom from seed the first season, and die, as contrasted to Perennials which, being hardy, live for a number of years. All Annuals are easy to grow from seed and bring to flowering successfully. There is no soil nor situation in which some one of these here listed will not flourish.

® Indicates those varieties suited to Rock Garden planting.

Soil for most Annuals should be loose, porous, well-drained. [Make heavy soils lighter by adding sand, ashes, lime, decayed manure, or other organic matter. Add decayed manure, peat, vegetable matter, to dry sandy soil. Poor drainage soon ruins the best planting.

Starting Seed Indoors means earlier blooms. Most Annuals (excepting Poppies, etc.) can be started in boxes or pots which are set in a warm sunny window (a kitchen window always seems to give the finest seedlings). Avoid the seedlings becoming spindling by giving them a cooler place, with more air, as they grow. Set out when danger of frost is over.

Transplanting makes for stocky growth, and encourages root growth. Pinching off a tiny bit of root will further encourage rooting. Pinching out the tip of the seedling encourages branching, and sturdiness. Always water plants immediately after setting out. It is best to wait for a cloudy day for setting the seedlings out as they will be less likely to wilt.

Watering. Water boxes, beds, and plants in pots *thoroughly*, or not at all, for light watering may do more harm than good. Never water plants in the sunshine. It will cause scalding. On bright days, water plants in late afternoon, on dull days, in the morning.

Blue Perfection

Ageratum

The small fluffy brush-like flowers almost cover the plants throughout summer and fall. They are gay and bushy and are excellent for pot culture and for beds and borders. Ageratum grows readily from seed started indoors, or sown out in May.

1288 Blue Ball ® Fluffy, pure blue flowers cover the lovely little plants which grow only 6 to 8 in. tall. **Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.**

1289 Blue Perfection ® Its showy amethyst-blue flowers distinguish it as the darkest of all Ageratums. 9 ins. The flower heads are quite large. **Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.**

1290 Imperial, Dwarf Blue ® Compact plants reaching only about 7 ins., but covered with rich blue flowers. **Pkt. 5c; 1/8 oz. 25c; 1/4 oz. 35c.**

1291 Imperial, Dwarf White ® Most attractive, with fluffy white blooms hiding the foliage. **Pkt. 5c; 1/8 oz. 25c; 1/4 oz. 35c.**

1292 Little Blue Star ® Delightfully attractive tiny plants, just covered with bright blue small flowers. Grow only 4 to 5 inches tall, and are very compact. **Pkt. 15c; 1/8 oz. 45c; 1/4 oz. 75c.**

Agrostemma

1297 Coeli-rosa Bright rose-pink flowers borne profusely on plants 12 to 15 in. tall. Make succession sowings for a continuous display. **Pkt. 10c; 1/8 oz. 25c; 1/2 oz. 40c.**

Amaranthus

1410 Combustion Fine large crowns of iridescent fiery rose-crimson foliage. Grows 4 ft. tall. Originated by Luther Burbank. **Pkt. 25c; 1/16 oz. 60c.**

1411 Tricolor splendens (Joseph's Coat) Variegated foliage and bright crimson leaf-crown. 5 ft. **Pkt. 10c; 1/8 oz. 25c; 1/2 oz. 45c.**

Arctotis

1426 Breviscapa aurantiaca Showy daisies of rich orange-yellow, with a purplish maroon eye to lend contrast. 6 ins. **Pkt. 20c; 1/8 oz. 75c.**

1425 Grandis The Blue-Eyed African Daisy with its lovely silvery white blooms having a sky blue eye surrounded by a yellow halo. 2 ft. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 45c.**

1427 Scapigera, Mixed Its large Daisy-like blooms measure 2½ to 3 in. across. Though orange predominates, there are many shades among them—terra cotta, yellow, cream, light scarlet, etc., each enlivened by the contrasting eye. Plant in full sun. Low-growing. **Pkt. 30c; 1/16 oz. 85c.**

A charming border of Sweet Alyssum

Alyssum

Every garden, large or small, must have its share of Sweet Alyssum. No other Annual can take its place, nor will bloom as freely and continuously throughout the season. It is splendid for borders or for edgings, succeeding in almost any soil. For Alyssum saxatile (hardy) see Page 39.

1400 Lilac Queen ® Soft lilac flowers changing to white. Blooms very freely and continuously. **Pkt. 10c; 1/8 oz. 25c; 1/2 oz. 40c.**

1401 Little Gem ® Its delightfully fragrant white blooms distinguish this variety. Each plant is a great mass of bloom. The plants are not more than 6 ins. tall, but they spread to 8 to 10 ins. across. They are quite compact, however, and find wide use as edging plants. **Pkt. 10c; 1/8 oz. 25c; 1/2 oz. 40c.**

1402 Sweet (Maritimum) ® Lovely small white flowers borne in such great profusion as to cover the plant completely. Easily grown in the garden and in pots. **Pkt. 10c; 1/2 oz. 25c; oz. 40c.**

Bedding Begonias

These favorite plants are of quite dense, bushy growth; about 1 foot tall. They are completely covered with bloom from May to frost. Besides their value in bedding, they are invaluable for winter blooming in pots. Always are lovely.

1516 Luminosa (Gracilis) Handsome, deep bronzy red foliage and bright scarlet-red flowers borne in large attractive flower clusters. **Pkt. 25c; 1/128 oz. 85c.**

1520 Vicks Special Mixture A planting will yield many splendid varieties. Most are pink-flowering, though red and white are included. Some are green-foliaged, others have bronzy leaves. **Pkt. 15c; 1/64 oz. 50c.**

Anchusa

Cape Forget-Me-Not

1418 Blue Bird The flowers, quite similar to those of Forget-Me-Nots, are vivid Indigo blue. The compact plants grow 18 ins. tall, and bear attractive and luxuriant clusters of bloom until frost. Cut often to encourage flowering. **Pkt. 15c; 1/8 oz. 35c; 1/2 oz. 60c.**

1419 Capensis Blooms right through from early summer until frost. The marvelously rich, gentian-blue flowers are freely borne in large clusters. The plants grow 2 feet tall, the splendid color of the flowers making them a handsome addition to any garden planting. They always seem most effective when planted so as to contrast with pink flowers. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

The flowers of 1504 closely resemble Gardenias

Balsam

Lady's Slipper

1504 New Gardenia-Flowered Strikingly lovely! A new Balsam bearing its flowers on the top of the plants and so in full view. The large and double flowers are clustered together on the tops of the bushy plants. Comes in white and shades of red and rose. **Pkt. 20c; 1/4 oz. 85c.**

1503 Improved Camelia-Flowered, Double Mixed So lovely are the blooms, it is difficult to describe them accurately. They are beautifully formed, very double, and resemble Camelias to the very texture of the petals. The 2 foot high plants thrive in light, rich soil blooming until frost. Pink, scarlet, white, and lilac shades. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

9402 Book of Annuals—Hottes

All the Annuals of merit. Over 100 separate species are described with full directions for their culture and uses. Every gardener will find this a handy book of reference, both when considering new annuals for the garden, and when reliable information is needed on planting problems. 155 illustrations. **Cloth bound, \$1.50.**

Brachycome • Swan River Daisy

1535 Iberidifolia, Mixed The tiniest of Daisy-like flowers in rich china blue, white, and bluish lilac shades. The flowers rise above the foliage and rarely grow as high as 12 inches above the ground. The plants when in bloom, resemble miniature Cinerarias. **Pkt. 5c; ¼ oz. 35c; ½ oz. 70c.**

Calendulas

Calendula, Golden Ball

1601 Golden Ball (Ball's Gold) A splendid deep golden yellow Calendula of extra-large size, carrying its blooms on long, sturdy stems. Besides its usefulness in the garden, it is highly recommended for growing in the greenhouse during the winter. It will, in fact, grow more nearly to perfection in the greenhouse. Always of largest size. **Pkt. 15c; ¼ oz. 50c; ½ oz. 85c.**

1602 Lemon Queen Large, well-rounded, pale lemon-yellow blooms composed of regularly placed, shingle-like petals. The flowers are always fully double to the very center. Combines with orange to good effect. **Pkt. 10c; ½ oz. 30c; oz. 50c.**

1600 Orange Ball (Ball's Orange) A particularly striking Calendula with lovely, massive, well-shaped blooms of a most intense burning rich orange color. The blooms are large and well formed. They are carried on elegant long and strong stems. Fine for winter forcing in the greenhouse, for which use it is probably the most popular Calendula, and also a market favorite. **Pkt. 15c; ¼ oz. 50c; ½ oz. 85c.**

5080

Collection of

Three Showy Calendulas

Contains one packet each of Golden Ball, Sensation, and Lemon Queen. The three varieties all have large double flowers, and in addition, combine beautifully.

(Value 40c) for **30c**

New This Season 3 Lovely Calendulas

1610 Art Shades

New tones and shades—apricots, oranges, and cream tones. **Pkt. 20c; ¼ oz. 50c; ½ oz. 85c.**

1611 Sun Gleam

A gloriously rich color—deep tangerine-orange with brown eye, and petals edged in brown. **Pkt. 15c; ¼ oz. 50c; ½ oz. 85c.**

1612 Sunshine

New and lovely. Shaggy, Chrysanthemum-like flowers with long petals, of brightest yellow. Plants of graceful habit. **Pkt. 10c; ¼ oz. 35c; ½ oz. 60c.**

On page 12, you will find more complete descriptions of the above 3 lovely flowers.

1603 Orange King One of the most vigorous varieties. It is very showy and its ease of culture and growth recommend it for inclusion on your garden list. The fully double, well-rounded, rich orange blooms are carried on fine long stems. Very outstanding. **Pkt. 10c; ½ oz. 50c; oz. 85c.**

1604 Radio A new and lovely Calendula. The large attractive flowers are fully double and composed of quilled petals. Radio is a clear rich orange color and has already gained great popularity. **Pkt. 15c; ¼ oz. 40c; ½ oz. 70c.**

1605 Sensation (Campfire) A truly sensational Calendula of recent introduction. It has large double blooms of brilliant orange with a distinct sheen of crimson-scarlet. Its long stems make it valuable for cutting. We can recommend Sensation for garden growing and the greenhouse. **Pkt. 15c; ¼ oz. 50c; ½ oz. 85c.**

1606 Double Mixed This mixture will give you a truly delightful planting. It was composed and blended very carefully so as to achieve a fine showy effect with the combination of the varieties above mentioned and a few others. The plants range from 12 to 18 inches. Easily grown, they are quick to come from seed. **Pkt. 10c; ½ oz. 25c; oz. 40c.**

1609 Golden Beam

Something quite new. The petals are quilled, and droop downward in charming manner. They have the deep round form of Radio. Golden Beam is a beautiful rich lemon-yellow. It is easy to grow, coming readily from seed and makes a spot of color in the garden that commands inspection by all visitors. **Pkt. 20c; ¼ oz. 65c.**

Campanula

1632 New Annual Thousands of gardeners were delighted last season when they read of an annual Canterbury Bell. But it was when the flowers were produced from seed sown in early spring that these same gardeners had their *real* pleasure. The flowers are just like those of the well-known single biennial variety. You will certainly want a liberal planting of this flower in your garden this summer. **Pkt. 25c; ½ oz. 85c.**

Carnation—Marguerite

1670 Mixed Colors The large, rounded, fully double blooms resemble the Giant Carnations grown by florists in greenhouses. This strain flowers readily the first year from seed sown outdoors in spring or started earlier indoors. With protection, plants will live over winter. 15 to 18 in. tall. **Pkt. 10c; ½ oz. 30c; ¼ oz. 50c.**

Calliopsis

The flowers resemble the perennial Coreopsis in shape and profusion of bloom. Calliopsis is exceedingly easy to grow and comes into flower quickly. Sow the seed outdoors, where the flowers are wanted, in May. We offer below an interesting variety of colors. The stems are wiry and the flowers are borne on free branching, tall or dwarf plants.

1625 Drummondii (Golden Wave) Rich golden yellow flowers with chestnut-brown centers. 20 in. **Pkt. 5c; ¼ oz. 20c; ½ oz. 35c.**

1627 Tom Thumb, Dazzler Fine, large, golden yellow blooms to which handsome maroon-red centers lend contrast. 12 in. tall. **Pkt. 10c; ½ oz. 30c; ¼ oz. 50c.**

1629 Tall Mixed An assortment of gold, red, maroon, and bronze shades. Many of the flowers are attractively marked with contrasting colors. **Pkt. 10c; ¼ oz. 25c; ½ oz. 40c.**

Candytuft . *Iberis*

These varieties are *Annuals*. On page 40 the *Perennial* variety is described. Candytuft, with its showy, sweet-scented flowers, comes into bloom quickly and continues to bloom for a long time particularly in sections where the weather remains reasonably cool. It is especially highly valued for beds and borders. Besides the favorite white, the varieties with colored flowers are unusually beautiful and attractive. Much has been done toward developing new strains, resulting in large-flowered, vastly-improved forms.

Candytuft makes lovely borders

Umbellata

A type with a great profusion of broadly expanded, large flower heads. Grows 1 ft. tall, and is extremely decorative.

- | | |
|-----------------|------------|
| 1643 Carmine | 1646 Lilac |
| 1645 Flesh Pink | 1648 White |

Any of these:
Pkt. 10c; 1/4 oz. 25c.

1649 All Colors Mixed

Those who have only a small bed or border to plant will find that this mixture will give them a splendid, colorful display of flowers. It is a blend of the above colors with several others of equal loveliness. Blooms till killed by frost.
Pkt. 10c; 1/2 oz. 25c; oz. 40c.

1640 Giant Empress ®

The lovely large trusses of pure white blooms recommend this variety for borders especially. Its vigorous habit of growth is further recommendation for use as a border plant. Very free-flowering. Pkt. 10c; 1/4 oz. 25c.

1641 Giant Hyacinth-Flowered Charming in the Rock Garden

So named because the magnificent, heavy trusses closely resemble Hyacinths. The individual flowers are quite large, and are thickly set on the stalks. Pkt. 5c; 1/4 oz. 20c.

CENTAUREA . Colorful, Easy to Grow

These showy *Annuals* belong in every garden. They are extremely easy to grow, providing a real wealth of color in return for little attention. Most of the *Centaureas* are especially desirable for use as cut flowers. There are various types for various purposes.

Cornflowers

Centaurea cyanus

Also called Bachelor's Button. Few garden flowers bloom over a longer period, and few are so easy to grow. They should be cut frequently to insure continuous bloom. The flowers of this strain are particularly fine, of extra large size and fully double form. They are extremely showy for cut-flower use, being most desirable for mixed bouquets. Cornflowers are the hardest of all annuals and will grow almost anywhere.

- | | |
|-----------|------------|
| 1750 Blue | 1754 Rose |
| 1753 Red | 1755 White |

Any of the above:
Pkt. 5c; 1/4 oz. 25c.

5085

Collection Offer

Four Showy Centaureas

This collection contains one packet each of the four splendid large-flowered double varieties offered above.

(value 20c), for **15c**

1756 Double Mixed

Cornflowers of All Colors

A carefully blended mixture containing a variety of rich colors. Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.

Dusty Miller Centaureas

1771 Candidissima ® Its broad, silvery-white foliage has caused this variety to be widely used for edging where dwarf plants are desired for this purpose. Also splendid for rockeries. It is hardy in some localities. Pkt. 10c; 1/2 oz. 40c.

1772 Gymnocarpa ® One of the favorite plants for bedding purposes. Also quite desirable for border planting. The plants grow only 18 to 24 inches high. It has silvery white, finely-divided leaves which make an effective showing throughout the entire season. Lovely light lavender flowers. Pkt. 5c; 1/4 oz. 25c.

Sweet Sultans

C. Imperialis, Suaveolens, etc.

These have long been favorite garden subjects. The lovely large blooms, measuring about 2 1/2 inches across, are carried on fine long stems and are borne profusely from mid-summer until fall. They are well adapted for cutting and retain their freshness for a long period in water. Plant them in rich, moist soil.

Any of the above Sweet Sultans:
Pkt. 10c; 1/4 oz. 30c.

1760 Amaranth Red A rich color. Pkt. 15c; 1/4 oz. 35c.

1774 Suaveolens Showy, rich yellow blooms. Pkt. 10c; 1/4 oz. 25c.

1765 Finest Mixed Sweet Sultans

All the sweet scented and beautifully colored flowers that we describe above. Many big flowers for cutting. Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

Sweet Sultan

Plumed Celosia

These are the feathered Cockscombs with elegant, long, open plumage borne freely at the end of each flower stem. They are easy to grow, giving a splendid garden display and many cut flowers.

Plumed Celosia

1710 Pride of Castle Goud

The fluffy plumes come in a number of rich and brilliant shades. Pkt. 20c; 1/8 oz. 50c.

1704 Mixed Plumed Celosia

A splendid mixture of many shades. Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.

Lilliput Celosia

We are offering as novelties this season two lovely dwarf Celosias, Fire Feather and Golden Feather. They are marvelous for bedding. See page 12.

Chinese Woolflower

Attractive, woolly flower-heads borne at the end of each branch. The compact-growing plants flower freely until frost.

1715 Crimson A magnificent bright crimson color. Pkt. 15c; 1/2 oz. 35c.

1718 Mixed Contains crimson, pink, and yellow shades. Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c.

Garden
and Floral
Guide**

1725 Gay Cavalier

This is the "Ostrich-plume" Celosia. It is a rather new variety and seemingly one of the most beautiful of all Celosias. Each of the showy silky flower heads is topped by a small crinkly cockscomb of fantastic shape. The entire head is most attractive in appearance and really forms an elegantly feathered and handsomely interlaced plume that is strikingly beautiful. Comes in shades of silvery pink, deep red, gold, and many others. Pkt. 20c; 2 pkts. 35c.

Annual Chrysanthemums

1685 Nivellii This is a delightful new variety with showy Daisy-like yellow blooms measuring 2 to 3 in. across. Easily grown from seed. Blooms profusely throughout the summer and fall. Excellent for cutting. Pkt. 10c; 1/4 oz. 35c.

1686 Coronarium, Double Mixed This popular Chrysanthemum produces lovely double blooms in white and yellow. They are borne on plants which grow 3 feet tall, blooming continuously from midsummer to frost. Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.

Coleus • Flame Nettle

Their gay and bright leaves make these the favorite garden and pot plants. Grow in full sun to have the brightest and most distinct colors. Have remarkable decorative value.

1850 Vick's Sunset Glorious irregular designs (no two plants have foliage alike) mark the large leaves in rich and varied colors. The fine plants are strong and vigorous. **Pkt. 25c; 1/32 oz. 85c.**

1851 Fine Mixed A wonderful assortment of different types, all with exceptionally brightly-colored foliage. Will make a beautiful bed or border. **Pkt. 15c; 1/32 oz. 50c.**

Annual Pinks

Annual Garden Pinks Dianthus

1902 Fireball An exquisite annual garden Pink with beautiful, large, double, fiery scarlet blooms placed gracefully on plants growing about 1 ft. tall. The plants bloom profusely all during the summer and thrive particularly well on fairly heavy and fertile soil. This variety is exceptionally fine for beds, borders, and for cutting. **Pkt. 5c; 1/4 oz. 30c.**

1912 Salmon Queen Elegant large double blooms of the most charming bright salmon color imaginable. Blooms freely and continuously. Splendid for the garden and as a cut flower. **Pkt. 10c; 1/4 oz. 45c.**

1900 Chinensis fl. pl., Double Mixed Composed of extra-large-flowering varieties with shapely clusters of fine double blooms, all very beautiful and richly colored. Grows 15 in. tall. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

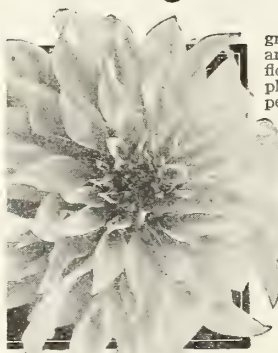

1914 Laciniatus, Double Mixed Magnificent and colorful blooms of extra large size with elegantly fringed flower petals. Includes various shades of pink, rose, red, and maroon. Most of the blooms have variegated edges of white. Free flowering and showy; attractive in any garden. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

1915 Vicks Single and Double Mixed Dianthus

Sure to please the most exacting of our customers. All of the very finest varieties of all types of annual Pinks are included. Beside a display in the garden, there will be lots of blooms for cutting. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

For Hardy Garden Pinks, See Page 40.

Growing Dahlias from Seed

Exhibition
Dahlia,
grown from our seeds.

You will find it fascinating to grow Dahlias from seed. There are infinite possibilities as to the flowers that may result from a planting—any color, any size, perhaps a flower of such beauty it may warrant your naming, propagating, and even patenting it. While it is not likely that Dahlia seed will produce flowers like the parents, it pays to sow the best seed because quality is passed on to the offspring. Start seed in boxes. Requires only about 2 weeks longer than tubers to flower from seed.

1925 Large-Flowered Double, Mixed Each plant is a mystery until the first bud opens. You will be pleased with this mixture of enormous, gorgeously colored blooms. **Pkt. 15c; 1/16 oz. 40c.**

1926 Cactus-Flowered, Mixed Many fine and showy colors can be expected from this superb mixture of Cactus-flowered varieties. **Pkt. 20c; 1/16 oz. 60c.**

1927 Pompon Mixed Little Pompons in a variety of colors. They are great favorites for cutting, making most attractive bouquets. **Pkt. 20c; 1/16 oz. 55c.**

Clarkia

1790 Elegans, Finest Double Mixed A lovely, double-flowering strain with beautiful large blooms in shades of red, pink, salmon, also white. Grows 2½ ft. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

Cynoglossum • Chinese Forget-Me-Not

1875 Amabile, Blue Few new flowers have been acclaimed as quickly by as many gardeners as this splendid new variety of Cynoglossum. It has deep Forget-Me-Not blue flowers borne throughout the summer and fall on plants 18 to 24 in. tall. **Pkt. 10c; 1/4 oz. 25c.**

1876 Amabile, Pink A fine companion to the blue variety with lovely bright mauve-pink blooms in handsome clusters. Both varieties thrive in hot, dry locations where few other flowers will grow, producing clusters of attractive blooms on plants 20 in. tall. **Pkt. 15c; 1/4 oz. 35c.**

Giant Cosmos

A flower which should be grown in every garden—for no garden is complete without Cosmos. Its familiar pinks and white lend a touch of fresh spring color to the reds, oranges, and purples of the autumn garden.

Early Single-Flowering

1800 Single Crimson

1801 Single Pink

1802 Single White

Any of these colors:

Pkt. 10c; 1/4 oz. 25c.

1803 Early Single, Mixed In flower from July to frost. Blooms 3 in. across on bushes 4 ft. tall. **Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 35c.**

5090 Collection Offer

Early Single Cosmos

One packet each of the 3 lovely Cosmos offered above
(Value 30c) for only **10c**

1843 Finest Giants, Mixed This is an extra large-flowering, late-blooming strain of Cosmos—white, pinks, and crimson are included in the mixture. **Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.**

1833 Late Double Crested, Mixed Some blooms are like little Japanese Peonies, while others are round as a ball. A few singles must be expected with the doubles and semi-doubles. **Pkt. 15c; 1/4 oz. 50c; 1/2 oz. 85c.**

Early Double Flowering

1815 Double Crimson

1816 Double Pink

1817 Double White

Any of the above:

Pkt. 20c; 1/4 oz. 90c.

1818 Early Double Crested, Mixed The three colors in mixture. **Pkt. 15c; 1/4 oz. 75c; 1/2 oz. \$1.25.**

5091 Collection of

Early Double Crested Cosmos

One packet each—Crimson, Pink and White Doubles
(Value 60c) **45c**

9411 Commercial Floriculture

By Fritz Bahr. 616 pages of expert information on all kinds of plants usually grown by florists. Solves most problems the florist is likely to encounter. **\$5.40.**

Double Crested Cosmos

Felicia • Kingfisher Daisy

1989 **Bergeriana** The lovely Daisy-like flowers of a beautiful rich sky blue shade are $\frac{3}{4}$ in. across, and set against graceful foliage. It is a lovely flower and will give a splendid display in the garden. Free-blooming. **Pkt. 20c; 1/16 oz. 60c.**

Godetia • Satin Flower

2040 **Grandiflora, Mixed** Large, cup-shaped blooms in satiny rosy carmine, pink, lavender, pure white, and salmon shades. Grows 12 in. tall and blooms all summer long. Very showy. **Pkt. 10c; $\frac{1}{4}$ oz. 25c; $\frac{1}{2}$ oz. 40c.**

2041 **Sybil Sherwood New!** A glorious shade of salmon-pink blended with orange, and bordered with white. **Pkt. 20c; $\frac{1}{8}$ oz. 75c; $\frac{1}{4}$ oz. \$1.25.**

Eschscholtzia Bright-Colored California Poppies

Richly-colored, cup-shaped blooms measuring 2 to 3 ins. across, with bluish green foliage of decided grace. Easy to grow.

1950 **Aurantiaea** Magnificent flowers which glisten in the sun like liquid gold. **Pkt. 5c; $\frac{1}{4}$ oz. 20c.**

1951 **Autumn Glory** The very double blooms are bright orange-crimson on the outside of the petals, with a lovely shading of copper on the inside. A glorious combination. **Pkt. 5c; $\frac{1}{4}$ oz. 20c.**

1953 **Enchantress** Those who do not know this variety cannot imagine just how lovely a California Poppy can be. The blooms are charming rose-carmine on a cream ground. They are very double. **Pkt. 10c; $\frac{1}{4}$ oz. 35c.**

1952 **Double Gold Cup** Few flowers can excel it in brilliance. The double blooms are a magnificent rich orange-yellow color and glisten in bright sunlight. **Pkt. 10c; $\frac{1}{4}$ oz. 30c.**

1961 **Ramona** A new Poppy all frilled and fluted! Beautifully formed flowers in russet and pinkish shades on neat-growing plants. Most effective when used as a ground cover for the rose garden. **Pkt. 15c; $\frac{1}{4}$ oz. 50c; $\frac{1}{2}$ oz. 85c.**

1958 **Scarlet Beauty** Plant this lovely large single-blooming variety for color effect. You will appreciate the splendid display made by its large, brilliantly colored, bright scarlet blooms. **Pkt. 10c; $\frac{1}{4}$ oz. 35c.**

1960 Sunset Mixture of California Poppies

Varied and colorful—only the colors which will give the most glorious display and harmonize well are included. Besides the above varieties, there are others equally distinctive. Makes a splendid show in return for little care. **Pkt. 10c; $\frac{1}{4}$ oz. 25c; $\frac{1}{2}$ oz. 40c.**

California Poppies (Eschscholtzia)

Baby's Breath Annual Gypsophila

Hardy varieties are offered on Page 41. This is a charming flower for "mixing" in bouquets. The feathery sprays tend to lighten them, and to add to their loveliness. Sow every 3 weeks for a continuous supply.

2075 **Carmine** These lovely open bell-shaped blooms are always greatly admired. Blooms profusely. **Pkt. 10c; oz. 35c; $\frac{1}{4}$ lb. \$1.00.**

2077 **Rose** There is a particular charm to these fine light rose-colored flowers so delicate and graceful. **Pkt. 10c; oz. 35c; $\frac{1}{4}$ lb. \$1.00.**

2076 **White** The most popular of all the annual Gypsophila, having lovely large white flowers. **Pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 75c.**

Feverfew

1990 **Matricaria, Golden Ball** Graceful, rich green foliage forms a fine background for the small, ball-shaped gold flowers. Adapted for edging beds, and borders. The formal plants grow 12 to 15 in. tall. **Pkt. 10c; $\frac{1}{8}$ oz. 40c.**

Blue Lace Flower 1530 Didiscus coeruleus

This lovely annual was well-known to our grandparents who grew it extensively in their gardens. Yet, during the past generation the Blue Lace Flower had almost disappeared and few of today's gardeners remember it. Only within the last half dozen years has it again become an object of interest and admiration and is extensively used by florists. It came to us from Australia, originally. The name "Blue Lace Flower" refers to the lace-like appearance of the broadly expanded flower heads which are a lovely sky blue color. It has proved to be a showy subject for the garden and is unexcelled as a cut flower. The plants grow 2 ft. tall and bloom continuously from July until frost. Be sure to include it in your plantings.

It does well in a loose sandy soil and full sun.

Pkt. 10c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 45c.

Annual Gaillardia

Resembles the perennial variety. Free-blooming annuals splendid for garden display and for cutting. Flower from July through September. 15 in. tall.

2000 **Single, Fine Mixed** Produces a variety of bright and showy colors. The plants are covered with blooms. **Pkt. 5c; $\frac{1}{4}$ oz. 25c; $\frac{1}{2}$ oz. 40c.**

2001 **Picta Lorenziana, Double Mixed** Yellow, red, and white, double flowers forming large fluffy rather flattened balls, are carried on fine long stems. They are splendid for cutting. They are easily grown and make a fine display all summer. These excellent Gaillardias deserve a planting in every garden. **Pkt. 10c; $\frac{1}{4}$ oz. 25c; $\frac{1}{2}$ oz. 40c.**

Dimorphotheca • African Gold Daisy
1940 **Aurantiaea** Easy-to-grow Daisy-like flowers of brilliant orange-gold. **Pkt. 10c; $\frac{1}{4}$ oz. 45c.**

1941 **Aurantiaea Hybrida** Includes white, yellow, salmon, and apricot shades. **Pkt. 10c; $\frac{1}{4}$ oz. 40c.**

1939 **Lemon Queen** New and lovely. Attractive lemon-colored flowers with a central zone of blue-black. **Pkt. 30c; $\frac{1}{8}$ oz. 65c.**

Euphorbia

Interesting annuals of the same family as the Christmas Poinsetta.

1983 **Heterophylla (Fire-on-the-Mountain)** Vividly colored leaves at each branch tip give it the name "Annual Poinsetta." **Pkt. 10c; $\frac{1}{4}$ oz. 35c.**

1984 **Marginata (Snow-on-the-Mountain)** Its small, inconspicuous blooms are surrounded by showy leaves bordered with white. Is easily grown, and seeds itself. **Pkt. 10c; $\frac{1}{4}$ oz. 25c.**

Annual
Gaillardias

When selecting flowers for cutting do not overlook the Annual Gaillardias.

Hunnemannia • Santa Barbara Poppy

2130 Fumariaefolia Wherever Hunnemannia has been given a trial, its growers are enthusiastic. And no wonder! The flowers are Poppy-like, and of a bright satiny yellow. They are borne freely on erect, stiff stems. Most effective when grown in rows. Easy to grow. 2 ft. tall.

Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

Ornamental Gourds

2055 Fine Mixed Growing Gourds is not only interesting, but those raised will be found useful for a variety of purposes. This is an especially varied but most useful mixture. Included are Dipper, Dishcloth, Nest Egg, Spoon, Sugar Trough, and others. **Pkt. 10c; 1/2 oz. 20c; oz. 35c.**

Heliotrope • Cherry Pie

2116 Lemoine's Giant Hybrids, Mixed Always a favorite, Heliotrope is famed for its wonderful fragrance and for the beauty of its flowers. This is a good strain, with giant, scented flower trusses in pure white, mid-blue, and deep violet.

Pkt. 15c; 1/8 oz. 50c; 1/4 oz. 85c.

Annual Hollyhock

2125 Mixed This new type of Hollyhock is annual and will bloom the first year if the seed is sown early. Many fine colors; single, semi-double, and double flowers. **Pkt. 5c; 1/4 oz. 30c; 1/2 oz. 50c.**

Impatiens • Sultan's Balsam

2155 Holstii Hybrids, Large-Flowering, Mixed A lovely free-blooming annual suited for growing in full sun or semi-shade. A variety of colors. 2 ft. tall. **Pkt. 15c; 1/32 oz. 85c.**

Kochia • Summer Cypress

2175 Giant Christmas This is the finest Kochia ever introduced. It has delicate green feathery foliage turning to a brilliant red after frost. Fine for pots, hedges, specimens, and center-pieces to beds. 3 ft. **Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.**

Vicks - LARKSPUR - Vicks

Almost every garden contains some Larkspur. Too often it is there as the remains of an old planting of the usual dark blue and reseeding itself year after year. Few realize how wonderfully improved the new Larkspurs are, how gorgeous of color, and how easy to grow in any garden. Some make large plants, others are tiny and close to the ground. The following are worthy of any garden, and are most effective when massed. Superb for cutting.

5123 Collection Offer

Giant Imperial Double Larkspur

Seven of the newest shades. 1 pkt. each: Dark Blue Spire, Carmine King, Gloria, Lilac Spire, Miss California, Peach Blossom and White Spire.

(Value \$1.20) for **85c**

New

Giant Imperial Double

Gloria

Undoubtedly the best Larkspur, and a gorgeous strain. The blooms are large, fully double, and closely set on the spike. The flower spikes are quite long. They all branch from the base of the plant and are therefore particularly fine for cutting. Plants reach 3 1/2 to 4 ft.

2203 Carmine King The brightest and richest of all. Blooms of lovely carmine-rose with an iridescent pink sheen. You will like this new color. **Pkt. 20c; 1/4 oz. 50c; 1/2 oz. 85c.**

2202 Dark Blue Spire Double dark blue flowers given a slight violet cast by their reddish markings. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2204 Exquisite Pink Improved Indescribably lovely. A warm color—delicate soft pink shaded with salmon. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2215 Gloria A beautiful rose shade of great density. One of the most striking and exquisite colors we list. **Pkt. 20c; 1/4 oz. 50c; 1/2 oz. 85c.**

2209 Miss California There are shadings of bright salmon seen in this gorgeous deep pink variety. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2216 Peach Blossom A very delicate shade that looks loveliest when displayed with other colors. **Pkt. 20c; 1/4 oz. 50c; 1/2 oz. 85c.**

2207 Lilac Spire The graceful, yet majestic, long flower spikes are closely set with bright lilac blooms. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2210 White Spire A white that is easily one of the loveliest and most appealing of the colors. Long, full spikes. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2212 Giant Imperial

A Mixture of Lovely Colors

Gorgeously showy. **Pkt. 15c; 1/4 oz. 30c; 1/2 oz. 50c.**

Tall Branching Double Stock-Flowered

Blooms most prolifically, the flower spikes branching off the main stem. These spikes are closely set with good-sized double blooms. Grows 3 1/2 ft. tall, blooming freely.

2201 Carmine (Newport Pink) A lovely warm shade, one of the most brilliant colors in this class. The large double blooms are closely set on the spikes. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

2206 La France Florists will find their customers favoring this rich salmon-pink. Very handsome, large spikes. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2208 Los Angeles This showy color is a radiant combination of soft salmon and brilliant rose. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2213 Orchid A splendid, light rosy lavender similar to that of the Cattleya Orchid. Exceedingly lovely. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

2200 Sky Blue A delicate blue that is quite charming, enhanced by shadings of a deeper blue. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

2211 Mixture A complete blend for a colorful display. **Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.**

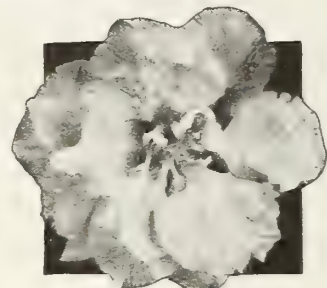

5120 Larkspur Collection

Plant this for cut-flowers over a long period.

1 pkt. each: Dark Blue Spire, Orchid, White Spire, Carmine, Exquisite Pink, Sky Blue (Value 75c)..... **35c**

2214 Giant Double Larkspur Mixture

Will provide a lovely color display and many cut flowers. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

Shows the true double form.

Emperor Dwarf Branching

2226 Brilliant Carmine Very double and free-flowering plants 2 ft. tall. Solid spikes of rich carmine-rose. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

2228 Pink Delight The fine double blooms are an attractive rose-pink. Plants are of compact growth. 2 ft. **Pkt. 15c; 1/4 oz. 35c; 1/2 oz. 60c.**

Giant Hyacinth-Flowered

2240 Mixed The earliest blooming of all Larkspur. Lovely Hyacinth-like flower trusses closely set with large, well-rounded, double blooms. Contains finest colors only. Height, 2 ft. **Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.**

Dwarf Rocket

2235 Double Mixed Compact, lovely round plants only about a foot tall. Simply covered with well-formed short flower-spikes, closely set with double, well-rounded blooms. There are many colors in the mixture, including rose, red, blue, lilac, and white. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

Lantana

2248 Hybrida, Finest Mixed A shrubby plant bearing a profusion of flower clusters mostly in shades of yellow, orange, red, and pink. Blooms all summer long. 18 in. tall. **Pkt. 10c; ¼ oz. 30c.**

Lobelia

This annual is known for the lovely blue color of its flowers. The compact variety is splendid for edging the flower bed. The spreading varieties are best for larger beds or for growing in window boxes.

2265 Compacta, Crystal Palace Lovely, deep azure-blue flowers on small, compact plants. Charming and easily grown. **Pkt. 10c; ½ oz. 50c.**

2267 Erinus, Finest Mixed Shades of blue and white. Both spreading and compact varieties are included. **Pkt. 5c; ½ oz. 30c.**

Annual Lupinus . Sun Dial

A much desired plant with tall spikes of pea-like flowers. Requires neutral soil. In bloom from July to late August. 2 ft. tall.

2280 Subearnosus (Texas Blue Bonnet) Lovely spikes thickly set with large blue flowers. 18 in. **Pkt. 5c; ½ oz. 25c; oz. 45c.**

2285 Annual Lupinus, Mixed This is a splendid mixture which will give a fine display of flowers throughout the summer. Includes white, light pink, blue, and purple. **Pkt. 10c; ½ oz. 20c; oz. 30c.**

2281 Hartwegii Giants The finest, most majestic and strongest of all Lupines. Grows 6 ft. tall. Includes many beautiful and rich colors. **Pkt. 20c; ¼ oz. 70c.**

Mignonette

2350 Giant Machet Broad flower spikes with reddish florets with rich fragrance. 12-15 in. tall. **Pkt. 10c; ¼ oz. 25c.**

2351 Golden Queen Distinctly golden-hued blooms. **Pkt. 5c; ¼ oz. 25c.**

2355 White Pearl Long, broad, white flower trusses of exquisite fragrance. Blooms most profusely. **Pkt. 10c; ¼ oz. 45c.**

2356 Vicks Finest Mixed

A blend of all those varieties which are especially desired for their wonderful fragrance. **Pkt. 10c; ¼ oz. 25c; ½ oz. 40c.**

Glorious Marigolds

Most Brilliant of Annuals

Marigolds give a splendid color effect to the garden from the time they come into bloom in July until they are killed by frost. Few flowers can compete with them for brilliancy and showiness. All forms lend themselves to attractive arrangements when cut. Marigolds are easy to grow and are remarkably free from disease.

5140 Collection of

Five Beautiful Marigolds

This collection contains one packet each of the following showy and colorful Marigolds: Orange Ball, Lemon Ball, Gold-Striped, Robert Beist, and Legion of Honor. (Value 50c) for.....

25c

Double African Tall

Large, round, double blooms carried upright on long stems. Blooms profusely through the summer to frost.

2301 Lemon Ball Lovely, large, fully double blooms of rich lemon-yellow. Showy in the garden, and fine for cutting. **Pkt. 10c; ¼ oz. 45c.**

2302 Orange Ball Extra double blooms of truly enormous size. They are an intensely vivid orange shade. Decorative indoors or out. **Pkt. 10c; ¼ oz. 45c.**

2303 Tall African Double Mixed

Very showy plants with their masses of golden yellow and orange blooms. **Pkt. 10c; ¼ oz. 30c; ½ oz. 50c.**

New Varieties

On Page 12 are described both Orange and Lemon Alldouble new African Marigolds.

French Double Dwarf

The showy double little blooms fairly cover the plants. Splendid for beds, borders, and edging. Vigorous plants, 1 ft.

2320 Gold Striped Lovely double round blooms of a rich brown, attractively striped with golden yellow. **Pkt. 10c; ¼ oz. 30c.**

2321 Orange Ball Small, perfectly round, double flowers of intense glistening orange. Always showy. **Pkt. 10c; ¼ oz. 25c.**

2323 Robert Beist Small double blooms of mahogany-red. **Pkt. 10c; ¼ oz. 30c.**

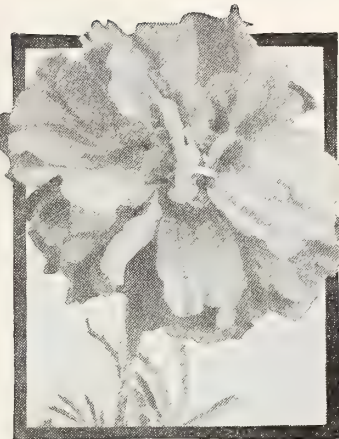

Double African Marigold

Leptosiphon . Star Dust

2249]Hybrids This interesting and showy little annual is worthy of a place in your rock garden. The plants grow 6 in. tall. Of moss-like appearance and covered with tiny star-shaped blooms in many fine colors. Very attractive. **Pkt. 10c; ¼ oz. 30c.**

9073 Rhodey's Plant Tablets

An effective and scientifically prepared fertilizer in convenient tablet form, so easy to use. Adapted for use on potted plants. Will add stamina, vigor, and health to ferns. Beneficial to all outdoor flowers and vegetables. **10 tablets 10c; 30 tablets 25c.**

2300 Guinea Gold Marigold

No matter how often it is seen, there is a new thrill every time a planting presents itself with its well-shaped plants completely covered with gorgeous rich golden yellow flowers. The individual blooms are composed of broad, loosely arranged petals and resemble in many ways a large carnation. Our strain is famed for its huge flowers. **Pkt. 15c; ½ oz. 35c; ¼ oz. 60c.**

African Double Dwarf

2310 Pride of the Garden Big loose-petalled golden-yellow flowers on compact dwarf plants. **Pkt. 10c; ¼ oz. 30c; ½ oz. 50c.**

French . Double Dwarf

2322 Dwarf French, Double Mixed Includes those here described, besides many other splendid varieties. **Pkt. 10c; ¼ oz. 25c; ½ oz. 40c.**

Single Flowering

2324 Legion of Honor (Little Brownie) A most charming Marigold with lovely single flowers averaging an inch or so across. They are of a beautiful golden yellow color, and marked with mahogany brown. 1 ft. tall. **Pkt. 10c; ¼ oz. 25c.**

2325 Single Tall Josephine The plants grow 2 to 3 ft. tall and bear a profusion of medium sized, golden yellow blooms marked with maroon and crimson. It is easy to grow, and blooms continuously. **Pkt. 5c; ¼ oz. 20c.**

2328 Signata pumila Showy plants only 6 to 8 in. tall. They are completely covered from mid-summer until frost with lovely, small, bright golden yellow blooms, each displaying an orange star. **Pkt. 10c; ¼ oz. 30c.**

A New Single Variety

2329 Fire Cross New and charming. Orange yellow single flowers attractively blotched with crimson-maroon. **Pkt. 15c; ¼ oz. 35c; ½ oz. 60c.**

Mirabilis . Four-O'Clock

2360 Tall Mixed This easy-to-grow annual is also known under the name of Marvel-of-Peru. An old-fashioned favorite the blooms of which open late in the afternoon. Many fine self-colored and striped flowers. Blooms freely from July until frost. **Pkt. 10c; oz. 20c; ¼ lb. 60c.**

The Wonderful
Double Golden Gleam

Vicks Colorful Nasturtiums

Nasturtiums are probably the most easily grown of annual flowers. Sow where the plants are wanted, in May or later. Nasturtiums produce rather dense growth so the seed should not be sown very thickly. The Climbing or Trailing varieties can be planted to trail over rocks, to climb fences, or cover stumps; while the dwarf sorts are best grown in beds, borders, or boxes.

Tall Varieties Climbing or Trailing

2444 Tall Climbing, Mixed A rich mixture, including the choicest of the tall Nasturtiums. Lovely tints and shades of yellow, maroon, salmon. **Pkt. 10c; oz. 15c; ¼ lb. 45c.**

2460 Tall Ivy-Leaved, Mixed The foliage of this variety is most ornamental, its leaves rich green and pointed. They seem almost star-shaped and are veined with white. Handsome flowers. **Pkt. 5c; oz. 20c; ¼ lb. 60c.**

2461 Tall Variegated-Leaved, Mixed Each leaf is beautifully marked with yellow, white, or a lighter green. Large flowers of yellow, scarlet, orange, etc. **Pkt. 10c; oz. 25c; ¼ lb. 70c.**

Double Sweet-Scented 2403 Golden Gleam

This gorgeous dwarf Nasturtium has probably caused more comment and created more enthusiasm than any other flower of recent introduction. The doubleness of the large rich golden yellow flowers is sufficient to make it noteworthy, but in addition the distinct sweet scent makes it a unique variety. A blooming plant is simply covered with flowers, each one on a strong stem that holds it well above the foliage. **Pkt. 15c; ½ oz. 20c; oz. 35c.**

Dwarf or Bedding Varieties

2400 Cherry-Rose The color is unusual in this class of flowers. It is clear, rich rose—exceedingly beautiful. Makes an attractive display.

2401 Dwarf Beauty Deservedly popular is this Nasturtium with its blossoms of glowing orange, each marked with scarlet, and in splendid contrast to the rich green of the handsome foliage.

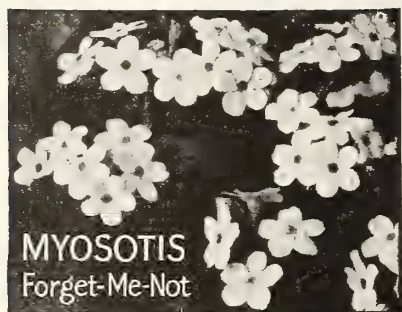

2406 King Theodore The large well-rounded blooms are of that intense velvety crimson color so much admired in Nasturtiums. It produces its handsome flowers on long stems, well above the deep green foliage.

Any of the above:
Pkt. 10c; oz. 25c; ¼ lb. 70c.

2408 Gorgeous, Dwarf Mixed All the newer varieties with their lovely delicate shades as well as deeper bright colors will be found in the mixture. **Pkt. 10c; oz. 20c; ¼ lb. 50c.**

2420 Dwarf Variegated-Leaved, Mixed Little bushy plants with the foliage variegated in white, cream, and green. Flowers of many colors. **Pkt. 10c; oz. 20c; ¼ lb. 60c.**

2421 Dwarf Ivy-Leaved, Mixed Star-shaped dark green leaves with white veins similar to the foliage of English Ivy. Red and yellow flowers. **Pkt. 5c; oz. 15c; ¼ lb. 45c.**

Myosotis Forget-Me-Not

Favorite old-fashioned flowers. They are easy to grow making a wonderful display with a profusion of flowers throughout spring and summer.

2390 Blue ® Lovely flowers of a purity and richness that has become proverbial. **Pkt. 10c; ¼ oz. 25c.**

2392 Rose ® A lovely color. Reaches 12 ins. **Pkt. 5c; ¼ oz. 20c.**

2394 Mixed Colors ® Annual varieties in rose, white, and blue. **Pkt. 10c; ¼ oz. 30c; ½ oz. 50c.**

2385 Palustris ® Lovely azure flowers. Blooms from seed early the first season, though a perennial. **Pkt. 10c; ¼ oz. 35c.**

2386 Palustris semperflorens ® Dainty, bright blue flowers borne profusely on attractive plants about 10 in. tall. Blooms continuously from May until October. **Pkt. 15c; ½ oz. 50c.**

Every Gardener Should Own
9417 The Garden Guide Veteran gardeners explain in easily understood language how to plan, plant, and maintain the home grounds; how to grow beautiful flowers and luscious vegetables. 384 pages of information, fully illustrated. Cloth bound, \$1.50; paper, \$1.25.

Nicotiana . Flowering Tobacco

2480 Affinis Large pure white flowers of glorious fragrance most noticeable in the evening. 3 ft. **Pkt. 10c; ¼ oz. 25c; ½ oz. 40c.**

2482 Affinis, New Hybrids Showy, sweet-scented blooms of rose, red, and creamy white. 2½ ft. **Pkt. 10c; ¼ oz. 30c; ½ oz. 50c.**

2483 Crimson Bedder A wonderful new variety bearing huge quantities of rich red large-sized flowers on plants only 15 inches tall. **Pkt. 20c; ½ oz. 50c.**

2481 Sanderae, Crimson King Clusters of sweet-scented rosy carmine flowers. Grows 3 ft. tall. **Pkt. 10c; ¼ oz. 35c; ½ oz. 60c.**

Oxalis . Wood Sorrel

2498 Tropaeoloides ® Fine, small, golden yellow flowers borne among dark purple-brown shamrock-shaped leaves from June until frost. Easy to grow. 6 in. **Pkt. 10c; 1/16 oz. 35c.**

Nigella . Love-in-a-Mist

One of our prettiest old-fashioned annuals doing well even under adverse conditions of soil and weather. Sow where to flower. The plants grow 12 to 15 in. tall and are a mass of bloom all during the summer and fall. Fine for cutting.

2485 Damascena, Double Mixed Feathery flowers of both white and blue. Foliage light green. **Pkt. 10c; ¼ oz. 15c; ½ oz. 25c.**

2486 Miss Jekyll A favorite variety. The rich blue, double flowers are nestled amidst a crown of finely-divided, light green foliage. The flowers are followed by curiously balloon-shaped seed-pods. **Pkt. 10c; ¼ oz. 20c; ½ oz. 30c.**

Nigella has become a popular garden flower

Vicks Giant-Flowering Pansies

Should you be allowed to plant just one flower in your garden, what would be your choice. Wouldn't you likely select the Pansy? Easy of culture with a blooming period from early Spring through to late Fall, your selection of this flower would be a happy one. Pansies, favorites of old-fashioned gardens, are easily most popular of all flowers grown from seed. There is little likelihood of any other flower displacing the Pansy, especially so since the science of plant breeding has achieved such huge and gorgeously-colored, long-stemmed varieties. The seed can be sown in April and May for summer-flowering, and again in July or August for blooms in earliest Spring. Be sure to plant plenty of Pansies.

Trimardeau Giants

2502 Golden Queen Beautiful well-formed large blooms of a magnificent, rich clear golden yellow color. They are borne profusely on compact, well rounded plants. The best of the yellows. **Pkt. 10c; 1/8 oz. 35c.**

2507 Imperial Blue Few flowers can compare with this lovely large Pansy in richness of color. The blooms are very large, well-formed, and carried on long stems well above the foliage. They are a bright rich ultramarine blue with a blotch of darker blue on the 3 lower petals. Blooms freely and continuously from mid-summer until late fall. **Pkt. 10c; 1/8 oz. 35c.**

2508 Lord Baltimore A broad border of rich golden yellow surrounding a maroon-black center. **Pkt. 15c; 1/8 oz. 50c.**

1575 Collection of Trimardeau Giant Pansies

This collection contains one Pkt. each of the following three large-flowered and free-blooming Pansies: Imperial Blue, Lord Baltimore, and Golden Queen. (Value 35c) **20c** for

2540 Trimardeau Mixed

Giant-flowering Pansies in a great range of colors—purple, wine-red, rose, black, white, etc., besides the three colors above described. This exceedingly popular class of flowers produces compact plants, neat in habit, with bright green foliage. Will give a variety of color to your spring garden, or add interest to your window boxes or summer borders. **Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.**

2535 Swiss Giants

Here is a strain of Pansies that takes its place among the finest. It was originated in Switzerland by a Pansy specialist who selected it for extra large blooms of heavy texture with strong stems to hold these blooms well above the foliage. This strain includes a truly wonderful range of color with the rich dark shades predominating. All blooms are attractively blotched giving them particular appeal. It is splendid for beds, borders, and superb for cutting. **Pkt. 35c; 1/16 oz. \$1.00.**

2545 Vicks Giant Superb Mixture

There are many gardeners who like to grow a mixture of all types of Pansies with large blooms and we have taken great care to include in this splendid mixture only the largest flowering varieties in both self colors and lovely marked and blotched designs. It includes the very best introductions of both American and European growers and can be depended upon to give magnificent large blooms in rich and varied colorings. **Pkt. 35c; 1/16 oz. 85c.**

2525 Giant Mastodon

Just as the name implies, these Pansies are of immense size. The blooms are well-shaped and have petals of extremely heavy texture while the plants are compact, bushy, and produce their big flowers freely. Every imaginable color is found in this strain from pure white to deep mahogany. **Pkt. 30c; 1/16 oz. 85c.**

Oregon Giants

2530 Oregon Giants

This mixture produces the largest Pansy flowers of any that we have seen. If well grown they are 4 in. across. The flowers are flat, a characteristic adding still further to their size. A gracefully waved edge adds beauty to blooms which otherwise are flat. Few Pansy mixtures can boast of as many lovely and rich colors. Oregon Giants are probably best of all Pansies for cutting—they are extra long-stemmed. Among trials of Pansy seed from growers everywhere, last season we found no other Pansy approaching it in size or in general perfection. **Pkt. 40c; 1/16 oz. \$1.00.**

2501 Giant Ruffled Masterpiece

A strain of crinkled and ruffled heavy textured Pansies of European-origin. Masterpiece is grown and admired by Pansy enthusiasts all over the world. The flowers are striking; and so very heavily ruffled that they appear double. Their long, straight stems bear them rigidly upward. In the mixture the colors range from pure white to the deepest maroon, including splendid art shades such as are seldom found in any other strain. As Ruffled Pansies always seem to charm the public, they are favorites for market. **Pkt. 15c; 1/16 oz. 35c; 1/8 oz. 60c.**

2520 Orchid Flowered

Though the blooms are only medium size, you will agree that this is a wonderful Pansy. Delicate tints, soft shadings and blends give them color that are found in some of our choicest orchids. The blooms are exquisitely ruffled about the edges. **Pkt. 15c; 1/16 oz. 40c; 1/8 oz. 70c.**

2550 Vicks Bedding Mixture

These are the old-fashioned Pansies that are of such value for growing and massing in beds where the size of the flowers is of minor importance. **Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c.**

9418 How to Grow Roses

By Pyle, McFarland, and Stevenson
A wonderful book filled with expert but practical information on any problem likely to be encountered in growing roses. 211 pages; 138 illustrations. **\$2.00 per copy.**

A planting of our Superb Pansy Mixture

Giant Petunias

How the huge flowers, in so many and such beautiful colors could result from such dustlike seeds seems almost miraculous. They have been developed from the smaller garden varieties of Petunias and are a tribute to the plant breeder. Blooms in some varieties measure 7 inches across. There is a variety of lovely colors and harmonious color combinations. These require a bit more care in growing than the ordinary Petunia.

2576 Vicks Ruffled Dwarf Giants of California

Exquisite ruffled and fringed flowers in a variety of colors and color combinations, all of them exceedingly bright and beautiful. The plants bearing the 4 and 5 inch flowers are dwarf and compact. There are light shades with delicate tints and veinings of yellow or apple green, light pink, or lavender. Pkt. 40c; 1/128 oz. \$1.25.

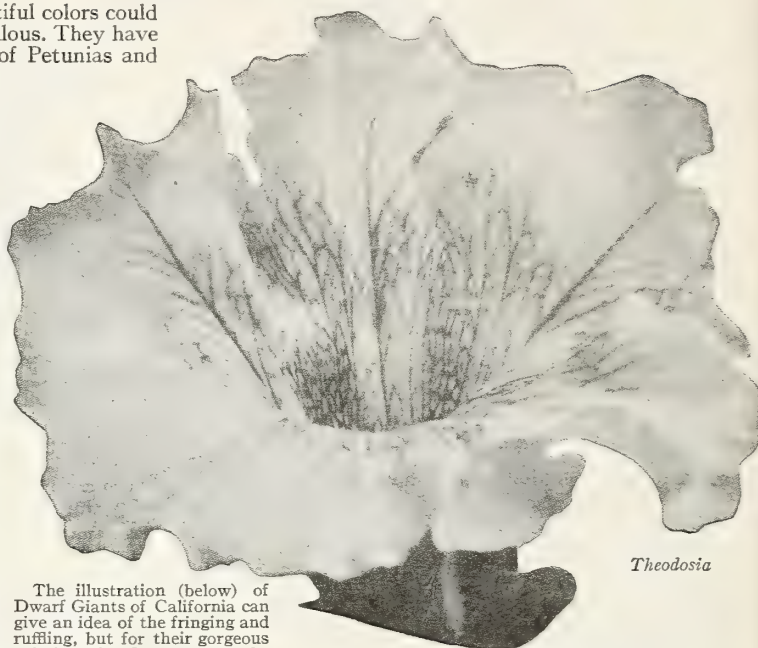

2570 Large-Flowering, Mixed

Single. This is a large flowering strain with blooms which, however, are quite a bit smaller than those of the Giants. It blooms profusely and is fine for beds or borders where the colorful blooms will give a fine display throughout the season. Pkt. 20c; 1/32 oz. 70c; 1/16 oz. \$1.25.

5185 Collection

Five Magnificent Giant Petunias

This assortment contains five of the finest Giant Petunias ever developed: Copper Red, Elk's Purple, Evening Star, Robin Hood, and Theodosia. One pkt. of each (value \$1.50) for..... **\$1 00**

Theodosia

2573 Theodosia

Gloriously colored, rich rosy red flowers with centers of golden yellow. Purplish black veins lead into the throat. Pkt. 35c; 1/128 oz. 75c.

2571 Elk's Purple

Lovely, large, broadly-lobed, star-shaped, rich dark Elk's purple flowers. The huge 5-pointed stars stand out with brilliant contrast against the rich green foliage. This is one of the loveliest of all Petunias and a favorite variety. Pkt. 25c; 1/128 oz. 70c.

2582 Evening Star

Huge white flowers that glisten in the sun, the dazzling whiteness accentuated by their rich yellow throats. This is a splendid new variety of free blooming habit. Pkt. 30c; 1/128 oz. 75c.

2572 Fluffy Ruffles

The most glorious of all Petunias. Of enormously large size with beautifully waved and artistically fringed and ruffled edges, it is free flowering and vigorous. A variety of colors—pink, scarlet, lavender, purple. Pkt. 30c; 1/128 oz. 70c.

2579 Giant Copper Red

Beautifully ruffled blooms measuring 5 to 7 in. across. The color of these enormous flowers is an unusual terra-cotta-red, with the throat a metallic bronze. Pkt. 30c; 1/128 oz. 75c.

2568 Giant Pink Empress

Deep rose-pink with throat of golden yellow. Grows compactly and flowers freely. Pkt. 35c; 1/128 oz. 85c.

2581 Robin Hood

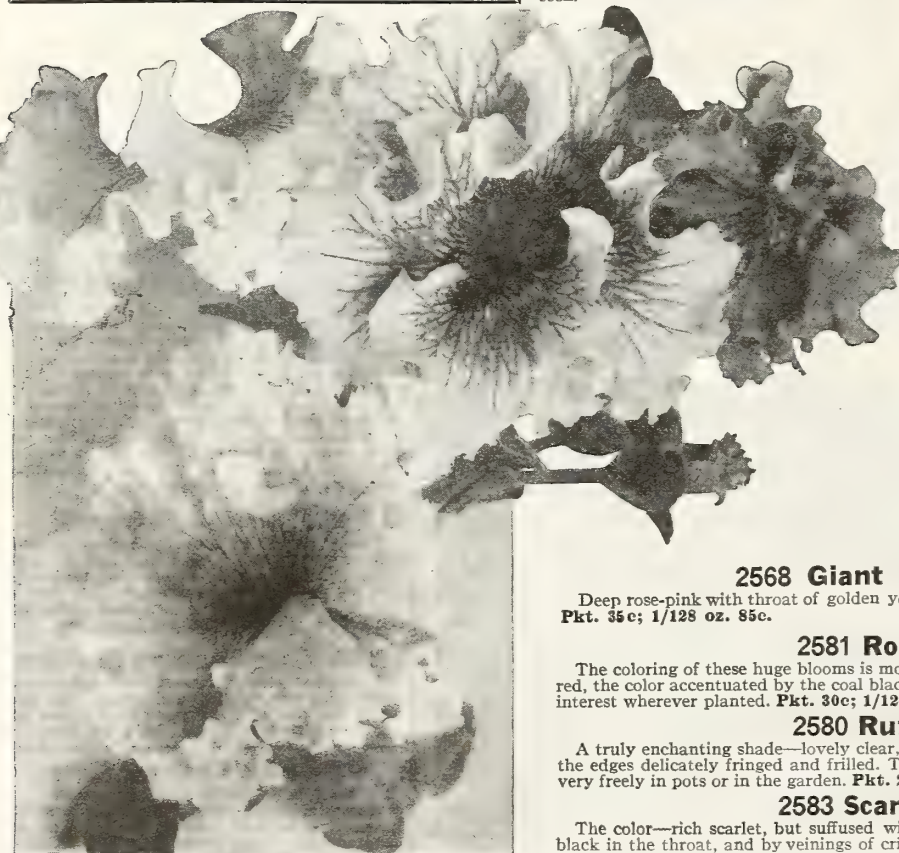

The coloring of these huge blooms is most unusual. The outer portion is bright rich red, the color accentuated by the coal black center. This new variety always attracts interest wherever planted. Pkt. 30c; 1/128 oz. 75c.

2580 Ruffled Pink

A truly enchanting shade—lovely clear, rich pink. The flowers are of giant size with the edges delicately fringed and frilled. This superb variety blooms continuously and very freely in pots or in the garden. Pkt. 25c; 1/128 oz. 70c.

2583 Scarlet Beauty

The color—rich scarlet, but suffused with a rosy glow—is heightened by a touch of black in the throat, and by veinings of crimson. The flowers are huge, and exquisitely waved and frilled. Pkt. 25c; 1/128 oz. 70c.

Petunias —

Bedding Varieties

For a showy display of color plant these Petunias. Few flowers are more easily grown, and none can excel them in freedom of bloom.

Hybrida or Spreading Varieties

These varieties spread out over the ground, growing to greatest perfection and beauty when planted in beds or borders.

2574 Burpee's Blue A clear, rather delicate mid-blue. Considered the finest blue Petunia, and one of the most beautiful of all blue flowers. **Pkt. 20c; 1/32 oz. 45c.**

2561 Howard's Star Improved The large blooms display a white five-pointed star against a background of rich purple-crimson. Ever since its introduction, Howard's Star has been a favorite in gardens all over the country. **Pkt. 15c; 1/16 oz. 30c; 1/8 oz. 50c.**

2594 Queen of the Market Gorgeous cherry-rose of unusual brilliance. **Pkt. 35c; 1/128 oz. \$1.00; 1/64 oz. \$1.75.**

2563 Rosy Morn A charming variety. The lovely light rose-pink blooms shade to silvery white in the throat. Always mass your plantings of this variety and have a glorious sea of pink bloom. **Pkt. 10c; 1/16 oz. 40c.**

2595 Setting Sun A new variety with deeply ruffled rose flowers on compact plants. **Pkt. 40c; 1/128 oz. \$1.35; 1/64 oz. \$2.50.**

2567 Violaacea Beautiful deep violet blooms. The color instantly attracts the eye with its warm richness. The blooms have a velvety appearance which gives the color greater depth and richness. A real addition to any garden. **Pkt. 10c; 1/16 oz. 35c; 1/8 oz. 60c.**

Nana compacta Varieties These varieties produce compact, well-rounded little bushes which grow only about 8 inches tall and a foot across. They bloom quite as freely as do the Hybrida varieties.

2560 Brilliant Rose Large, well-formed, bright rich rose blooms. **Pkt. 15c; 1/16 oz. 30c.**

2566 Cockatoo Small neat compact bushes with plenty of the lovely little flowers. They are deep violet-purple, attractively marked with white. **Pkt. 20c; 1/32 oz. 40c; 1/16 oz. 70c.**

2562 Rose of Heaven Lovely rose blooms with white throats. The favorite Petunias for bedding. **Pkt. 15c; 1/16 oz. 30c.**

2564 Snowball Exceedingly pretty with the star-shaped little flowers covering the rounded bushes. **Pkt. 10c; 1/16 oz. 30c; 1/8 oz. 50c.**

2569 White Cloud Flowers actually hide the foliage. Splendid for bedding or potting. **Pkt. 25c; 1/128 oz. 70c.**

2565 Bedding, Choice Mixed

All the varieties described here, and many others to add still greater contrast and variety. **Pkt. 10c; 1/8 oz. 50c; 1/4 oz. 85c.**

5188 Collection of

Bedding Petunias

The three Bedding Petunias which we offer in this collection will give a particularly striking color contrast. They are Violaacea, Snowball, and Rosy Morn.

One packet each (value 30c) for... **10c**

2591 Bedding and Balcony Mixed

The best varieties of both types are included in this mixture which is especially colorful. **Pkt. 10c; 1/32 oz. 30c; 1/16 oz. 45c.**

Balcony Petunias

Large-Flowered Bedding Varieties

Favorites for porch and window boxes, terrace and rocky plantings. Large-flowered and very free blooming.

While Balcony Petunias are especially recommended for boxes, they are unexcelled for planting out in beds and borders. The large showy blooms are borne abundantly from early summer until frost on plants with elegant long branches. The flowers average almost 3 inches in diameter.

2586 Balcony Crimson

2589 Balcony White

2587 Balcony Rose

Any of these 3 varieties:

Pkt. 15c; 1/32 oz. 35c.

2585 Balcony Blue Its color between violet and indigo blue, this variety is a very great favorite. The showy, bright though deep-colored flowers are quite large. **Pkt. 15c; 1/32 oz. 45c.**

2592 Star of California This newer variety has charming flowers—velvety violet shaded crimson and enhanced by large white blotches on the petals. At its best in porch boxes. **Pkt. 15c; 1/32 oz. 45c**

2588 Lustrous Crimson Cerise The color is so bright and shining it is truly "lustrous." We believe "Crimson Cerise" to describe it most accurately. It is so vivid and burning a color that a planting attracts instant and admiring attention. **Pkt. 25c; 1/128 oz. 70c; 1/64 oz. \$1.25.**

2590 Balcony Mixture

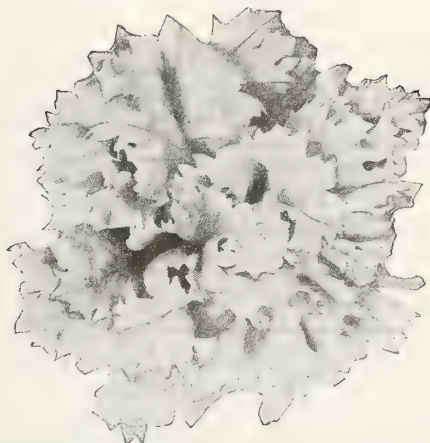

We have taken care to ascertain that each of the above six Balcony Petunias is properly represented here. A source of color for your garden from mid-summer to frost. **Pkt. 15c; 1/32 oz. 35c; 1/16 oz. 60c.**

5181 Collection of

Balcony Petunias

For a colorful display all during summer and fall

With this collection you have opportunity to make those combinations of color which you prefer for your window boxes and your garden. 1 packet each: Balcony Blue, Balcony Crimson, Balcony Rose, Balcony White and Star of California (value 75c) for... **35c**

2577 Fancy Fringed Double Petunias

Extra large, double blooms in a varied array of colors and color combinations. Our seed, produced by the finest growers, will give a good percentage of double flowers. The seeds are very small and should be started in a box or pan of good loose soil. Simply press the seed into the soil and cover the box with a pane of glass until the seeds are germinated. Give particular attention to the smaller seedlings with crumpled leaves as these are usually the ones which produce the finest double blooms. **Pkt. 50c; 2 pkts. 90c; 1/128 oz. \$2.50.**

Annual Phlox

Phlox Drummondii

Few annual flowers are more easily grown or more colorful than these large-flowering Phlox. They can now be had with flowers as large as those of the perennial varieties, and in a wide range of both brilliant and soft colors. Plants come quickly from seed started early indoors or sown out in May.

Large-Flowering Drummondii Grandiflora

The plants average a height of 12 to 15 inches. They produce large flower heads in which many of the blooms are an inch in diameter.

2600 Carnea A charming combination—the flowers are intense rich pink each having an apricot eye.

2601 Crimson A rich, yet very soft crimson. Flowers are quite large.

2602 Lilac Very lovely clear lilac. The flowers are marked with a white eye.

2603 Primrose No other color is quite so soft as this deep primrose-yellow. Use for bedding and for bouquets.

2605 Ruby A bright deep red—the best of the dark shades.

2607 Scarlet Few flowers can equal Phlox in brilliancy—especially the Scarlet.

2609 Violet A good clear blue-violet shade, without a touch of magenta. Not at all a deep shade.

2610 White Produces especially large individual flowers of pure, unblemished white.

Any of the above:

Pkt. 10c; 1/8 oz. 30c.

2611 Vicks Finest Mixed A well balanced mixture of all the splendid large-flowering varieties described above and a few others which still further widen the color range. Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.

5201 Collection of Four

Lovely Annual Phlox

This collection contains one pkt. each of the following four varieties: Crimson, Primrose, Lilac, and White

charming
bouquets

Dwarf Phlox

Drum. Nana Compacta

The little plants, only 6 to 8 inches tall, are compact and bear an abundance of flowers which makes them always a dense mass of bloom. Perfect for bedding.

2625 Fireball ® Use for bedding to have a smooth carpet of bright scarlet.

2626 Pink ® A soft color, but one having great intensity and brilliance.

2627 Snowball ® The large white blooms obscure the foliage from the time they open.

Any of the three colors:

Pkt. 15c; 1/8 oz. 50c.

2628 Mixture of Dwarf Phlox A choice mixture of the above and some other colors including vermilion, sky-blue, and rich scarlet. In flower throughout the season until frost. Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.

2612 Starred and Fringed Phlox Cuspidata

This unusual but most attractive variety has petals which are fringed and pointed, and differs widely from the other annual Phlox. The fringing gives it a rather delicate and fragile Dianthus-like appearance. There is a variety of colors, mostly soft pinks, roses, or reds; some are a solid shade, others are edged in white, and still others present a combination of colors. Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.

Portulaca

Rose Moss-Rock Rose

One of the easiest to grow and most colorful annuals unexcelled in the rockery, in sunny beds, between stepping stones, and as a filler-in beside taller flowers. Sow in spring to have the plants in bloom throughout the summer and fall. A spreading and moss-like sun-loving plant.

2671 Single Mixed ®

Requires a sunny location and is particularly for the rock garden where it will flower till late fall. Does well even in very dry soil. Brilliant colors in a wide range, from orange through white, red, buff, salmon and others. Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

Rose-Flowered ®

(illustrated below)

2670 Double Mixed This variety has flowers shaped like roses and is especially handsome. It is equally charming for rock-garden planting and for dwarf beds, dwarf borders, porch boxes, etc. Portulacas require full sun and it is the sun which seems to intensify the flower color, making the blossoms seem particularly rich and lovely. During the late summer and early fall the moderately cool weather causes the flowers to be more double than ever. Orange, salmon and red shades all are included. Pkt. 10c; 1/8 oz. 50c; 1/4 oz. 85c.

5391 Sixteen Showy Annuals for 75c

The varieties selected for this collection are all of easiest culture. They will also give color throughout the season.

Alyssum, Little Gem
Baby's Breath, Annual White
Blue Lace Flower
Calendula, Double Mixed

Annual Sweet William

2835 Mixed Annual. Sow the seed of this handsome Sweet William outdoors early in the spring, and it will bloom profusely the first year. 12 in. Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.

3975 Sweet Wivelsfield

Few flowers have richer colors and a longer blooming period than this new type of Sweet William. The flowers are borne in broad heads almost completely covering the foliage. If sheltered, the plants will live over winter. Blooms the first year from seed. 12 in. Pkt. 15c; 1/8 oz. 40c.

Thunbergia . Black-Eyed-Susan Vine

3980 Alata, Mixed A lovely trailing plant much used in hanging baskets, boxes, and as a ground cover. Buff, yellow, and white flowers, many with black eyes. Handsome foliage. Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.

Tithonia

2840 Speciosa Gorgeous flowers of bright orange with a scarlet tint. They resemble great single Dahlias, 3-4 in. across. The plants are quite tall, and heavily foliaged, making Tithonia suited only to background planting. Start the seed early indoors for the earliest blooms outside. The flowers are fine to cut, having good lasting qualities. Pkt. 20c; 1/8 oz. 45c.

Finest Mixtures

2990 Annual Flowers for Bedding

A mixture of free-blooming annuals, of dwarf, compact habit of growth. Plant this for a riot of color throughout the summer and fall. Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

2991 Annual Flowers for Cutting

Plant this for long-stemmed cut flowers throughout the summer and fall. A variety of flowers to add charm and color to your garden. Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

2980 Old-Fashioned Flower Garden Mixture

Contains a wide assortment of annuals in a glorious array of colors. Tall and dwarf varieties are included. Plenty of flowers from early summer to frost. This is an ideal mixture for broadcasting in a spot which is not to be cultivated. Pkt. 10c; oz. 25c.

Giant Scarlet Verbena

Hybrid Verbenas

These are improvements on the old-time Verbenas, with larger flowers which, however, do not reach the proportions of those of our New Giant varieties.

2935 Mammoth Mixed

Contains only the finest named varieties with large flowers. Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c.

2925 Fireball Dwarf and large flowered compact little plants just 6 in. tall with bright scarlet flower heads. Pkt. 15c; 1/16 oz. 45c.

2926 Royal Bouquet, Mixed Large flowers in many bright colors. Compact, upright-growing plants. 15 in. Pkt. 15c; 1/16 oz. 35c; 1/8 oz. 60c.

Torenia

2855 Fournieri A splendid flower for window boxes, hanging baskets, and for growing in beds. The velvety blue flowers, blotched with dark blue and gold, are orchid-like in shape. 10 to 12 in. Pkt. 15c; 1/16 oz. 45c.

Ursinia

2875 Anethoides Attractive plants with Daisy-like blooms, the small dark center of each surrounded by graceful, bright golden petals arranged in starlike fashion. At the base of each petal is a glossy black spot. Blooms until frost. 1 ft. tall. Pkt. 20c; 1/16 oz. 50c.

Venidium

2885 Fastuosum Outstanding among the new annuals. It is easy to grow and has attractive light green, woolly foliage. The elegant, large, Daisy-like flowers have long and wide bright orange-yellow ray-petals set so closely together as to form a complete circle. The dark center adds beautiful contrast. Blooms from mid-summer until frost. Pkt. 20c; 1/16 oz. 65c.

Vinca . Periwinkle

2954 All Colors Mixed The ornamental flowers are displayed beautifully against the shiny green foliage. Fine for bedding and for window boxes. 12 in. Pkt. 10c; 1/4 oz. 40c; 1/2 oz. 70c.

Verbenas

Verbenas give a truly fine display of color wherever planted. They are so vigorous and free-blooming and are such a satisfactory flower, that they deserve wider planting.

New Giant Verbenas®

Giant flowers from mid-summer to frost. Splendid for beds, borders, rock-garden, or box planting. The blooms are 1 in. across, the plants 1 ft. tall.

5340 Verbena Collection

This collection contains: Etna, Luminosa, Royale, and White. One pkt. of each (value 60c) for **40c**

2900 Blue, White Eye	2904 Rose-Cardinal
2901 Etna	2905 Royale
2903 Luminosa	2906 Scarlet
	2907 White

Any of the above colors: Pkt. 15c; 1/8 oz. 50c.

2902 Lavender Glory Beautiful pure lavender with a creamy eye. Very fragrant. You will be delighted with the excellent color contrast and rich effect of the immense flower heads. Pkt. 20c; 1/16 oz. 60c.

2908 Giant Mixed Verbenas

All the above lovely shades in a careful blend of rich colors. Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.

SWEET PEAS—Vicks Early Flowering

For Greenhouse and Garden

These varieties of Sweet Peas are valuable for greenhouse culture and are also adapted to outdoor planting in warmer climates, such as certain of our southern states, Australia, and South Africa. In cooler climates they are valuable because they come into bloom quickly. The large, well-formed flowers are arranged in graceful sprays of four blooms each. The strong stems attain a length of 15 in. under favorable greenhouse conditions. If grown in the garden the vines are not quite as vigorous as the Summer-Flowering Spencer Sweet Peas, yet their blooms are equally as large and well formed. They are also known as Winter-Flowering Sweet Peas.

Prices for all Sweet Peas on this page, unless otherwise noted:

Pkt. 15c;
½ oz. 30c;
oz. 50c.

Mrs. Herbert Hoover

Vicks Sweet Peas

Summer-Flowering Spencer Varieties

Our Sweet Peas are grown for us in California in a section where soil and weather conditions combine to produce well-ripened seeds of highest vitality, sure to give a magnificent display of flowers. Sow the seed as early in the Spring as the ground can be prepared. Deep preparation of the soil leads to production of better flowers.

Any of the Sweet Peas on this page, except where otherwise noted:
Pkt. 10c; ½ oz. 20c; oz. 30c.

White and Cream

3205 Avalanche Magnificent, well-waved, pure white blooms.

3245 Daffodil Improved Deep cream.

3328 Matchless Large flowers of a rich, deep cream shade; elegantly formed.

3329 Model A white-flowering black seeded variety of magnificent proportions.

3477 What Joy Rich, deep Primrose-yellow. One of the best colors classed as cream.

Light Pink

3203 Ascot A favorite with many flower growers. The color is a pleasing delicate pink. Has the best of growth habits.

3334 Mrs. H. J. Wright Handsome warm, rich rose-pink flowers with a cerise flush.

Deep Pink

3298 Hawlmark Pink Always popular because of its gorgeous coloring—bright rose-pink tinted with salmon. Large and gracefully waved and frilled.

3381 Pinkie Large, well-formed blooms of clear pink in fours on a fine long stem.

Rose

3222 Brilliant Rose Lovely, large, bright rose blooms.

3297 Happiness Delightful blend of coral-pink and cream.

3310 Idyll A variety having really magnificent, colorful blooms of rich cream-pink.

3380 Picture Showy large blooms of a lovely combination of pink and cream.

Cerise

3200 Adorable Light cerise on cream ground with just a suspicion of bronze.

3244 Delightful Deep cerise suffused with orange.

3251 Fireglow Of startling brilliance. Cerise over rose.

3253 Flaming June A gorgeous, rich, deep cerise. This variety is of outstanding merit.

3333 Mrs. Luther Burbank Cerise with a subdued suffusion of salmon-pink, and wings of lighter shade. Pkt. 15c; ½ oz. 30c; oz. 50c.

Scarlet-Cerise

3252 Fire A lively shade of flaming red illuminated by glowing scarlet-cerise. It is sun-proof, vigorous, and free flowering, as well as descriptively named. Pkt. 15c; ½ oz. 25c; oz. 40c.

3402 Royal Scot Bright and lustrous scarlet-cerise flowers with an orange sheen.

Scarlet

3231 Captain Blood The large scarlet flowers have a distinct and charming copper glow. A brilliant shade that is well liked.

3300 Huntsman The beautiful large flowers of brilliant scarlet are artistically arranged in fours on the stems. They are perfectly sun-proof.

3331 Mrs. C. P. Tomlin Bright fiery red.

Orange-Scarlet

3325 Mammoth A meritorious variety, its brilliant orange-scarlet winning frequent award.

Orange-Pink

3280 George Sawyer Large showy flowers of bright orange-salmon with wings exquisitely tinted rose. This variety is most pleasing.

Lavender

3201 Ambition A magnificent pure lavender. The enormous flowers of this splendid new variety are produced in sprays of four and five. Pkt. 15c; ½ oz. 25c; oz. 35c.

3204 Austin Frederick Improved Artistic sprays of large, well-rounded lavender blooms.

3368 Orchid Improved This variety is among the finest of Sweet Peas. A bright orchid shade.

3382 Powerscourt Mammoth lavender blooms of medium color intensity. Very free-blooming.

3476 Wembley A splendid variety standing out as distinct and superior to other lavenders because of its glorious silvery iridescence.

Purple

3255 Floradale Purple True purple of charming softness. A long-stemmed and free-blooming variety.

3365 Olympia Lovely large blooms of a gloriously rich and bright purple color. Free-flowering.

3399 Regal Purple Large blooms of pure, clear, rich purple.

Mauve

3315 King Mauve Its warm, rosy mauve color makes this variety a favorite with many.

Striped and Flaked

3202 America This attractive Sweet Pea has an ivory-white ground beautifully striped with brilliant crimson-red. The large, well-formed flowers are freely borne. Possesses unusual vigor.

3440 Senator Charmingly showy flowers of light heliotrope, striped and flaked with deep chocolate and claret.

Summer-Flowering

Any of the Sweet Peas on this page, except where otherwise noted:
Pkt. 10c; ½ oz. 20c; oz. 30c.

Orange

3258 Fordhook Orange Clear bright orange in color. Will stand a lot of sun without scalding. Pkt. 10c; ½ oz. 20c; oz. 35c.

3455 Tangerine Improved Large, well-formed blooms of vivid, rich tangerine-orange.

3283 Guinea Gold Large-sized, attractive flowers of a glowing orange shaded with liquid gold. Orange Sweet Peas always cause a stir of admiration, wherever exhibited.

3366 Orange Flame Outstanding as the most deeply colored of all orange Sweet Peas. Large, well-rounded flowers carried 4 to a stem.

Crimson

3225 Charity The brilliant blooms are of intense rich crimson. Its vivid color makes it a favorite with many flower growers.

3230 Crimson King Considered the finest of the crimson colored Sweet Peas. You will be surprised at its size and elegant form.

Maroon

3459 The Sultan Rich velvety maroon flowers almost black in color. They are perfectly free from any undesirable purple or rusty shadings.

Picotee

3441 Sunkist A delicate shade of cream with a lovely, well-defined pink edge.

3485 Youth Waxy white with a beautiful pink picotee edge. Very charming.

Blue

3221 Blue Bird This summer-flowering variety is a medium shade of blue. Its flowers are of large size and good substance.

3257 Fordhook Blue An outstanding rich azure or light violet-blue. There are quantities of large well-formed blooms produced four to a stem.

3460 Tom Webster Popular and lovely mid-blue flowers.

3474 Veronica The brilliant mid-blue of the popular Veronica.

Glen Eagles

Giant Ruffled Sweet Peas

The Giant Ruffled Sweet Peas are the newest and by far the most beautiful of all Sweet Peas. The graceful ruffling, doubling, and frilling of the standard and wings make the flowers appear almost double. There is a

grace and loveliness to the large ruffled blooms that increases their charm beyond that of almost any other flower, and there are almost always four flowers to each stem. They are really gloriously fragrant.

3256 Fluffy Ruffles Large ruffled flowers of fluffy appearance. The color is an exquisite cream-pink shade. Forms elegant four-flowered sprays. Pkt. 15c; ½ oz. 25c; oz. 40c.

3317 Lady Ruffles This, the most beautiful of all the Ruffled Sweet Peas, is a soft pink self on a white ground. Pkt. 20c; ½ oz. 60c; oz. \$1.00.

3408 Ruffled Carmine Remarkably bright carmine rose flowers exquisitely frilled. Beautiful in their large size and good substance, and though gaudy, the color is without glare or harshness. Pkt. 20c; ½ oz. 60c; oz. \$1.00.

3490 Vicks Ruffled Mixture

The new ruffled type of Sweet Pea never fails to win admiration, and we have prepared this superb mixture for those who desire a grand display of all colors. It is a carefully made blend of all colors. Large, dainty, frilled and ruffled blooms produced in fours on long, sturdy stems, borne freely. Pkt. 20c; ½ oz. 45c; oz. 75c; 4 ozs. \$2.25; ½ lb. \$4.00; lb. \$7.50.

Light Blue

3281 Glen Eagles Beautiful light silvery blue flowers. Extra-large, well-rounded blooms that are carried in fours on fine long stems.

Dark Blue

3219 Blue Ribbon Deep blue with purple cast in the standard that lends especial charm.

3228 Commander Godsall The large, well-waved, deep violet-blue flowers on sturdy stems are arranged in elegant sprays.

3259 Fortune A newer dark blue variety of large size.

3491 Vicks Superior Mixture

A complete mixture of the finest and largest Orchid or Spencer Sweet Peas. Each color and shade is represented in the right proportion so that a row of these will immediately impress you with its well-balanced color assortment. Only the finest large-flowered varieties are included. Pkt. 10c; ½ oz. 20c; oz. 30c; 4 ozs. 90c; ½ lb. \$1.45; lb. \$2.50.

Old-Time Sweet-Scented Varieties Grandiflora

The flowers produced by this class of Sweet Peas are smaller than those of the Spencers. Some have erect standards, in others they are quite pointed. The flowers are exquisitely fragrant.

3492 Dorothy Eckford Improved White flowers. Pkt. 10c; oz. 20c; 4 ozs. 60c.

3493 Flora Norton Bright blue tinted with purple. Pkt. 5c; oz. 15c; 4 ozs. 55c.

3494 Janet Scott Pink shading to buff. Lovely. Pkt. 10c; oz. 20c; 4 ozs. 60c.

3495 Lady Grisell Hamilton Soft lavender. Pkt. 10c; oz. 20c; 4 ozs. 60c.

3496 Prima Donna Lovely, large pink flowers. Pkt. 5c; oz. 15c; 4 ozs. 55c.

3497 Queen Alexandria Large scarlet flowers. Pkt. 5c; oz. 15c; 4 ozs. 55c.

3499 Vicks Old-Time Mixture

The above and others. A fine mixture, embracing many colors and varieties. Pkt. 5c; oz. 15c; 4 ozs. 50c; ½ lb. 75c; lb. \$1.25.

Vicks Collections Old-Time Sweet-Scented

5025 1 pkt. each: Dorothy Eckford, Janet Scott, Queen Alexandria (value 25c) **10c**

5024 1 pkt. each of all 6 above varieties (Value 45c) **20c**

VICKS ZINNIAS

Choice Seeds for the Brightest Colors, Most Perfect Flowers

Zinnias Easy To Grow

Perhaps it is its ease of culture that has made the Zinnia the most popular annual flower. Certainly it thrives almost anywhere, and is quite hardy. For early blooms, sow the seed in boxes indoors about 6 weeks before outdoor planting time. Make outdoor sowings as soon as the soil is dry enough to work and all danger of frost is past. Set the Zinnia plants 18 to 24 ins. apart for the finest flowers.

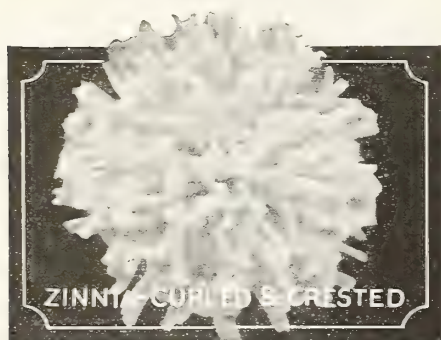

Cactus-Flowered

Named because of similarity to the Cactus-Flowered Dahlias. Each petal is distinctly quilled, though the flowers are fuller with a greater number of petals than the Dahlias. The coloring of the flowers is simply enchanting—the upper surface of each petal being outlined in the same lighter shade which colors its underneath surface. Plants grow 3 feet tall.

3077 Mixed Colors A variety of warm colors practically all of which are shades of red and pink: salmon, deep rose, old rose, russet, lilac and dark red. **Pkt. 15c; 1/8 oz. 35c; 1/4 oz. 60c.**

Curled and Crested

A unique Zinnia, but one exceedingly beautiful. Its unusual form and good colors qualify better for cutting than for garden display.

3075 Mixed Made charming and fantastic in shape by the crested, curled, and twisted petals. The colors are shades of salmon, yellow, rose, and deep crimson. The plants are 1 1/2 ft. tall, and 2 ft. in diameter. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c; oz. 85c.**

An All-Purpose Flower

Vicks have a Zinnia for every purpose—for beds, borders, for cut-flowers. All are vastly superior to the old-fashioned form that was called "Youth and Old Age." Zinnias, with their freely-borne, handsome, richly-colored flowers, can transform any place in the garden into a spot of beauty. Formal and rather stiff in habit of growth, it is one of the easiest flowers to arrange, and gives best effect.

Giant Mammoth

Brilliantly colored and massive, the Giant Mammoths are deserving a place in every garden. The plants bloom freely from mid-summer to frost. These plants are 2 to 3 ft. tall, forming well-branched round bushes. Effective for garden display, the Giant Mammoths are also recommended for cutting. The blooms are 4 inches and more across.

3004 Burnt Orange A colorful variety with enormous flowers.

3011 Isabellina A lovely variety—pale straw yellow—one of the most beautifully colored Zinnias. Charming when used in purple container.

3001 Crimson Attractive flowers of splendid color.

3013 Deep Rose Brilliant even though the color is intense.

3012 Deep Salmon Rose A new color and highly desirable.

3003 Golden Yellow Massive, with a metallic luster.

3006 Purple True purple. Charming in the garden and for cutting.

3008 Scarlet The robust plants bloom profusely.

3009 White Especially lovely when arranged with pink or purple varieties.

Any of the above: Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.

Special-Giant Mammoth Zinnias-Collections

5367	1 pkt. each: Deep Rose, Golden Yellow, Scarlet (Value 30c) only.....	10c
5368	1 pkt. each: Deep Rose, Golden Yellow, Scarlet, Purple, White, Burnt Orange (Value 60c) only.....	20c

*Giant Mammoth,
Isabellina*

3010 Giant Mammoths, Mixed Colors

This mixture will repay those who plant it, with a profusion of bloom in glorious colors. So carefully was the mixture compounded that the colors blend together in almost perfect harmony. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c; oz. 85c.**

Giants of California

The Largest-Flowered Zinnias

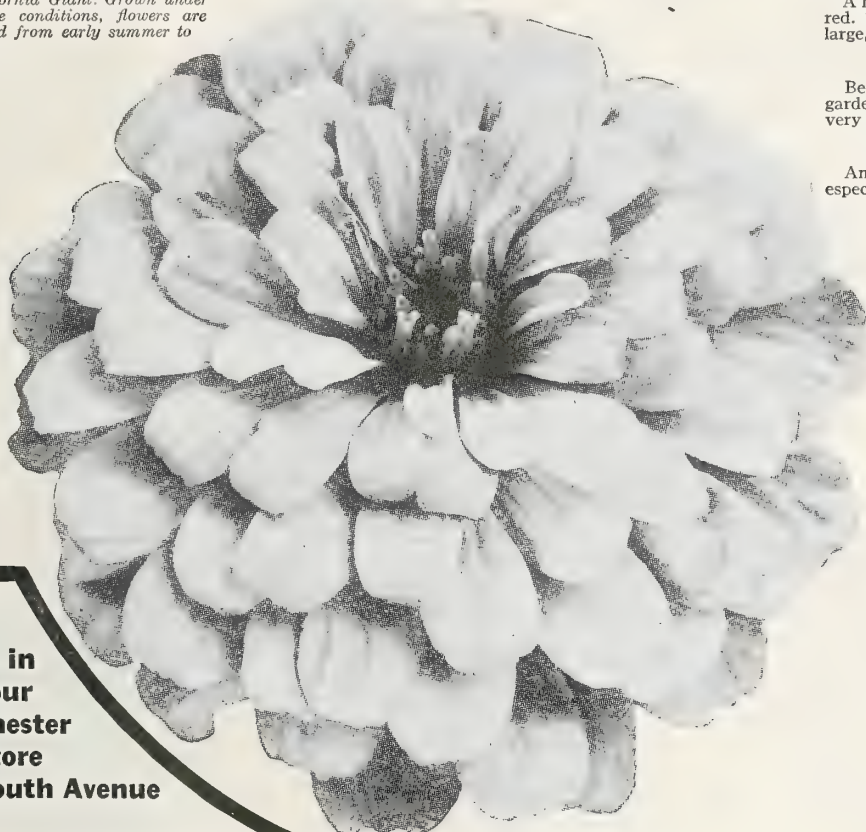

These are the newest Zinnias. Size in Zinnias is valued, and so plant breeders produce these Giants, with blooms still larger than those of the famous double Dahlia-Flowered. The blooms differ from the Dahlia-Flowered in having flowers which are somewhat more flattened. This, and the tendency of the loosely-placed, overlapping petals to curve outward can be noticed from the illustration. The latter characteristic gives them an appearance widely

different from the Dahlia-Flowered type. There is infinite grace to the large, bold flowers with their long strong stems which increase their value for cutting. The plants are taller than those of the Dahlia-Flowered. They are much branched, and grow 3 to 4 ft. tall. They bear a wonderful profusion of flowers from mid-season until frost. The varieties offered below represent all the finest colors available in this type of Zinnias.

5357 Special Collection Six GIANTS OF CALIFORNIA ZINNIAS

For a riot of color in your garden we recommend this collection which contains 1 pkt. each of Golden Queen, Miss Willmott, Orange King, Purity, Rose Queen, and Scarlet Gem. **50c**
(Value 90c) for only

A California Giant. Grown under favorable conditions, flowers are produced from early summer to late fall.

**Stop in
at our
Rochester
Store
45 South Avenue**

You are cordially invited to visit our Seed Store whenever you are in Rochester. We are always glad to see any of our customers. If you have any gardening problems, bring them to us for advice and assistance. You will find that we can accommodate you, not only with seeds, bulbs, etc., but also with plant foods, insecticides, and fungicides, of which we carry a complete line. Many of the latter are not offered in this book as they contain poison and cannot be shipped through the mail.

3051 Brightness

You won't ever be without this Zinnia after planting it once. Its deep scintillating rose-pink gave this variety its name. Brightness blends beautifully with other colors, making it a favorite variety for cutting.

3041 Golden Queen

Rich and brilliant; the golden yellow flowers are immense. This is one of the loveliest and most desirable of the Giants.

3050 Grenadier

A handsome flower of splendid dark ruby-red. The large blooms are borne lavishly on large, sturdy, well-rounded bushes.

3052 Lavender Gem

Be sure to include this fine variety in your garden. Lovely lavender shading to purple, a very desirable and useful color.

3043 Miss Willmott

An appealing variety that you will like especially well. Its soft pink coloring is very pleasing and much admired.

3044 Orange King

Just picture this variety in your garden with its radiant, bright burnt-orange blossoms! Splendid for cutting.

3046 Purity

Elegant, large, well-formed blooms with lovely pure white flower petals. The center of the flowers is tinted cream.

3047 Rose Queen

The color is lovely—very bright rose. It will add charm and good color harmony to your flower garden.

3053 Salmon Queen

A pleasing shade—pale pinkish salmon over an old rose ground.

3048 Scarlet Gem

This outstanding variety will enrich your garden by adding a touch of rich glowing scarlet. A very luxuriantly blooming variety.

Any of the above varieties:

Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.

California Giants 3049 All Colors Mixed

This mixture will give you the biggest Zinnias you have ever had and very likely the most beautifully colored ones you have seen. **Pkt. 15c; 1/8 oz. 35c; 1/4 oz. 60c; 1/2 oz. \$1.00.**

5362 Collection Four Giants of California Zinnias

This wonderful bargain collection contains one packet each of these four outstanding varieties: Brightness, Grenadier, Lavender Gem and Salmon Queen. **35c**
(Value 60c) for only

Dahlia-Flowered Zinnias

*The lovely Zinnia,
Canary Bird*

This is a gorgeous type of Zinnia with enormously large flowers of very refined appearance. The fully double blooms are composed of extra bold, graceful flower petals which are evenly spaced from the very edge to the center of the flower. On well-grown plants the flowers will measure 5 to 6 in. in diameter and 3 to 4 in. deep. The general appearance of the blooms is not unlike that of giant Dahlias and it is this resemblance which suggested the name Dahlia-Flowered Zinnia. Start the seed indoors for early blooms.

3031 Canary Bird Large blooms of delicate Primrose-yellow in luxuriant profusion on fine, tall, stocky plants.

3021 Crimson Monarch The largest-flowering of all Zinnias in this popular color—rich crimson-scarlet.

3022 Dream Brilliant flowers of lavender-blue with rosy sheen.

3023 Exquisite Flowers of clear rose, their gorgeous color deepening at the center, inspired this descriptive name.

3032 Golden Dawn Marvelous golden yellow flowers.

3024 Illumination Showy blooms of rich tyrian-rose.

Any of the above:

Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.

5354 Collection

Eight Dahlia-Flowered Zinnias

1 packet each of:

Golden Dawn, Illumination, Lemon Beauty, Meteor, Old Rose, Luminosa, Purple Prince, and Scarlet Flame.

75c

5350 Collection of Six Dahlia-Flowered Zinnias

(See the flowers in color on the back cover.)

One packet each: Polar Bear, Exquisite, Canary Bird, Dream, Crimson Monarch, and Oriole. Six fine varieties (value 90c) for **50c**

3033 Lemon Beauty Lovely light yellow over a pastel gold ground.

3025 Luminosa A new color. Bright deep pink overlaid with soft shades and tones of salmon.

3034 Meteor Deep dark red with a fiery glow.

3026 Old Rose Admired for its soft rosy loveliness.

3027 Oriole Bright glistening orange-gold with clear orange center.

3028 Polar Bear Large, pure white flowers. An extra fine variety.

3035 Purple Prince Deep purple in regal tones.

3029 Scarlet Flame The big brilliant flowers are dazzling bright scarlet blended with orange.

Any of the above:

Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.

3030 Dahlia-Flowered, All Colors Mixed

We know that you will like this special mixture since it includes just the proper proportion of each available color. It never fails to attract admiring attention wherever planted. **Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c; 1/2 oz. 85c.**

Small-Flowering Zinnias

The small-flowering Zinnias have the splendid form, habits and lovely colors of the large-flowering varieties in addition to their irresistible appeal as a small flower. They are ideally suited for bedding. It is as cut flowers, however, that they are at their best. Charming alone or with other flowers, these Zinnias are easily arranged. Easy to grow, they ask little and give much.

Lilliputs

Pompon or Baby Zinnias

The tiny flowers which are only 1 to 1½ inches across resemble the Pompon Dahlias. Their conical heads are an inlay of little petals in the best and gayest of colors available in Zinnias. Lilliput plants are only 12 to 18 inches tall. They are well-adapted for bedding and extremely effective as border plants. Lilliput Zinnias can be used for cutting whenever a medium-stemmed flower is wanted. They are at their best used in centerpieces.

3066 Rosebud This is the new little Lilliput Zinnia, the variety which, you will say, surpasses all other Zinnias in gorgeousness of color, when it blooms in your garden next summer. Well-shaped little conical blooms. **Pkt. 15c; ¼ oz. 35c; ½ oz. 60c.**

3060 Canary Yellow
Makes a bright mixer for bouquets.

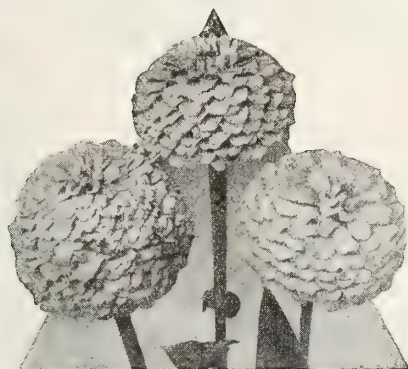

3061 Crimson Gem
Rather dark, this color has superb richness.

3062 Golden Gem
The tiny flowers fairly sparkle in cheerful color.

3063 Salmon Rose
Lovely with yellow flowers or with Ageratum.

Any of the above four:

Pkt. 15c; ¼ oz. 35c; ½ oz. 60c.

3064 White Gem A good clean white that has appealing charm. **Pkt. 15c; ¼ oz. 35c; ½ oz. 60c.**

3065 Mixture Lilliput Zinnias

A proportionate blend of colors. Miniatures, perfect in every detail, of the big double Zinnias. Longest stems will result if the plants are grown in rich or well-fertilized soil. **Pkt. 10c; ¼ oz. 30c; ½ oz. 50c; oz. 85c.**

5365 Collection of Lilliput Zinnias

Plant this collection to have flowers throughout the summer for house decoration. One packet each of Canary Yellow, Crimson Gem, Golden Gem, Salmon Rose and White Gem is included. (Value 75c).....

50c

New Early Wonder Zinnias

Dwarf and Early Blooming

This type is a favorite for florists use. The flowers come into bloom quite early and are similar to those of the Cut-And-Come-Again Zinnias, well-rounded and double. These flowers are borne on long stems which start from the ground. The Early Wonder plants have no side branches or laterals and very few leaves. Their long stems really account for the wide use of this variety for cutting, but the flowers are charming, regular in size and shape. Most desirable for use as bedding plants. Plants are only 12 to 15 inches tall.

3080 Fiery Salmon-Cerise-Pink A splendid pure shade which blends well with all other colors. **Pkt. 20c; ¼ oz. 50c.**

Keep Your Plants Healthy—Use

9090 Vigoro—To Fertilize

One of the finest all around plant foods. Gives plants a good start and keeps them growing. **5 lbs. 75c.**

9188 Red Arrow—For Insect Pests

Non-poisonous, highly effective insecticide. Does not injure foliage. **1 oz. glass 35c; ¼ pt. tin \$1.15; ½ pt. tin \$1.90; 1 pt. tin \$3.50.**

ZINNIAS

CUT AND COME AGAIN

Cut-and-Come-Again Zinnias

(*Elegans pumila flore pleno*)

Truly "neat dwarf double flowers," as the above is interpreted. The plants are semi-tall, averaging less than 2 feet, and are bushy though compact. These plants produce a great abundance of medium-sized flowers which are excellent for cutting. This year, in addition to the mixture, we are offering individual varieties which we know will be popular.

3074 Canary Yellow
3070 Crimson

3071 Pinkie
3072 Salmon Rose

3073 White

Any one of the 5 varieties:

Pkt. 10c; ¼ oz. 30c; ½ oz. 50c.

3090 Mixture

Will produce plenty of variously colored Zinnias. **Pkt. 10c; ¼ oz. 25c; ½ oz. 40c; oz. 70c.**

3084 Pumila Picotee Delight

Novel and quite distinct, this Zinnia has flowers only about an inch in diameter. The petals are handsomely marked in picotee fashion and colors range light to deep salmon. The attractive flowers are ideal for commercial use. Its good form and splendid color recommend it for bedding. 12 inches tall. **Pkt. 20c; ¼ oz. 50c.**

Ornamental Grasses

Very attractive as individual specimens on the lawn, planted in beds or used as borders. Dried for winter bouquets, the spikes are very decorative.

1390 Cloud Grass (*Agrostis nebulosa*) Delicate and feathery. Of misty beauty when in bloom. 18 in. Pkt. 10c; 1/4 oz. 30c.

1975 Hardy Pampas Grass (*Erianthus Ravennae*) Fine silvery plumes 4 to 7 ft. tall towering above the stately foliage. Blooms during the fall. Perennial. Pkt. 10c; 1/4 oz. 25c.

2635 Purple Fountain Grass (*Pennisetum Ruppelii*) The handsome purplish plumes are splendid in bouquets and very decorative when used as a border. Foliage narrow, of a bright green color. Perennial. 3 ft. Pkt. 10c; 1/4 oz. 35c.

2860 Plume Grass (*Trycholaena rosea*) Pink plumes. Pkt. 10c; 1/4 oz. 30c.

Vicks Everlasting Flowers

Everlasting Flowers make lovely bouquets for use after freezing weather has destroyed the tender garden flowers. They are easy to grow, doing best in full sunlight. There are numerous types from which to select those that appeal to you most. It is very important that the flowers for drying be picked before the blooms have fully expanded. Hang them up in little bunches, heads down, in a cool, airy place where the sun will not strike them. Treated in this way, they will retain their form and color all winter. Their strawy texture and fresh colors make them a beautiful garden flower.

The Vick Mixture of Everlasting Flowers

1987 Grand Mixture An excellent mixture including all the Everlastings listed here and several other sorts. Fine for winter display. Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.

Acroclinium

1280 Mixed This is also called "Rose Everlasting." The pretty white and pink flowers, an inch in diameter, are composed of many fine petals. 18 in. tall. Pkt. 5c; 1/4 oz. 25c; 1/2 oz. 35c.

Globe Amaranth

2045 Gomphrena globosa The attractive flower heads are clover-like in shape. This mixture contains white, red, and orange tones. Besides its value for use in winter bouquets, Globe Amaranth is an exceedingly decorative garden flower and is excellent for cutting. The flowers are easily dried for winter use. 2 ft. tall. Pkt. 10c; 1/4 oz. 25c.

Lunaria

2275 Biennis This is called "Money-Plant," "Honesty," and many other names all inspired by its silvery coin-shaped seed-pods. These seed-pods are extremely attractive and their use for house decoration cannot be too highly recommended. Its flowers are almost as attractive as the seed-pods. They are light purple, stock-like, and have a sweet odor. Biennial. Pkt. 10c; 1/4 oz. 30c.

Xeranthemum

2975 Mixed Exceedingly fine for winter bouquets. The red, rose, and white flowers are well displayed against the silvery foliage. Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

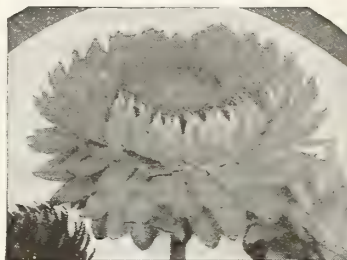

Everlasting Flowers

Strawflowers . *Helichrysum*

This is the favorite flower for winter bouquets. It is quite an easy plant to grow, and rewards the gardener by producing large double blooms of the freshest and loveliest colors imaginable. The strawy texture of the flowers gives them a waxy gleam and an added charm. Blooms in late summer. The plants grow 2 to 2 1/2 ft. tall, and should be planted where the plants will have full sunlight all day.

Special Strawflower Collection

5102 One packet each: Fireball, Golden Ball, Rose Queen, and Silver Ball, (Value 40c) all for..... **15c**

2100 Fireball Bright red.

2101 Golden Ball Yellow.

2105 Silver Ball Silvery.

2102 Rose Queen Lovely rose.

2103 Salmon Queen Salmon.

2104 Silvery Pink Misty.

2106 Violet Queen Beautiful.

Any of the above:

Pkt. 10c; 1/4 oz. 25c.

2107 All Colors, Helichrysum Mixed. Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.

Statice . *Sea Lavender*

This is one of the best and showiest of all Everlastings. The flowers are borne in fine clusters on graceful stems. They attract attention in the garden and are also very fine for cutting.

2766 Sinuata Compact Blue Large showy racemes of beautiful deep violet-blue. Very vigorous. Pkt. 20c; 1/4 oz. 50c.

2760 Sinuata Blue

2761 Sinuata Rose

Either color above:

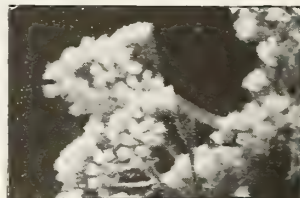

Pkt. 10c; 1/4 oz. 25c.

2763 All Colors—Mixed

Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.

2765 Bonduelli Rich' lemon-yellow flowers. Pkt. 10c; 1/4 oz. 25c.

2764 Suworowii Rich, rosy blooms. Pkt. 15c; 1/4 oz. 40c.

Compact Blue

Flowers for the House

Abutilon

1277 Flowering Maple Interesting bell-shaped flowers of red, yellow, and salmon shades. Leaves maple-like in shape. Pkt. 20c; 2 Pkts. 35c.

Asparagus Fern

1440 Plumosus nanus Has the fine lace-like foliage so charming for use with cut flowers in bouquets. A good pot plant. Pkt. 15c; 100 seeds 35 ; 200 seeds 60c.

Tuberous Rooted Begonia

1522 Double Mixed An unsurpassed mixture of pink, salmon, orange, and scarlet shades. Free-flowering. Pkt. 40c; 2 Pkts. 75c.

1521 Single Mixed Produces large flowers in the finest colors. Pkt. 30c; 2 Pkts. 50c.

Calceolaria

1615 Hybrida grandiflora Pocket-like flowers in various shades, and attractively spotted. Pkt. 35c; 2 Pkts. 60c.

Geranium

2346 Tigrinus grandiflorus (Tiger Flower) Large yellow blooms attractively spotted and tigered crimson-red. Pkt. 10c; 1/8 oz. 50c.

Primula

2679 Chinensis Large flowering. Many fine colors included. Pkt. 25c; 1/128 oz. 75c.

2678 Obconica grandiflora Large flowers in many beautiful colors. Pkt. 15c; 1/128 oz. 65c.

Hardy Perennials

Perennial flowers bloom year after year. They are easy to grow and require little attention. Quite a few of them will produce flowers the first season if the seed is started indoors in March. On these pages we also list Biennials which last for two years only. As most Biennials self-seed freely, a continuous supply of plants may be had from them.

Perennials are excellent for beds and borders, giving a beautiful and colorful display each season. They bloom year after year, the dependable mainstays of the garden. A garden of them is permanent, requiring little attention, season after season. For an entire garden of perennials buying plants is expensive, and does not give the true gardening pleasure that may be had in growing one's perennials from seeds. Then too, besides the saving in expense one is able to have a wider variety of plants by raising them from seed. We offer a wide selection of perennial seeds from which to choose all the colors and color combinations desired for a beautiful border, besides any number of dwarf perennials for the rock garden.

5395 Vicks Special Collection for Rock Gardens

This collection of rock garden perennials contains: *Alyssum saxatile*; *Arabis alpina*; *Armeria formosa*; *Campanula carpatica*; *Candytuft*; *Cerastium tomentosum*; *Dianthus plumarius*, Single Mixed; *Heuchera*; Iceland Poppies, Exquisite Mixed; *Linum perenne*; *Saponaria ocymoides*; and *Tunica Saxifraga*. 12 pkts., 1 each of above (value \$1.40) postpaid for only **75c**

Achillea • Milfoil

3500 Ptarmica, The Pearl Clusters of small satiny white flowers borne above graceful foliage. These flowers come into bloom early, and are produced through the entire season. They are quite excellent for use as cut flowers. *Achillea* does best when given a sunny exposure. It is free-flowering and desirable for use in any garden. 2½ ft. **Pkt. 15c; 1/16 oz. 50c.**

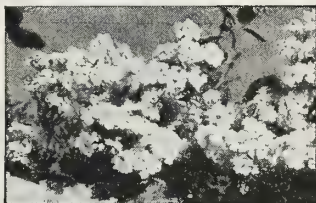

Anemone • Windflower

3523 Coronaria St. Brigid ® An excellent early spring-blooming perennial, about 10 in. tall. The large double and semi-double blooms are produced in radiant shades of carmine, violet, purple, rose, lilac, and white. May-June. **Pkt. 10c; ½ oz. 50c.**

3524 Coronaria De Caen ® The single, large, poppy-flowered blooms come in splendid bright colors. Fine for cutting. 9 in. Blooms in June. **Pkt. 10c; ½ oz. 35c.**

Arabis • Rock Cress

3540 Alpina ® Charming little hardy dwarf plants with showy pure white flowers fairly covering them in April and May. One of the showiest and earliest spring flowers. A rock garden and edging favorite. Only 5 in. tall. Easy to grow. **Pkt. 10c; ¼ oz. 30c.**

Alyssum saxatile

Alyssum • Gold Dust

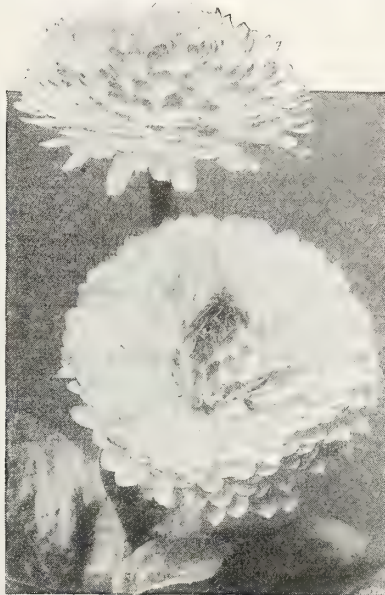

3510 Saxatile compactum ® This is probably the most popular of all plants used for Rock Garden planting. In April it produces an abundance of lovely golden yellow flowers which last several weeks. The dwarf, compact plants may reach a foot in height. Easy to grow from seed and always gives a splendid display. **Pkt. 10c; ¼ oz. 40c; ½ oz. 70c.**

9414 Rock Gardens

By F. F. Rockwell. By following the expert directions given in this book, a rock garden on a small or large scale can be built at little expense. Directions are detailed, explicit, and easily followed, and lead to careful preparation for permanent beauty. 86 pages, cloth bound, **\$1.00.**

Armeria • Sea Pink

3543 Formosa ® This pretty border plant is also called Thrift, and it does well even in poor sandy soil. It has large clover-like flower heads which are bright rose in color. They are carried on stems 12 in. long. Its foliage is bright green and grass-like. **Pkt. 10c; ½ oz. 35c.**

Bellis The English Daisy

The perfect plant for low edgings, for low beds, and rock gardens. The dwarf plants prefer moist, cool soil. They are only semi-hardy and therefore require a protective covering during the winter.

3552 Double Quilled ® The attractively quilled and twisted petals add greatly to the charm of these little blooms which come, besides white, in shades of rose and red. The flowers of established plants come into bloom with the springtime crocuses and continue throughout the summer. **Pkt. 15c; ½ oz. 60c; ¼ oz. \$1.00.**

3555 Fine Double Mixed This mixture contains white besides many shades of rose and red. This is a vigorous strain, producing flowers fully twice the size of the ordinary English Daisy. **Pkt. 15c; ½ oz. 50c; ¼ oz. 85c.**

Aquilegia Ever-Popular Columbine

The Columbines are among the most delicately lovely of hardy flowers. No garden is complete without a liberal planting of them. They bloom early in the season, with their graceful and peculiarly-shaped long-spurred flowers so beautifully colored. The plants, while appearing delicate, are very hardy, thriving in most any situation.

3530 Coerulea (Rocky Mt. Columbine) ® Has long and straight spurs. The flowers are often 2 in. or more in diameter and are carried on plants 1 to 2 ft. tall. Airy and delicate blooms with blue sepals and white corolla. Very beautiful. **Pkt. 10c; ½ oz. 50c.**

3535 Edelweiss A lovely new form. See Pg. 15 for full description. **Pkt. 20c; 1/16 oz. 60c; ½ oz. \$1.00.**

Long-Spurred Hybrids

3534 Mrs. Scott Elliott Hybrids ® This large-flowering strain produces blooms in a wide assortment of colors. The flowers are freely borne on plants 3 ft. tall. The colors range from palest yellow to deep purple, often in exquisite combinations. The plants bloom during May and June, producing enormous flowers suitable for bouquets. **Pkt. 20c; 1/16 oz. 60c; ½ oz. \$1.00.**

3533 Vicks Long-Spurred Hybrids ® The plants of this magnificent strain are of strong, thrifty growth, producing large-sized flowers in great profusion. These flowers vary in color and always are charming. There are shades of cream, pink, lavender, blue, white, red, etc. The foliage is graceful and airy. **Pkt. 15c; ½ oz. 50c; ¼ oz. 85c.**

3531 Long-Spurred Blue Shades Huge, exquisitely formed flowers in delicate and dark blue. **Pkt. 20c; 1/16 oz. 50c.**

3532 Long-Spurred Pink Shades Lovely pink flowers in great profusion. A splendid variety. **Pkt. 20c; 1/16 oz. 50c.**

Boltonia • False Starwort

3560 Latisquama A tall-growing perennial, highly desirable for use in tall perennial borders and backgrounds because it is dotted throughout late summer and fall with pinkish-lavender, starlike flowers. It resembles the perennial Asters. The flowers are excellent for cutting. Drought-resistant. Grows 5 to 6 feet tall. **Pkt. 15c; 1/16 oz. 35c.**

Campanula or Bellflower

Canterbury Bells are biennial, while the Harebell and Chimney Bell Flower are perennial. Showy, prolific-blooming flowers doing well in half-shade. Sow seeds in finely-prepared rich soil.

Single Canterbury Bell

(*Campanula Medium*)

These old-fashioned flowers are very showy with their large bell-shaped blooms in lovely distinct colors. They are biennials. The plants are 2 to 3 ft. tall and bloom in June and July.

3570 Dark Blue

3571 Light Blue
3572 Rose
3573 White

Any of the above colors:

Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.

3574 Single Mixed Lovely colors.
Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.

Double

Canterbury Bell

(*Medium fl. pl.*)

3575 Double Mixed Fully double.
Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c.

Cup and Saucer

(*Calycanthemum*)

Each flower has a large saucer at the base.

3576 Dark Blue
3577 Light Blue
3578 Rose
3579 White

Any of the above colors:

Pkt. 15c; 1/8 oz. 40c.

3580 Cup and Saucer, Mixed This lovely mixture contains the above separate colors all of which are represented in such proportion as to give a most delightful color-effect. Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.

3590 *Pyramidalis* (*Chimney Bell Flower*) Beautiful blue cup-shaped flowers all summer. Often 5 ft. tall. Pkt. 10c; 1/8 oz. 40c; 1/4 oz. 70c.

3585 *Carpatia* (*Harebell*) An alpine species whose blue flowers are charming in the rock garden. Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c.

Single Canterbury Bells

Hardy Carnations

The lovely colors and the delicious spicy fragrance of Carnations make them charming garden flowers.

Chabaud

3614 Mixed Closely resembles the Carnation grown by florists. The plants are of upright growth, producing their flowers in 5 months after sowing. Blooms luxuriantly during July and August. Pkt. 15c; 1/8 oz. 50c.

Enfant de Nice

3618 Mixed The best Carnation that can be grown from seed. Magnificent, large, beautifully shaped, and richly colored flowers on robust plants. Splendid for cutting. Pkt. 20c; 1/32 oz. 50c; 1/16 oz. 85c.

Hardy Border

3625 Double Mixed This mixture produces its large double flowers throughout the entire summer. Contains a variety of shades of pink, yellow, red, and white. This Carnation is fine for use in the border, and it will give plenty of flowers for cutting. The foliage is not less attractive than the flowers. Pkt. 15c; 1/8 oz. 50c.

The Annual Marguerite Carnation is listed and described fully on Page 18.

Chabaud Carnation

Hardy Candytuft

These neat little plants with their attractive evergreen foliage are especially adapted for planting in the rockery and are most suitable for edging beds. They are a carpet of flowers during spring and early summer.

3600 *Sempervirens* Handsome foliage with splendid white flower trusses. April to June. Pkt. 15c; 1/8 oz. 50c; 1/4 oz. 85c.

3601 *Gibraltarica, Hybrids* Large blooms of a lovely shade of lavender-pink. June and July. Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.

Centaurea . Hardy Cornflower

3632 *Montana* Thistle-like flowers of a lovely deep blue. They are quite large-sized, and are borne on stems 2 ft. long. Blooms freely from late June until September. Pkt. 10c; 1/4 oz. 40c.

Cerastium . Snow in Summer

3635 *Tomentosum* This dwarf plant with its attractive silvery white foliage and showy white flowers is a valuable addition to any garden. Star-shaped blooms cover the plants during May and June. Useful for edging, for rockeries, or for carpeting dry sunny spots. It spreads rapidly. Pkt. 15c; 1/8 oz. 40c.

Cheiranthus . Siberian Wall Flower

3638 *Allionii* An unusual biennial for the rock garden or border. The flaming orange-yellow fragrant flowers are borne profusely from June to August. Plants from seed sown in late summer will bloom the following spring. Pkt. 10c; 1/4 oz. 30c.

Coreopsis . Tickseed

This is one of the best and most free-flowering of the hardy perennials. The golden yellow flowers are produced from June to October.

3656 *Grandiflora* A variety which will make a fine showing anywhere. Fine for cutting. Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

3655 *Grandiflora, Double* Similar to the above, but producing double and semi-double flowers. Pkt. 15c; 1/4 oz. 40c; 1/2 oz. 70c.

Chelone . Shell Flower

3642 *Barbata* Narrow, tubular flowers of brilliant scarlet-red. They are borne on graceful slender stems, and are suitable for cutting. Blooms June to September. 3 ft. Pkt. 10c; 1/8 oz. 25c.

Hardy Chrysanthemum

3650 Early-Flowering, Single and Double Mixed These Chrysanthemums are perfectly hardy. They bear single and semi-double flowers during September and October. The flowers are 3 in. or more across. Pkt. 20c; 1/32 oz. 50c.

Chinese Lantern Plant

3645 *Physalis Francheti* Small yellow flowers followed by large, bright scarlet lanterns. These lanterns, really the seed-pods, are produced very freely. Cut the pods after the foliage has wilted and the stems have become stiff. The Chinese Lantern Plant will do well in any soil. Grow some of them for house decoration next winter. Pkt. 10c; 1/4 oz. 40c.

Dianthus . Hardy Garden Pinks

These garden pinks are always popular. Their pleasing colors, their perfect form, spicy odor, and fine foliage all help toward making them one of the most prized perennials. They are easy to grow.

3700 *Allwoodii* Beautiful double clove-scented blooms in many colors. Unfortunately not very hardy. 18 in. Pkt. 25c; 2 pkts. 45c.

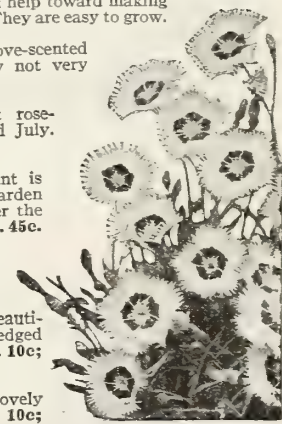

3701 *Allwoodii alpinus* Brilliant rose-colored flowers. It blooms in June and July. 4 to 6 in. Pkt. 25c; 2 pkts. 45c.

3702 *Deltoides* This fine little plant is wonderfully well-adapted to rock garden planting. The crimson-red blooms cover the plants in May and June. Pkt. 15c; 1/8 oz. 45c.

3705 *Highland Hybrids* Most brilliant of pinks. Pkt. 25c; 1/16 oz. 55c; 1/8 oz. \$1.00.

3703 *Plumarius, Single Mixed* A beautiful sweet-scented Pink with fringe-edged flowers in many lovely colors; 1 ft. Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.

3704 *Plumarius, Double Mixed* Lovely colors. The plants grow 1 ft. tall. Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.

Dianthus Plumarius

Foxglove, Giant Shirley

Foxglove • *Digitalis*

Favorites in every garden. Foxgloves are biennials blooming the second year from seed, and then dying. They succeed in almost any location, flowering in June and July. Exceptionally fine for half-shady places along woods, in front of shrubs, etc.

3714 Gloxiniaeflora, Fine Mixed An improved type with attractive blooms on long spikes. Many fine colors. **Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.**

3715 Giant Shirley, Mixed Large bell-shaped flowers on spikes which sometimes reach 5-7 feet in height. The blooms vary from white to deep rose, and are spotted chocolate. **Pkt. 15c; 1/8 oz. 35c; 1/4 oz. 60c.**

Gypsophila • *Baby's Breath*

The delicate mist-like sprays of tiny flowers are invaluable for bouquets. They are especially useful with Sweet Peas and other flowers that cannot readily be cut with their own foliage.

3752 Pacifica New, rose-colored. **Pkt. 15c; 1/16 oz. 50c; 1/8 oz. 85c.**

3751 Paniculata A favorite. The tiny white flowers are extremely useful for cutting, and sprays of them can be dried like Strawflowers. Very easy to grow, succeeding in any garden soil. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

3750 Paniculata fl. pl. Small double flowers borne in great profusion during June and July. The double flowers, being larger, add extra charm to a bouquet arranged with this. **Pkt. 20c; 1/16 oz. 50c; 1/8 oz. 85c.**

Helenium • *Sneezewort*

3755 Riverton Beauty A strong-growing perennial which flowers in August and September. The daisy-like, lemon-yellow petals of each flower surround a large purplish black cone. The plants often reach a height of 6 feet. **Pkt. 10c; 1/8 oz. 50c; 1/4 oz. 85c.**

Hesperis • *Sweet Rocket*

3760 Mixed Showy plants with white or bright purple blooms throughout the summer. The flower clusters have a gloriously fragrant odor. Besides adding color and charm to the garden, they provide material for cut flowers over a long period. Does well in half-shade. **Pkt. 10c; 1/4 oz. 20c; 1/2 oz. 30c.**

Heuchera • *Coral Bells*

3765 Sanguinea, Hybrids ® This plant produces low-growing rosettes of handsome, rather reddish foliage. From these there arise graceful spikes of coral-rose, crimson, and flesh-colored blooms. The spikes average 15 inches in length. A plant, in flower, makes a fine effect. July and August. **Pkt. 20c; 1/16 oz. 75c; 1/8 oz. \$1.25.**

Gaillardia • *Blanket Flower*

Grandiflora

3730 Grandiflora Showy flowers in richest shades of crimson and scarlet in beautiful contrast to the brown centers. Excellent for cutting. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

3731 Portola Hybrids Well-rounded flowers of great size carried on strong, erect stems. They are a magnificent coppery scarlet. **Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.**

3733 Torchlight Exhibits an entirely new growth habit with stiff, rigid stems. Compact plants with an array of gorgeous golden yellow blossoms each with a rich crimson-maroon center. **Pkt. 20c; 1/16 oz. 45c.**

9407 Perennial Gardens

By H. Stuart Ortloff. A mine of information for persons interested in any phase of the culture of perennials. Their culture and care are adequately discussed. Gives all information on how to have a colorful garden of sturdy perennials in artistic arrangement. 88 pages. **\$1.35, postpaid.**

Delphinium

The well-loved Hardy Larkspur. Few other perennials play so important a role in the garden. The tall spikes with their fine blue flowers lend effective contrast to the pinks and yellows of our gardens. Easy to grow responding generously to good care.

Chinese Varieties

3672 Cambridge Blue

A splendid light blue which will bloom the first year if the seed is started early. 2-3 ft. tall. **Pkt. 25c; 1/8 oz. 70c.**

3680 Azure Fairy

Bright azure-blue. Delicately lovely. 1 ft. **Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.**

3681 Blue Butterfly

As airy and graceful as the name. 1 ft. tall. **Pkt. 15c; 1/8 oz. 35c; 1/4 oz. 60c.**

3669 Vicks Prize Exhibition

A marvelous Delphinium. The color range is truly delightful, shading from the most delicate pinkish lavender to deepest Pansy-violet. Robust and sturdy with spikes growing 4-6 ft. tall. **Pkt. 30c; 1/16 oz. 70c; 1/8 oz. \$1.25.**

3665 Belladonna

Most beautiful of all blue flowers. Clear turquoise-blue spikes, gracefully flexible. In bloom all summer. **Pkt. 20c; 1/16 oz. 40c; 1/8 oz. 70c.**

3671 Blue Grotto

Flowers of intense rich Indigo closely set on long stems. 3 ft. tall. **Pkt. 30c; 1/16 oz. 75c.**

3666 Bellamosum

Graceful spikes of rich, deep blue flowers. A very free-blooming variety. 3 ft. tall. **Pkt. 15c; 1/16 oz. 35c; 1/8 oz. 60c.**

3667 Formosum

Single, deep blue flowers each with a showy white eye on graceful tall spikes. Stately and handsome plants growing 3 to 4 ft. tall. **Pkt. 15c; 1/16 oz. 35c; 1/8 oz. 60c.**

3668 Gold Medal Hybrids

A very popular mixture that is made up of the choicest single-flowering hardy Larkspurs. A beautiful strain with flowers in a wide range of blue shades. 3 to 6 ft. Blooms freely. **Pkt. 15c; 1/8 oz. 50c; 1/4 oz. 85c.**

3670 Wrexham

(Hollyhock Strain)

The pedigree of Delphinium strains is just as carefully watched and checked by avid growers as are the pedigrees of prize livestock. Of the many different strains offered by various growers, no strain of Delphiniums is more prized than this, the Wrexham or Hollyhock strain. Delphiniums of this "blood" always have flowers of the very largest size. The size of the flowers caused them to be called, "Hollyhock-flowered." The sturdy growth and fullness of the spikes seem to resemble that of Hollyhocks, so hence again the name. The spikes are quite tall, and well filled with single, double, and semi-double flowers. All the most glorious shades of blue are found in this strain. This striking variety is one of the finest. **Pkt. 40c; 1/16 oz. 85c; 1/8 oz. \$1.50.**

Wrexham Delphinium

PERENNIALS

Hibiscus • Mallow

3770 Giant Marvels, Mixed These tall shrubby plants with their showy white, pink, or crimson flowers are great garden favorites. They measure 6 to 10 in. across and bloom from July to October. **Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 40c.**

3800 Japanese Iris

These are wonderful flowers for moist sunny locations. The handsome blooms are produced profusely. Seed selected from the finest varieties. **Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.**

Lavandula • True Lavender

3835 Vera This attractive blue flower is very well known. The dried blooms are extensively used for imparting their pleasing and lasting fragrance to linens. July and August. **Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.**

Regal Lily

3840 (Myriophyllum) A favorite Lily producing magnificent white blooms shaded with pink. **Pkt. 15c; 1/8 oz. 45c; 1/4 oz. 75c.**

Linum • Blue Flax

3845 Perenne The pretty satiny blue flowers are produced continuously day after day. Attractive, feathery foliage. May-September. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

Lobelia • Cardinal Flower

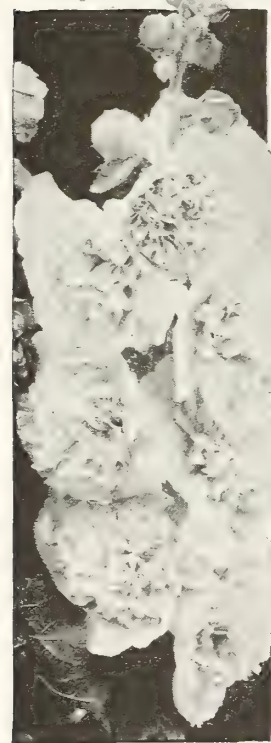

3848 Cardinalis Fiery rich cardinal-red flowers make these the most brilliant plants in the garden during August and September. 3 ft. **Pkt. 20c; 1/32 oz. 60c.**

Lychnis • Campion

3875 Chalcedonica Brilliant scarlet flowers. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

3877 Haageana Hybrids, Mixed Orange, scarlet, crimson. **Pkt. 10c; 1/8 oz. 50c; 1/4 oz. 85c.**

Carnation-Flowered Hollyhocks

Giant Double Hollyhocks

Hollyhocks with their majestic flower spikes and handsome foliage are essential to every garden. No other flower can give quite the same effect as a clump or two of this favorite. Fine for background planting or in tall borders. The plants, though biennials, often last many years. They grow 5 to 8 ft. tall.

Finest Double Hollyhocks

- 3776 Light Pink** Deeper tones suffuse the delicate pink.
- 3777 Maroon** Of heavy, silky texture.
- 3778 Newport Pink** A pure exquisite double pink.
- 3779 Rose** The large double flowers resemble roses.
- 3781 Scarlet** Rich scarlet-red.
- 3783 Yellow** A favorite shade.

Any of the above:

Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.

3784 Hollyhocks, Double Mixed

This excellent mixture includes all the above colors. **Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c; 1/2 oz. 85c.**

3790 Triumph

Fine, large, attractively waved and fringed flowers in magnificent colors. **Pkt. 20c; 1/8 oz. 50c; 1/4 oz. 85c.**

Begonia-Flowered

3788 Double Crested The heavy spikes are gorgeous with their large, double crested Begonia-like flowers. A variety of beautiful and rich colors. **Pkt. 20c; 1/8 oz. 50c; 1/4 oz. 85c.**

3789 Carnation-Flowered

Large, perfectly double flowers in dark colors with markings of contrasting lighter hues. Introduced recently, it has attracted much attention. **Pkt. 20c; 1/8 oz. 50c; 1/4 oz. 85c.**

3787 Single Hollyhocks, Mixed

This mixture of single-flowering Hollyhocks includes a wide range of the loveliest, most beautifully colored sorts. They grow 6 ft. tall. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

Lupinus

(*Polyphyllus*) Effective flower spikes produced continuously from June to August. The plants do well in sun or semi-shade. Sow in deeply prepared neutral soil. 2 to 4 ft. tall.

3855 Blue 3857 Rose

3858 White

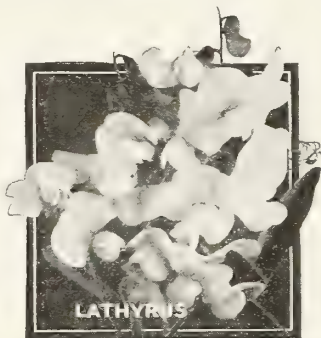

Any color: **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

3859 A Mixture of Colors

Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.

3856 Moerheimi This is an extremely showy variety. The large, graceful flowers combine rose-pink and white. 3 ft. **Pkt. 15c; 1/4 oz. 40c.**

Perennial Pea

(*Lathyrus*) Vining plants with branches 8 to 10 ft. long. Blooms freely all summer.

3825 Pink Beauty 3826 Red or Purple
Either variety: **Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.**

3827 Giant White Pearl Large clusters of white flowers. **Pkt. 15c; 1/4 oz. 50c; 1/2 oz. 85c.**

3828 Mixed Pink, Purple and White in proper proportions. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

Poppies

Iceland Varieties

3903 Orange Red @ Brilliant rich deep red flowers, showing orange tones in the sunlight. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

3902 Exquisite Mixed @ An especially fine assortment of brilliant and showy colors. **Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.**

3906 Double Mixed @ A gorgeous array of superb colors. Plants flower from May through August. **Pkt. 10c; 1/8 oz. 40c; 1/4 oz. 70c.**

Oriental Poppies

3915 Orientale Each petal of the large orange-scarlet flowers bears a conspicuous black blotch. The flowers are 6 to 8 in. across. They are borne on heavy, erect stems 3 ft. high. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

3912 Princess Victoria Louise A very showy Oriental Poppy with mammoth blooms of lovely bright salmon-rose, marked with satiny black. 2 to 3 ft. **Pkt. 15c; 1/16 oz. 40c; 1/8 oz. 70c.**

3916 Choicest Mixed A gorgeous mixture of wonderful and varied colors. Large-flowering. **Pkt. 10c; 1/8 oz. 30c; 1/4 oz. 50c.**

Platycodon • Balloon Flower

3922 Grandiflorum Mariesii Large showy blue bell-shaped flowers from June to September. Attractive, clean foliage. Balloon-shaped buds. 2 1/2 ft. **Pkt. 15c; 1/16 oz. 50c; 1/8 oz. 85c.**

Primula • Primrose

3925 Auricula, Fine Mixed @ One of the most interesting of spring flowers for shady places. **Pkt. 20c; 1/16 oz. 60c; 1/8 oz. \$1.00.**

3926 Vulgaris @ (*English Primrose*) Yellow showy flowers in the spring. **Pkt. 15c; 1/16 oz. 50c; 1/8 oz. 85c.**

3927 Veris, Fine Mixed @ (*Polyanthus, Cowslip*) A select strain including many fine colors. **Pkt. 20c; 1/16 oz. 60c; 1/8 oz. \$1.00.**

Pyrethrum • Persian Daisy

Daisy-like flowers, easy to grow and splendid for cutting. Plant in good garden soil allowing good drainage and full exposure to sun.

3935 Roseum, Single Mixed White, rose, and red shades. **Pkt. 10c; 1/8 oz. 40c; 1/4 oz. 70c.**

3934 Roseum, Double Mixed Lovely, large, double blooms of artistic form. **Pkt. 20c; 1/16 oz. 60c; 1/8 oz. \$1.00.**

Rudbeckia • Cone Flower

3940 Speciosa Newmanii Handsome orange-yellow flowers with black centers. Blooms June to October. 2 ft. **Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.**

3941 Purpurea (Purple Cone Flower) Wine-purple with stiff black centers. June to October. 3-4 ft. **Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.**

Saponaria • Rock Soapwort

3945 Ocymoides ® Great masses of rose-pink flowers from May-July. Slender plants, 6 in. tall. **Pkt. 10c; 1/4 oz. 35c; 1/2 oz. 60c.**

Saxifraga

3947 Decipiens grandiflora ® Lovely dwarf moss-like tufts covered with white flowers during May and June. The foliage turns crimson in fall. **Pkt. 25c; 1/32 oz. 50c; 1/16 oz. 85c.**

Tritoma • Red Hot Poker

3982 Early Hybrid Massive, fiery orange-scarlet spikes. Effective in the garden and widely used for cutting. **Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 75c.**

Hardy Scabiosa

3948 Caucasica This handsome border plant succeeds in any ordinary well-drained soil. Lovely soft lilac flowers. 2 ft. June to September. **Pkt. 15c; 1/8 oz. 60c; 1/4 oz. \$1.00.**

3949 Columbaria Lavender A fine border plant with lavender-blue flowers. Very hardy. 1 1/2-2 ft. **Pkt. 20c; 1/8 oz. 75c; 1/4 oz. \$1.20.**

3950 Columbaria Pink Soft pink flowers. **Pkt. 20c; 1/8 oz. 75c; 1/4 oz. \$1.20.**

Statice • Sea Lavender

3955 Latifolia One of the most charming perennials. It produces airy panicles of delicate light lavender-blue flowers from decorative rosettes of leathery green leaves. Splendid to use cut with other flowers and for winter bouquets. **Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.**

Stokesia • Cornflower Aster

3958 Cyanea The Cornflower-like blossoms of rich blue are splendid for cutting. Borne in profusion from July to October. 18 in. **Pkt. 10c; 1/8 oz. 40c; 1/4 oz. 70c.**

Shasta Daisy

3660 Alaska The large, pure white flowers are borne in lavish profusion from May to September. Excellent for cutting. 2 1/2 ft. **Pkt. 15c; 1/8 oz. 40c; 1/4 oz. 70c.**

Tunica ®

3984 Saxifraga Slender graceful plants bearing quantities of pink flowers. Blooms the first season. 6 in. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

Veronica • Speedwell

3990 Spicata Elegant long spikes of blue flowers in June and July. 1 1/2 ft. **Pkt. 15c; 1/8 oz. 50c.**

3989 Prostrata ® Dwarf plants with blue and white flowers in June. 6 in. **Pkt. 20c; 1/16 oz. 50c.**

Sweet William

A favorite of old-fashioned gardens that has returned to well-deserved popularity. The hardy plants bloom all summer. 1 1/2 ft.

3960 Dark Crimson Single, deep red flowers in large trusses. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

3961 Holborn Glory Flowers of many colors, each with white eye. **Pkt. 5c; 1/4 oz. 25c; 1/2 oz. 45c.**

3962 Newport Pink Large flowering. Watermelon-pink. **Pkt. 15c; 1/8 oz. 30c; 1/4 oz. 50c.**

3963 Pink Beauty Gorgeous salmon-pink flower trusses. **Pkt. 15c; 1/8 oz. 30c; 1/4 oz. 50c.**

3968 Purple Beauty New. Bright, rich purple. **Pkt. 25c; 1/8 oz. 60c; 1/4 oz. \$1.00.**

3964 Scarlet Beauty Effective rich, deep scarlet. **Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.**

3966 Perfection, Single Mixed A splendid mixture. **Pkt. 10c; 1/4 oz. 25c; 1/2 oz. 40c.**

3967 Mixed, Double, All Colors

For a garden filled with sweet, handsome blooms. **Pkt. 10c; 1/8 oz. 25c; 1/4 oz. 40c.**

Viola • Tufted Pansy

3993 Cornuta, Finest Mixed Bushy plants producing an abundance of pansy-like flowers all season. **Pkt. 10c; 1/8 oz. 35c; 1/4 oz. 60c.**

Wallflower

3996 Double Mixed These half-hardy perennials produce elegant spikes of showy, delightfully fragrant double blooms in many colors. Splendid for potting and for cutting. Protect the plants in a cold-frame over winter. 18 in. **Pkt. 15c; 1/16 oz. 50c; 1/8 oz. 85c.**

Ampelopsis • Boston Ivy

3514 Veitchii This is one of the most popular hardy climbers. It is of very rapid growth and will cling firmly to any rough surface. The handsome, heavy-textured leaves are rich olive-green during summer and late in the fall turn brilliant red. Walls covered with Boston Ivy are always attractive. Often slow to germinate. **Pkt. 10c; 1/2 oz. 30c; 1 oz. 50c.**

1680 Cardinal Climber

Annual. Cardinal-red flowers produced from mid-summer until frost. No other annual climber can compare with this in grace and loveliness. It makes a vigorous growth displaying its showy tubular flowers against a background of bright green leaves in shape similar to those of a Japanese Maple. **Pkt. 15c; 1/8 oz. 35c; 1/4 oz. 60c.**

Cypress Vine

Annual. Small star-shaped flowers which are lovely against the rich green feathery foliage. This popular climber is ideal in all those situations where a decorative but not dense foliage vine is desired. Rapidly reaches a height of 15 feet.

1880 Scarlet Bright red flowers standing out prominently against the green foliage.

1881 White A splendid climber.

Either of the above varieties:

Pkt. 5c; 1/4 oz. 15c; 1/2 oz. 25c.

1882 Mixed Scarlet and white. Makes a fine display. **Pkt. 5c; 1/4 oz. 15c; 1/2 oz. 25c.**

Choice Climbers

Seeds of Annual and Perennial Varieties

We offer here the best and most popular varieties of climbers which can be grown easily from seeds. Climbers are indispensable as screens to hide unsightly buildings or views and to provide shade for porches and garden houses. The attractive flowers of some climbers further increase their value. The foliage of most of these vines is very ornamental.

Ipomoea • Moonflower

Annual. There is no sight more beautiful than a trellis covered with these huge, attractive flowers. Makes a rapid growth. 20 to 30 ft. tall.

2368 Giant Pink Hybrid The giant, lavender-pink blooms are exceedingly beautiful. **Pkt. 5c; 1/2 oz. 30c; 1 oz. 50c.**

2369 Giant White Large, pure white flowers produced in great abundance all during the late summer and fall. **Pkt. 10c; 1/2 oz. 30c; 1 oz. 50c.**

2370 Early-Blooming Sky-Blue This variety produces its marvelous sky-blue flowers during late summer and fall. Always effective and much admired wherever planted. **Pkt. 15c; 1/4 oz. 50c; 1/2 oz. 85c.**

2371 Moonflower Mixed

Many colorful blooms of gigantic size. A fine mixture. **Pkt. 10c; 1/2 oz. 30c; 1 oz. 50c.**

Kudzu Vine

3805 Pueraria Thunbergiana An excellent perennial vine often growing 50 feet in a season. Vines are hardy in the South but farther North new shoots start every spring from the hardy roots. Purplish flowers produced in August. **Pkt. 10c; 1/4 oz. 30c; 1/2 oz. 50c.**

Morning Glory

This excellent annual vine has long been a favorite for shading porches, covering screens, fences, etc. It is one of the most rapid growing of cultivated plants.

2376 Tall Rochester This distinct species produces extra large flowers with throats of deep violet-blue, and azure-blue corolla bordered with white. **Pkt. 10c; 1/2 oz. 30c; 1 oz. 50c.**

2377 Tall, Fine Mixed An excellent mixture producing thousands of gaily colored flowers in various shades of blue, pink, rose, red, and purple. **Pkt. 5c; 1/2 oz. 20c; 1 oz. 30c.**

2378 Imperial Japanese Mixed The flowers of this strain are quite a bit larger than the ordinary Morning Glories. The vines are handsome and robust. Many fine colors. As the seeds are less hardy than those of the common Morning Glory, delay sowing until the weather is quite warm. **Pkt. 10c; 1/2 oz. 25c; 1 oz. 40c.**

2379 Brazilian (Setosa) Unusually ornamental. Produces rich rose blooms 3 to 4 in. in diameter. **Pkt. 5c; 1/2 oz. 25c; 1 oz. 45c.**

City of Trenton

Formal Decorative Dahlias

Remarkably large blooms of more regular shape than those of the Informal Decorative varieties. The huge and heavy blooms are carried on long and strong flower stems.

6301 Atlantic City Handsome large blooms of golden amber with tones of bronze and salmon. A consistent prize-winner. **90c ea.; 3 for \$2.55.**

6300 Avalon Large, full-centered, distinctive flowers of purest yellow. **25c ea.; 3 for 65c.**

6329 Chemar's Eureka Beautiful large white flowers with the center petals tinted lavender. Long stems. **40c ea.; 3 for \$1.00.**

6362 Elite Glory Strong-growing plants with mammoth rich red blooms. **50c ea.; 3 for \$1.30.**

6376 Fordhook Marvel Peach-red shading to strawberry-red. **\$1.00 ea.; 3 for \$2.70.**

6501 Gallant Fox A marvelous shade of deep, rich carmine-red with scarlet tints. Magnificent large blooms borne freely on fine strong plants. **50c ea.; 3 for \$1.30.**

6504 Graf Zeppelin The flowers are huge, pure white, and on stems often 3 feet or more long. **\$1.00 ea.; 3 for \$2.70.**

6511 Indian Summer Shades of crimson, scarlet, orange, and gold combine in these flowers of sparkling color. **50c ea.; 3 for \$1.30.**

6521 Jean Kerr The best white Dahlia. Fine for cutting. Medium-sized. **35c ea.; 3 for 90c.**

6523 Jersey's Beacon Bright Chinese-red flowers of enormous size. **35c ea.; 3 for 90c.**

6524 Jersey's Beauty Its great merits have won this Dahlia the widest popularity. Large deep flowers of lovely pink. **30c ea.; 3 for 75c.**

6541 Kentucky Light salmon-pink shading to grenadine-orange. The petals are slightly twisted. A sport of Jersey's Beauty which has the same characteristics. **50c ea.; 3 for \$1.30.**

6562 Mrs. I. de Ver Warner Lovely mauve-pink full-centered flowers of truly immense size. Long-stemmed and strong growing. **25c ea.; 3 for 65c.**

6641 Sagamore Bright amber-gold with a gleam of warm salmon-rose and orange-buff. A lovely large well-shaped flower. **35c ea.; 3 for 90c.**

6652 Thomas A. Edison A beautiful clear, rich purple Dahlia. The petals are arranged in staghorn fashion. The flowers are gracefully carried on long, stiff stems. This variety is recommended for its insect-resistant foliage. **60c ea.; 3 for \$1.50.**

6653 The World The large flowers with their deep rosy magenta color, and the shading of silver about the petal edges, always attract admiring attention. **75c ea.; 3 for \$1.90.**

Tell Your Friends About Vicks Low Prices

So that they too can have the finest garden for the least cost. Tested, guaranteed seeds; bulbs that will bloom.

Vicks Giant Dahlias

Dahlias give a splendid display of flowers all during the late summer and fall with richer, more glorious colors than can be found in any other flower. We have selected, and list here, of the many Dahlias available in all types and varieties, just those which are most desirable in color, size, form, free-blooming habit, usefulness for cutting, and sturdy habit of growth. Your tubers will be shipped at planting time unless you request otherwise.

Informal Decorative Dahlias

The petals are broad and loosely arranged, making a flower informal in type. (See illustration, City of Trenton). The varieties offered below were chosen for their vigor, freedom of bloom, form, color, and keeping qualities.

6312 Barbara Redfern Lovely flowers of old rose and scintillating gold, beautifully blended. Strong, stiff stems. **35c ea.; 3 for 90c.**

6326 City of Trenton Truly magnificent. A beautiful autumn tint of bronzy red shaded with salmon. Extremely large. **50c ea.; 3 for \$1.30.**

6378 Fordhook Emperor Rich salmon glistening with gold. **85c ea.; 3 for \$2.25.**

6510 Ivory Creamy white, the true shade of old ivory. Each of the long pointed petals is tipped with deeper cream. **75c ea.; 3 for \$1.90.**

6520 Jane Cowl Splendid, massive blooms of bronze and buff. **40c ea.; 3 for \$1.00.**

6542 Kathleen Norris Mammoth rose-pink shading to coral. **70c ea.; 3 for \$1.80.**

6543 Kemp's Violet Wonder Rich violet with purple sheen. **70c ea.; 3 for \$1.80.**

6545 King Midas The large long-stemmed flowers are very showy with their bright, golden yellow color. **75c ea.; 3 for \$1.90.**

6544 Kitty Dunlap American beauty rose. Splendid for cutting. **25c ea.; 3 for 65c.**

6527 Margaret Woodrow Wilson Creamy white shading to pink. **30c ea.; 3 for 75c.**

6601 New Jersey Glowing crimson with short, pointed petals. Blooms continuously. **50c ea.; 3 for \$1.30.**

6630 Rapallo Medium sized flowers blending velvety red with gold. **50c ea.; 3 for \$1.30.**

Special Collection Offer

All Giant-Flowering Dahlias

We will send named and separately labelled varieties of our choice at this greatly reduced price.

6690 Six Varieties, 1 root of each (at regular prices over \$2.00) only... **90c**

Cactus and Semi-Cactus

The Cactus are the most artistic and graceful in form of any of the Dahlias. The true Cactus have narrow, rolled petals, while the Semi-Cactus forms have broader, twisted petals with the tips rolled together.

6325 Cigarette (Semi-Cactus) The creamy white petals of this very showy variety are tipped with brilliant orange, giving an effect similar to a lighted cigarette. **35c ea.; 3 for 90c.**

6360 Eagle Rock Beauty (Semi-Cactus) Gorgeously lovely large blooms of pink and cream with amber shadings. **70c ea.; 3 for \$1.80.**

6361 Edna Ferber (Semi-Cactus) The loveliest of glistening golden-tinted flowers, with rosy shadings. Large flowers, freely borne, **50c ea.; 3 for \$1.30.**

6640 Soleil d'Or (Cactus) Bright, rich golden yellow. The fine strong stems and free-blooming habit have captured many awards for this lovely variety. **75c ea.; 3 for \$1.90.**

6642 Sunnyside (Semi-Cactus) A luminous metallic sheen overlays the clear wine-red of the immense, full-centered blooms. Very free-flowing. **35c ea.; 3 for 90c.**

Pompon Dahlias

The neat little blooms have the greatest decorative value. Round and graceful, they are carried on stiff stems, giving a fine display both in the garden and when cut.

6311 Bacchus Showy little flowers of bright crimson-scarlet. The plants are fairly covered with blooms. **25c ea.; 3 for 65c.**

6526 Joe Fette Bears a profusion of tiny, pure white blooms. **25c ea.; 3 for 65c.**

6540 Kleine Domithea Symmetrical flowers of delicate orange-buff with lighter centers. In bloom very early. **25c ea.; 3 for 60c.**

6552 Little Jewel Tiny blooms of pure peach-blossom-pink which make charming cut flowers. Blooms very freely. **35c ea.; 3 for 90c.**

6563 Mary Munns Rich fuchsia-red with orchid sheen. Quite small. **35c ea.; 3 for 90c.**

6650 Tommy Keith Attractive blooms of rich crimson, each petal tipped with white. Neat flowers, fine to cut. **25c ea.; 3 for 65c.**

6681 Yellow Gem The compact little blooms are a clear canary yellow, and are extremely well adapted to cutting purposes. One of the best poms. **30c ea.; 3 for 75c.**

Gorgeous Gladiolus

Gladiolus are exceedingly easy to grow, doing well in any average soil that has good drainage and is sunny. The bulbs are tender, so delay planting until all danger of late spring frost has passed.

To provide a continuous display of flowers, make successive plantings 10 days apart, up to the middle of June. Gladiolus are indispensable for cutting, and the handsome spikes are lovely in the garden.

6983 Special Collection Offer Our 6 Most Popular Gladiolus

Anna Eberius, Bertie Snow, Cowee's Scarlet Wonder, Golden Measure, Peace, W. H. Phipps.
18 Bulbs, 3 of each variety **75c**
(Value \$1.00)

6979 Gladiolus Garden Collection

100 bulbs for only **\$2.50**
Our selection of 10 named varieties. We will send 10 bulbs of each separately bagged and correctly labeled, 100 bulbs in all, for only \$2.50.

6744 Cowee's Scarlet Wonder Really huge blooms of rich, flaming scarlet-red. Glorious for garden display. **3 for 15c; 12 for 50c; 100 for \$3.50.**

6745 Crimson Glow Tall spikes of velvety crimson. **3 for 15c; 12 for 45c; 100 for \$3.00.**

6761 Dr. F. E. Bennett Warm peach-red with scarlet sheen, and a white lip speckled ruby. **3 for 26c; 12 for 50c; 100 for \$3.50.**

6777 Emile Aubrun Unusual but magnificent-coppery bronze marked with slaty blue. Nicely formed blooms. **3 for 20c; 12 for 60c; 100 for \$4.00.**

6786 Flaming Sword Tall, slender spikes of burning red. **3 for 15c; 12 for 45c; 100 for \$3.00.**

6793 Geraldine Farrar Lovely, distinct lavender-blue flowers on stems of moderate length. Charming. **3 for 25c; 12 for 70c; 100 for \$5.00.**

6794 Giant Nymph Superb large blooms of delicate light rosy pink with throats of creamy yellow. **3 for 15c; 12 for 45c; 100 for \$3.00.**

6790 Golden Dream Medium-size deep golden yellow. **3 for 20c; 12 for 50c; 100 for \$3.50.**

6792 Golden Measure Richly colored, tall and vigorous. **3 for 15c; 12 for 45c; 100 for \$3.00.**

6801 Hollyhook The blooms are delicately frilled and ruffled about the edges. Pure white, each flower is marked with a large purple blotch at the center. Flowers of largest size. **20c ea.; 3 for 55c; 12 for \$1.75; 100 for \$12.50.**

6810 King George Extraordinarily showy flowers of glowing scarlet-red with yellow throats. They are closely set on long, upright stems. **3 for 25c; 12 for 85c; 100 for \$6.00.**

6821 Los Angeles Has earned the name "Cut-and-Come-Again" Gladiolus. Loveliest showy shrimp-pink with orange-carmin markings in the throat. **3 for 15c; 12 for 45c; 100 for \$3.00.**

6840 Marmora A "smoky" Glad—so called because of its greyish color. It is soft French grey, the throat pale purple, and one of the most beautiful of Gladiolus. **3 for 25c; 12 for 70c; 100 for \$5.00.**

6838 Minuet Clear light pinkish lavender. This variety is hailed by many as the best lavender Gladiolus. **3 for 25c; 12 for 70c; 100 for \$5.00.**

6839 Mother Machree Exquisite winery lavender. The "smoky" flowers are given gorgeous accent by the overlay of salmon-pink about the edges. **15c ea.; 3 for 40c; 12 for \$1.40; 100 for \$10.00.**

6831 Mrs. Francis King Well-expanded large blooms of flame-red, shaded salmon towards the throat. **3 for 15c; 12 for 45c; 100 for \$3.00.**

6832 Mrs. Frank Pendleton, Jr. Salmon-pink. **3 for 15c; 12 for 45c; 100 for \$3.00.**

6833 Mrs. F. C. Peters Glorious flowers of enchanting orchid-lavender, with the throat purple. **3 for 15c; 12 for 50c; 100 for \$3.50.**

Vicks Summer-Flowering Bulbs

Amaryllis

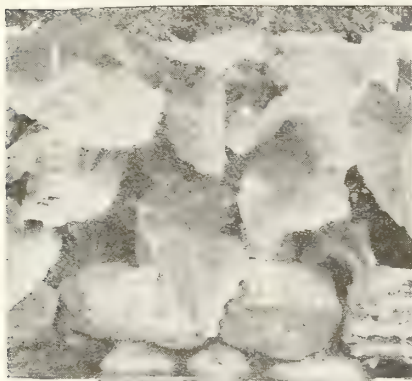

Amaryllis has long been the favorite of all bulbs for growing in the house.

6000 Equestris This is a very showy and extremely attractive variety. The flowers are a most brilliant orange-scarlet, with a green and white throat. Also called Barbados or Gloriosa Lily. **25c ea.; 3 for 65c; 12 for \$2.25.**

6001 Giant American Hybrids Shades of salmon, pink, and red. The exceedingly large flowers are 6 in. or more in diameter. They are carried on a strong stem. Easily grown. **60c ea.; 3 for \$1.65; 12 for \$6.00.**

6002 Johnsoni The large, trumpet-shaped, crimson flowers have wide petals which are marked with broad white stripes. Easy to grow and very lovely. **50c ea.; 3 for \$1.40; 12 for \$5.00.**

Ornamental Caladiums

Esculentum (Elephant's Ear) Caladium

6050 Esculentum One of the largest of all bulbous plants. Its broad, green leaves, 3 ft. long and 2 ft. wide, are tremendously effective wherever planted. They are tropical in appearance. For extra-large show plants prepare a special hole 2 to 2½ feet deep and enrich the soil with a large quantity of well-rotted manure. **25c ea.; 3 for 70c; 12 for \$2.50.**

6051 Fancy Leaved The variegated leaves of these Caladiums are always admired wherever grown. These are the plants which florists use to such good effect and whose exotic markings call forth so much attention. You will enjoy growing a handsome foliage plant from a bulb. Ideal for window boxes, or for bedding. Keep the plants sheltered and moist. **35c ea.; 3 for 95c; 12 for \$3.50.**

Anemone

6008 St. Brigid This is an exceedingly lovely bulbous plant producing charming flowers in all colors. It is splendid for planting in beds and borders. Plant the bulbs 1 to 2 in. deep and 4 to 6 in. apart.

6009 Single Poppy-Flowered, De Caen This magnificent variety produces a surprisingly large number of colors. It blooms in early spring. This Anemone prefers medium rich, moderately moist soil. It is of strong growth and blooms profusely.

Prices of either above:

3 for 25c; 12 for 70c; 100 for \$5.00

Calla Lilies

6056 White Calla (Ethiopica) Its handsome trumpet-shaped blooms and rich green foliage always are appreciated and admired. Suited to indoor growing or outdoor culture in warm sections. **30c ea.; 3 for 80c; 12 for \$3.00.**

6055 Yellow Calla (Elliotiana) The large blooms are bright golden yellow. They are carried on stems 2 ft. tall. Green leaves spotted with white. **35c ea.; 3 for 95c; 12 for \$3.50.**

Cannas

This favorite flower always makes a wonderful show with its handsome, clean foliage, and its large, freely-borne, brilliant flowers. These flowers are borne during the late summer and fall. Cannas require only a moderately moist but rich, well-drained soil. For earliest blooms the roots may be started indoors, and the plants set out after danger from frost is over.

6100 City of Portland

Large flower heads of bright pink giving wonderful contrast to the rich green foliage. Very stately. Grows 3½ ft. tall.

6110 Eureka

The beautiful creamy white flowers are borne on plants 4½ ft. high. Foliage, rich dark green. A splendid Canna of majestic habit.

6120 King Humbert

The heavy, purplish brown foliage has a metallic sheen and gives a fine contrast to the orange-colored blooms. 4½ ft. tall.

6140 The President

The huge, massive flower trusses of rich scarlet are well displayed above the handsome green foliage. 4 ft. tall.

6175 Yellow King Humbert

Bright yellow flowers beautifully marked with contrasting crimson dots. This is a conspicuous and most attractive Canna. 4½ ft. tall.

Prices of any of the above:

20c ea.; 3 for 55c; 12 for \$2.00; 25 for \$3.50.

Cinnamon Vine

6059 Dioscorea Batatas This plant is very hardy and may be grown in all sections of the country. Twining, 10 to 15 ft. tall, with fragrant white blooms followed by brown aerial tubers. **15c ea.; 3 for 35c; 12 for \$1.10.**

9401 Book of Bulbs—Rockwell

Mr. Rockwell gives, in a brief 272 pages, complete instructions for planting all kinds of bulbs, as well as cultural directions to follow in growing them. An informative book which will be often consulted. Cloth-bound, \$2.00.

Montbretia

6067 Mixed This is a charming plant with showy flowers on graceful stems. The flowers come in many shades of yellow, orange, salmon, and scarlet. **3 for 25c; 6 for 40c; 12 for 75c.**

Oxalis

Attractive dwarf half-trailing plants with brilliant clover-green foliage. They are easy to grow. Store the bulbs in a frostproof place.

6070 Deppei ® Has attractive white flowers. The green leaves are purple banded.

6071 Lasiandra ® The rosy crimson flowers are produced in crowded umbels.

6072 Shamrock ® The rose-colored blooms are very showy, the foliage Shamrock-like.

Any variety above:

6 for 15c; 12 for 25c; 25 for 45c.

Ranunculus . Buttercup

6080 French, All Colors Mixed ® The attractive flowers come in many colors and are showy in the border or in pots. They include charming shades of yellow, red, orange. The flowers are single, semi-double, or double. **3 for 20c; 12 for 55c; 100 for \$3.50.**

Tigridia . Tiger Flower

6085 Mixed Colors Large, quaintly-shaped blooms in yellow and orange. They are marked in the center with red or purple spots and make a very showy appearance. Take the bulbs up before frost and store like Gladiolus. **20c ea.; 3 for 55c; 12 for \$2.00; 100 for \$14.00.**

Tuberose

6090 Excelesior, Dwarf Double Pearl The large flowers, set on long spikes, have a delightful fragrance. The bulbs are not hardy. **10c ea.; 3 for 25c; 6 for 45c; 12 for 75c.**

Zephyranthes . Fairy Lilies

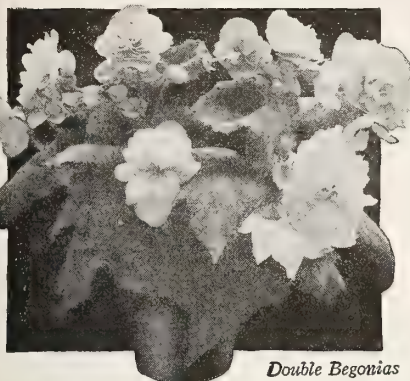

6061 Rose One of the most favored of all the many summer-flowering bulbs. This one is excellent in the garden, or planted in pots or boxes. It produces large, star-shaped, rosy red flowers, in great numbers throughout the summer. Fairy Lilies are not hardy, and the bulbs must be taken up in the fall. After drying the bulbs off, store them in a cool and dark, frost-proof place until planting time arrives next spring. **15c ea.; 3 for 35c; 12 for \$1.00.**

6062 White (Candida) Pure white Lily-like flowers often 2 in. across, borne very freely throughout the summer. Excellent for indoor culture. **10c ea.; 3 for 25c; 12 for 60c.**

Summer-Flowering Bulbs

Begonias • *Tuberous Rooted*

Double Begonias

Begonias do best if kept in semi-shade. They prefer a location where they will receive plenty of moisture though the soil must not be soggy.

6020 Double Mixed Includes rose, scarlet, salmon, and white. **35c ea.; 3 for 70c; 12 for \$2.50.**
6030 Single Mixed Large flowers in many colors. **30c ea.; 3 for 65c; 12 for \$2.25.**

6035 Frilled and Crested, Mixed Their ruffled edges add charm to the blooms. Many fine colors. **30c ea.; 3 for 65c; 12 for \$2.25.**

Single Begonias

6025 Orange-Yellow
6026 Rose-Pink
6027 Salmon
6028 Scarlet
6029 White

Any color above:
25c ea.; 3 for 70c; 12 for \$2.50.

Double Begonias

6015 Orange-Yellow
6016 Rose-Pink
6017 Salmon
6018 Scarlet
6019 White

Any color above:
30c ea.; 3 for 85c; 12 for \$3.25.

6045 Collection of

Double Begonias

One each of the five beautiful colors listed above; 5 bulbs (regular price \$1.50) for..... **\$1.25**

Gloxinias

Gloxinias are truly gorgeous. When grown in pots of rich soil for summer or winter flowering they are showy and bloom for a long time.

6179 Mixed The most beautiful colors in a well-balanced assortment. Truly fine. **30c ea.; 3 for 85c; 12 for \$3.00.**

6180 Pure White In handsome contrast to the deep green of the foliage.

6181 Purple Rich, dark velvety purple.

6182 Purple, Bordered White Free-blooming.

6183 Scarlet Very rich and brilliant.

6184 Scarlet, Bordered White Excellent.

Any of the above five separate colors:
35c ea.; 3 for 95c; 12 for \$3.50.

6185 Collection of

Beautiful Gloxinias

This contains one each of the above five colors; 5 bulbs (regular price \$1.75) for..... **\$1.50**

The handsome Gold-Banded Lily

Gold-Banded Lily of Japan

6200 Auratum platyphyllum The elegant large white blooms of this Lily are attractively spotted bright carmine-red and have a bright lemon-yellow mid-rib running through the center of each petal. The Auratum plants grow 3 to 6 feet tall and bloom during July and August. After the plants become established the blooms become larger and more abundant. Requires perfect drainage, so in planting, lay the bulb on sand. This is one of the most desirable Lilies. Oftentimes the heavy stems bear a dozen or more flowers each. Cover the bulbs 6 to 7 in. deep. **40c ea.; 3 for \$1.10; 6 for \$2.00.**

Turk's Cap Lily

6204 Batemanniae This showy variety has large, pale orange-red, vase-shaped blooms opening during July and August. They are carried upright. The plants grow 2 to 4 feet tall, each stem bearing several blooms measuring 3 to 5 inches across. It is hardy, sturdy, and easy to grow. Cover bulbs 6 in. **30c ea.; 3 for 85c; 12 for \$3.00.**

Canadian Lily

6208 Canadense The flowers are bright orange-yellow spotted with purplish black. The anthers are rich red. This Lily blooms profusely during late June and July. The plants grow 2 feet tall, bearing many flowers. Cover the bulbs 5 to 6 in. deep. **25c ea.; 3 for 70c; 12 for \$2.50.**

Yellow Japanese Lily

6215 Hansonii The large, golden yellow flowers spotted with purplish brown are carried upon tall, stately stems during June and early July. Established plants grow 5 feet tall. Cover the bulbs 10 in. deep. **40c ea.; 3 for \$1.10; 6 for \$2.00.**

Regal Lily

6235 Regale The magnificent blooms are pure white with bright canary-yellow in the throat, shading to faint blush-white or light pink toward the edges. On the outside the petals have delicate rosy purple pencilings where they join the stems. No other Lily is so popular as this splendid variety. The large, fragrant flowers are borne on stems 5 to 7 feet tall. Blooms profusely during June and July and is perfectly hardy. Cover 9 in. deep. **30c ea.; 3 for 85c; 6 for \$1.50.**

Swamp Lily

6253 Superbum Large orange blooms, the color being intensified by the deeper orange or red dots. These flowers are borne in great profusion during August and September. The plants grow 3 to 6 feet tall and do well in any average garden soil. Cover 5 in. deep. **25c ea.; 3 for 70c; 12 for \$2.50.**

Hardy Garden Lilies

Easy to Grow

Varieties for Every Garden

No garden is complete without at least a few of these tall, stately flowers. They are so easy to grow and are so hardy and satisfactory in every way that more and more gardeners are planting Lilies every year. After once being established, they will increase in size and beauty with each succeeding year. Lilies do well in a deeply spaded, thoroughly prepared garden loam in an open and sunny location. Besides the charm that their beauty lends to the garden, these graceful Lilies are splendid as cut flowers for home and church decoration. Their long sturdy stems make them excellent for this purpose.

6290 Collection of Four Favorite Garden Lilies

This assortment contains one bulb each of the Gold-Banded Lily of Japan, Turk's Cap Lily, Regal Lily, and the Show Lily. 4 bulbs (value \$1.40) for..... **\$1.25**

Show Lily

6252 Speciosum rubrum The beautiful large white flowers are suffused rosy pink and spotted with carmine. The plants grow 3 to 5 feet tall. As many as 20 flowers on a stem. Cover 10 in. **40c ea.; 3 for \$1.10; 12 for \$4.00.**

Crimson Show Lily

6251 Speciosum Melpomene Crimson flowers spotted deep crimson, each petal bordered with white. Grows 2 to 4 feet tall and blooms in August and September. Cover bulbs 10 in. **40c ea.; 3 for \$1.10; 6 for \$2.00.**

White Show Lily

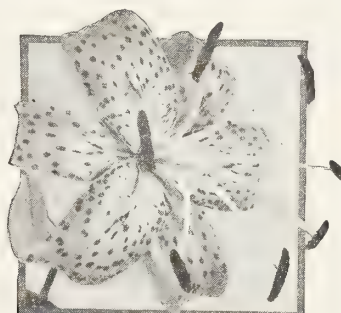

6250 Speciosum album This white-flowered Lily is exceptionally beautiful. The lovely wax-like petals are marked with green. It blooms in August. Easily grown. Cover 10 in. **40c ea.; 3 for \$1.10; 12 for \$4.00.**

Yellow Show Lily

6216 Henryii This great favorite is very hardy and long-lived. The plants grow 4 to 8 feet tall and carry many fine large orange-yellow flowers. Blooms during August and September. Cover 10 in. deep. **30c ea.; 3 for 85c; 12 for \$3.00.**

Double Tiger Lily

6254 Tigrinum flore pleno Bright salmon-red double flowers with purplish black spots. This is the best of all double Lilies, hardy and vigorous. The plants grow 3 to 4 feet tall, flowering during August and September. Cover bulbs 8 in. deep. **20c ea.; 3 for 55c; 6 for \$1.00.**

Improved Single Tiger Lily

6255 Tigrinum splendens Most familiar, perhaps, of all garden Lilies, but easily one of the loveliest. The blooms are truly giant size. They are salmon-red and attractively spotted purplish black. This Lily is very easy to grow. The bulbs multiply and a planting soon becomes very extensive. 4 to 5 feet tall. Cover 8 in. deep. **20c ea.; 3 for 55c; 12 for \$2.00.**

A package each of the prized Nasturtium, Golden Gleam, the richly-colored Art Shades Calendula, and the magnificent, huge Giant Hybrid Scabiosa; to give you a brighter, more interesting garden, and the handsomest of flowers for cutting.

**FREE—With Every
Order of \$1.00 or More**

5606 Vicks Terrace Sod

Especially prepared for terraces and embankments where deep-rooting grasses are needed to hold the soil firm. Produces a velvety, bright emerald-green lawn. $\frac{1}{2}$ lb. 30c; 1 lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75; 15 lbs. \$4.50; 25 lbs. \$7.25; 50 lbs. \$14.25; 100 lbs. \$28.00.

5603 Golf Links Mixture

A blend of fine-bladed grasses which will withstand frequent close cutting and heavy trampling. Contains no white clover. Sow 150 lbs. per acre. **Lb. 45c; 2 lbs. 85c; 5 lbs. \$2.00; 10 lbs. \$3.50; 25 lbs. \$6.75; 50 lbs. \$13.25; 100 lbs. \$26.00.**

5604 Putting Greens

A mixture composed of various Bent grasses with Creeping Bent predominating. It will produce a smooth even turf that withstands frequent close cutting and intense trampling. Only the highest grade seed is used. **Lb. \$1.25; 2 lbs. \$2.40; 5 lbs. \$5.75; 10 lbs. \$11.00; 25 lbs. \$25.25; 50 lbs. \$50.25; 100 lbs. \$100.00.**

Essentials

For Making a Good Lawn

- 1—Good Soil 2—Good Preparation
- 3—Good Seed

The soil must be well drained. Use of well-rotted barnyard manure, spaded in, will improve its texture and add food value.

The soil must be prepared to a depth of at least 5 in. Rake, sprinkle, let stand a day or so, then sow the seed and roll.

Vicks Grass seeds are highest quality, rigidly tested.

For the Most Beautiful Lawn Sow Vicks High Quality Seed

The Lawn provides the setting for—and is the frame to the picture presented by the house and garden. All efforts of landscaping are naught without a beautiful lawn. To achieve a permanent, evergreen turf, select your grass seed with care as all depends upon the quality of the seed. Our grass seed mixtures are the results of years of experimentation and those who plant them know that there are no finer seeds obtainable. They are prepared in accordance with our carefully tried formulae. Only plump, heavy seeds of highest vitality are included.

How Much to Sow

1 lb. to 10 x 20 ft. (200 sq. ft.)
5 lbs. to 25 x 40 ft. (1000 sq. ft.)
25 lbs. to 50 x 100 ft. (5000 sq. ft.)
100 lbs. to 100 x 200 ft.
(20000 sq. ft.)
150 to 200 lbs. are needed to sow one acre.

When reseeding an old lawn, about half the above quantities will be needed for the given spaces.

5602 Vicks Velvet Lawn

This fine mixture will produce a very dense growth of dwarf-growing grasses which are easy to mow and present a uniform thick turf. A few weeks after sowing it will make a thickly sodded lawn which maintains its velvety appearance throughout the season. The mixture is composed of several different grasses so blended as to produce a perfect and lasting lawn, in a very short time. As with all our grass seeds, Vicks Velvet Lawn is free from weed seeds and chaff with only large, plump, vigorous seeds. Priced low at: $\frac{1}{2}$ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.50; 10 lbs. \$2.75; 15 lbs. \$3.60; 25 lbs. \$5.75; 50 lbs. \$11.25; 100 lbs. \$22.00.

A lawn from Vicks Park Lawn Mixture

5601 Vicks Shady Lawn

Contains those grasses which are best adapted for growing in shady places. Unexcelled for use under trees where ordinary grass seed will not thrive. Thorough preparation of the soil with frequent watering in dry weather is advised to make this grass grow into a close thick turf. $\frac{1}{2}$ lb. 30c; 1 lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75; 15 lbs. \$4.50; 25 lbs. \$7.25; 50 lbs. \$14.25; 100 lbs. \$28.00.

5813 White Dutch Clover

Many gardeners find that an extra thick stand of clover in their lawn is desirable to help make the sod thick and deep as well as to choke out undesirable weeds. Clover seed is much heavier than grass seed and so should be sown separately. Use at the rate of 4 ozs. per 2 lbs. of grass seed, or 1 lb. to 2,000 sq. ft. **Pkt. 5c; $\frac{1}{4}$ lb. 25c; 1 lb. 65c; 2 lbs. \$1.20; 5 lbs. \$2.85; 10 lbs. \$5.50.**

All Grass Seed will be Delivered Transportation Prepaid

5753 Red Top

(*Agrostis vulgaris*) For lawns and [golf courses. Sow together with other grasses, as sown alone it soon disappears. Sow 15 lbs. to the acre. **Lb. 30c; 2 lbs. 55c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

5759 English or Perennial Rye

(*Lolium perenne*) This hardy grass is valuable in lawn grass mixtures, because it will grow nearly 3 times as fast as any other lawn grass. Also of high value in meadow and pasture mixtures. **Lb. 30c; 2 lbs. 55c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

5760 Red Fescue

(*Festuca rubra*) Produces a thick, drought-resistant turf particularly on loose sandy soils. Its texture is rather wire-like. Rapid-spreading, one plant often growing six feet in diameter. **Lb. 45c; 2 lbs. 80c; 5 lbs. \$1.75; 10 lbs. \$3.00.**

Finest Recleaned Grass Seeds

For separate sowing, or making up
your own mixtures

5750 Creeping Bent

(*Agrostis stolonifera*) This low-growing grass is especially well adapted for planting in locations where grass receives unusually hard usage. It makes a close, fine turf which can be cropped close and is widely used for putting greens, for tennis courts, etc. Creeping Bent is very desirable for the choicest show lawns. A small quantity of this seed will help toward improving the appearance of any lawn. **Lb. \$1.25; 2 lbs. \$2.40; 5 lbs. \$5.75; 10 lbs. \$11.00.**

5756 Kentucky Blue

(*Poa pratensis*) A very valuable lawn grass of a deep green color. Sow 30 to 40 lbs. per acre. Kentucky Blue is uninjured by extremes of cold or drought and does best on rich soil containing ample lime. It is the most permanent of all grasses used for lawn making. **Lb. 40c; 2 lbs. 70c; 5 lbs. \$1.50; 10 lbs. \$2.50.**

5764 Wood Meadow

(*Poa nemoralis*) This grass is particularly valuable for sowing under trees where few other grasses will grow satisfactorily. Wood meadow is a flat, low-growing, non-creeping grass, very dark green in color and of medium texture. It is the best grass for sowing under trees where a lawn is desired. **Lb. 55c; 2 lbs. \$1.00; 5 lbs. \$2.25; 10 lbs. \$4.00.**

VICKS—The Oldest Mail Order Seed House in America

Ⓥ This little symbol means Vicks very best.

We hope that it will help you in selecting vegetables for your garden.

Quality Vegetable Seeds

There is no better proof of the high quality of our Vegetable Seed than the re-orders sent to us year after year by some of the largest and most successful market growers. They realize that for the best and surest crop it is important to sow the finest seed obtainable. Home gardeners should not be less critical in this respect. Though the planting is small, the planning and the time spent in sowing and cultivating warrant use of Vicks seed and assured success.

These few pages devoted to vegetables contain those varieties which

have been found most valuable for both home and market garden. Descriptions are accurate, made from the growing plants, and have been made as detailed as possible to aid in your selection of varieties. Every variety is carefully tested so that you can be sure of receiving seeds which are full of vitality and vigor. Every effort is made to supply you with the finest strains obtainable. We guarantee our seed to grow.

Varities marked Ⓥ we believe will give best results under varied conditions of soil and climate. They are sure to give excellent yields.

Asparagus

Sow the seed thinly in early spring. Cover with 1 in. of soil. A packet will produce 200 plants, an oz. about 750 plants; 5 lbs. to the acre. Set roots 18 in. apart.

4096 Mary Washington Seed Produces the finest kind of green asparagus the third year. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; 1 lb. 80c; 2 lbs. \$1.45; 5 lbs. \$3.40; 10 lbs. \$6.00.**

5900 Mary Washington 2-year-old Roots For table and market. **25 roots for 75c; 50 roots for \$1.25; 100 roots \$2.25.**

Artichoke

4092 Green Globe Grown for its flower-buds which are cooked like asparagus. Sow seed early indoors, set plants outdoors in rows 2 ft. to 4 ft. apart. **Pkt. 15c; 1/2 oz. 30c; oz. 45c; 1/4 lb. \$1.40; 1/2 lb. \$2.60; 1 lb. \$4.75.**

Broccoli. Winter Cauliflower

Sow the seed early in May. Set the plants out in June or early July in rows 2 to 3 ft. apart each way. A packet will produce about 250 plants; 3,000 plants from an ounce.

4151 Green Sprouting (Calabrese) Ⓥ

The plants produce an abundance of small, light green, tender heads. These tender "sprouts" are cooked like spinach or Brussels Sprouts and have a milder and even more delectable flavor than Cauliflower. An Italian vegetable and new to this country, it has become exceedingly popular on our markets. Sow in May for August harvest. **Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.35; 1/2 lb. \$2.45; 1 lb. \$4.50; 2 lbs. \$8.35; 5 lbs. \$20.25.**

4152 St. Valentine The standard large, white heading variety. **Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50; 1/2 lb. \$2.75; 1 lb. \$5.00.**

4150 Curtis Perennial Nine Star Will supply an abundance of large, cauliflower-like heads the second year after planting and continues to yield equally abundantly year after year. **Pkt. 15c; 1/4 oz. 85c; 1/2 oz. \$1.50; oz. \$2.50; 1/4 lb. \$7.00; 1/2 lb. \$13.00; 1 lb. \$25.00.**

A Helpful Book

9416 Starting Early Vegetables and Flowering Plants Under Glass

By C. H. Nissley. Details of construction, heating, and operating small greenhouses, sash houses, hot-beds, and cold-frames. Discusses the best soils for plants; transplanting; and the hardening off process. Tells about insects and diseases and deals with remedies. There is a helpful discussion of the individual crops of vegetables and annual flowering plants. **Cloth, \$3.00.**

Vicks Table Beets

Sow in drills 18 in. apart, and thin to stand 3 to 4 in. apart in the rows. A packet will sow a row about 25 ft. long; use 1 oz. to 100 ft.; 4 to 6 lbs. for an acre. Make succession plantings and cultivate freely.

4102 Crosby's Egyptian Ⓥ

Ohio Canner

The most popular turnip-shaped beet, Crosby's has deep blood-red, sweet, crisp and delicious flesh. Is usable 42 days after sowing. It is equally good for table and for market and has won public favor everywhere. Is larger, thicker, smoother, more globular, and of better quality than the old Egyptian. A quality beet. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; 1 lb. 85c; 2 lbs. \$1.55; 5 lbs. \$3.60; 10 lbs. \$6.35.**

4106 Vicks Extra Early Dark Red Egyptian Ⓥ

A handsome beet which is fine for forcing and for the first outdoor crop. The flesh is crisp, sweet, dark blood-red and zoned with lighter rings. An excellent beet for bunching, and for the home garden. Ready in 35 days. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; 1 lb. 85c; 2 lbs. \$1.55; 5 lbs. \$3.60; 10 lbs. \$6.35.**

4103 Detroit Dark Red Ⓥ

Our special strain produces uniform roots medium in size, globular, and very smooth; skin a dark blood-red; flesh deep bright red. Fine grained, tender, and sweet, remaining so long after other varieties become woody. Tops small, allowing close planting. The standard beet for both market and the home garden and also largely grown for canning. Matures in 50 days. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; 1 lb. 85c; 2 lbs. \$1.55; 5 lbs. \$3.60; 10 lbs. \$6.35.**

4105 Early Wonder (Boston Crosby) A deep blood-red beet, nearly globular in shape, with a smooth, perfectly shaped root and small tops. Of uniform size for bunching. Early Wonder is now so perfect we believe it is without rival as one of the best early turnip-shaped beets grown. Matures in about 40 days. Very desirable. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; 1 lb. 85c; 2 lbs. \$1.55; 5 lbs. \$3.60; 10 lbs. \$6.35.**

4112 Ohio Canner Ⓥ

This beet represents the result of careful plant selection made by the staff of the Ohio Agricultural Experiment Station. It is an exceptionally fine beet, globe-shaped but usually flattened. The flesh is extremely dark red with hardly any "rings" or "zones." Ohio Canner has unusually short tops of green mottled with red. It is a late Beet, requiring a week or ten days longer than Detroit Dark Red to reach maturity. A fine Beet which is sure to suit canners everywhere. **Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. \$1.00; 1 lb. \$1.75; 2 lbs. \$3.20; 5 lbs. \$7.70; 10 lbs. \$14.00.**

4108 The Rochester or Improved Crimson Globe A perfect beet; brilliant crimson in color, globe-shaped, with a very smooth skin, and an exceedingly small tap-root. It has fine grained, sweet and tender flesh. Matures in 41 days. **Pkt. 5c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; 1 lb. 95c; 2 lbs. \$1.70; 5 lbs. \$4.05; 10 lbs. \$7.10.**

Bush Beans

Bush beans are tender, requiring warm weather for growth. They can be sown with safety from the time the maples are well out in leaf, until early August. A succession of plantings will yield a continuous supply all summer long. These varieties are most delicious when picked before the pods reach their full size. A packet sows about 25 ft. of row; 1 lb. will plant 100 ft.; and 60 lbs. an acre.

Green-Pod Bush Beans

4001 Bountiful (V)

Superior in quality, earliness, and productiveness. The flat, tender, green pods 6 in. long are borne early, being ready in 48 days. The sweet-flavored, stringless pods should be removed before they attain full size so that the bush will continue to bear a long time. This thrifty bean is particularly fine on light, sandy soil. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 40c; 2 lbs. 65c; 5 lbs. \$1.15; 10 lbs. \$2.05.**

4006 Burpee's Stringless (Green-Pod) (V)

This is one of the most popular early bush beans in America. The green pods are round, 5 in. long, fleshy, tender, and nearly straight, and so thick as to be double-barrelled, even when young. They are borne in abundance throughout a long season. Ready in 42 days. Unexcelled for home or market. Seeds are brown. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 35c; 2 lbs. 55c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

4004 Full Measure (V)

This magnificent bush bean produces long, round, dark green pods in about 45 days. Always solid, stringless, and exceedingly prolific. The pods are an attractive green color, about 5 in. long. Brown seeds mottled with yellowish drab. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 35c; 2 lbs. 55c; 5 lbs. \$1.15; 10 lbs. \$2.05.**

4005 Giant Stringless Green-Pod

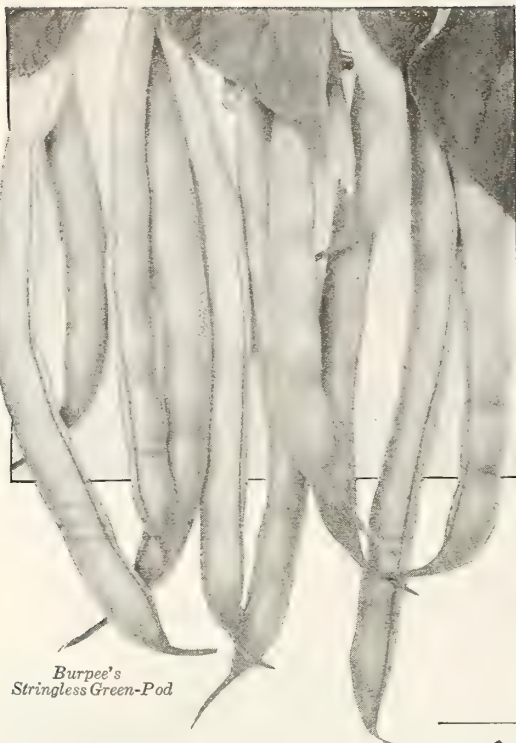

Handsome, dark green, round pods, 6 to 7 in. long. They are very brittle and of superior quality. The plants grow large and erect. 45 days. Dark yellow seeds. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 35c; 2 lbs. 50c; 5 lbs. \$1.10; 10 lbs. \$1.95.**

4010 Stringless Red Valentine

This is a new bean, actually entirely stringless at all stages of growth. It has strong, compact bushes which bear well-filled round pods about 3/4 in. thick. They are quite uniform, attractive and, and have a fine, rich, bean flavor. Its complete freedom from strings is the home garden, and for market. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 40c; 2 lbs. 65c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

4009 Tendergreen

This is a foremost new variety which possesses many excellent qualities. The strictly stringless pods are deliciously tender, a quality responsible for their name. They are light green in color, round, and average 7 in. long. The strong and vigorous plants bear a heavy crop of splendid pods very early. The pods have an excellent flavor. We are convinced that this splendid new variety will soon be grown most extensively. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 40c; 2 lbs. 65c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

Burpee's
Stringless Green-Pod

Shell Beans

These varieties are grown extensively for use as shell beans during the winter season. They possess a high percentage of protein which makes them a very nutritious food. Shell beans are especially popular in the north where they are used extensively for baking.

4002 Dwarf Horticultural (Cranberry)

Large green pods splashed with carmine, ready for table use in about 60 days. This variety is excellent whether used as a snap-bean, green-shelled, or a winter bean. Buff seeds, mottled pink. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 35c; 2 lbs. 55c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

4086 Red Kidney

The good old favorite baking bean. It is one of the largest and best of this class. Makes dwarf, hardy plants, producing quantities of large, flat, green pods 6 in. long. They are well filled with large, light red, kidney-shaped beans of rich flavor. Matures in 100 days. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 30c; 2 lbs. 50c; 5 lbs. \$1.10; 10 lbs. \$1.95.**

4088 White Marrowfat

This is the most popular white shell bean. The plants, which are dwarf, produce very few runners. They are healthy and vigorous, producing large crops of the fine beans, which are favorites for baking. The pods, which are large, flat and straight, each contain 5 to 7 large white seeds. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 30c; 2 lbs. 50c; 5 lbs. \$1.10; 10 lbs. \$1.95.**

9188 Red Arrow

An effective, non-poisonous solution deadly to all insects. Does not injure foliage or fruits, nor does it leave harmful residue on the latter or impair their quality in any way. **1 oz. glass 35c; 1/4 pt. tin \$1.15; 1 pt. tin \$3.50.**

Yellow or Wax-Pod Bush Beans

4020 Burpee's Brittle Wax (V)

One of the best early varieties, supreme amongst beans of this class. The rich golden yellow pods are round and long and are slightly curved. The bushes are remarkably hardy and prolific. The stringless, tender pods are rich and tasty in flavor. Matures in about 42 days. Fine for shell beans. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 40c; 2 lbs. 70c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

4023 Pencil-Pod Black Wax

Exceptionally popular. The bushes are about 15 in. tall. They are loaded with long, round, meaty, golden yellow pods which are perfectly stringless, brittle, tender, and of mild flavor. Ready for use about 45 days after sowing. The pods are straight, 6 1/2 to 7 in. long. Very productive. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 35c; 2 lbs. 55c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

4026 Rustless Golden Wax (V)

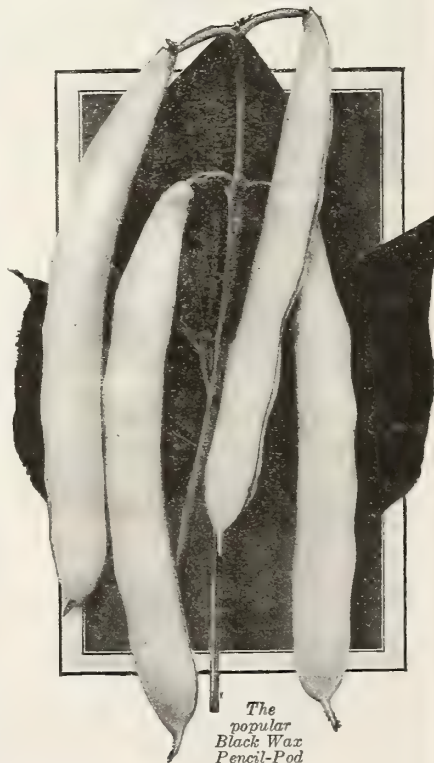

Rustless Golden Wax belongs to the oval-podded class. The pods are 4 to 5 in. long, nearly straight, broad, flat, and lemon-yellow slightly tinged green, free from spots and rust. They are meaty and well-filled, of fine quality, and always stringless. The earliest wax-pod, maturing in 35 to 40 days. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 35c; 2 lbs. 55c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

4027 Sure Crop Stringless Wax (V)

An absolutely stringless, rustproof, wax-pod bush bean with pods 7 to 7 1/2 in. long, and about 1/2 in. thick. Of a beautiful rich yellow color, flat, thick and meaty, very sweet and stringless at all stages. The plants are hardy and extremely prolific. 45 days. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 35c; 2 lbs. 55c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

4029 Yellow Bountiful

A new variety, and just as good in the yellow-pod class, as Bountiful is in the green-pod. Is always stringless. The handsome yellow pods are slightly curved, and about 7 in. long. Very meaty and of delicious flavor. Practically disease-resistant. **Pkt. 10c; 1/2 lb. 25c; 1 lb. 40c; 2 lbs. 70c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

The
popular
Black Wax
Pencil-Pod

Bush Lima Beans

Lima Beans are tender and the seed must not be planted until the nights have become quite warm—about the time the oak trees are in leaf. The middle or latter part of May is usually safe. Stick the seed edgewise, eye down, 18 in. apart in the row. A packet will plant about 25 ft.; 1 lb. for 150 ft.; 25 to 30 lbs. to the acre. Ready for use in 65 to 85 days after planting.

4041 Burpee's Improved Bush Lima (V)

Pods of enormous size, well-filled with handsome beans which are larger and thicker than those of any other bush lima, and fully 8 days earlier. The full-grown bushes measure 30 in. in height and 24 in. across the top. The pods are 5 to 6 in. long, 1 1/4 in. wide, and are frequently borne in clusters of from 5 to 8. The beans are of luscious flavor. This is a remarkable improvement over the original large seeded bush lima. It bears not only larger and bigger pods but is also considerably more productive. **Pkt. 10c; 1/2 lb. 25c; lb. 45c; 2 lbs. 85c; 5 lbs. \$1.55; 10 lbs. \$2.90.**

4040 Fordhook Bush Lima (V)

This popular bush lima bean is in a class by itself. It belongs to the "Potato Lima" type. The plants grow 20 to 30 in. tall and make a spread of almost 2 ft. These strong little upright bushes withstand both whipping rains and strong winds to a remarkable degree. The large pods are borne in clusters of from 4 to 8 each. Each pod is from 4 1/2 to 5 in. long, 1 1/4 in. wide, and often 3/4 in. thick, holding 4 to 5 large, thick beans which retain their green tint when dry. Because of its extra-early maturity, Fordhook will bear profusely where the summers are comparatively short. When cooked it has a delicious flavour. Wholesome and nutritious. Matures in about 75 days. **Pkt. 10c; 1/2 lb. 25c; lb. 45c; 2 lbs. 85c; 5 lbs. \$1.65; 10 lbs. \$3.05.**

Fordhook Bush Lima

Pole Lima Beans

Pole Limas greatly outyield the bush varieties. They mature considerably later, however, and of course require poles or another kind of support on which to climb. Sow the seed only after the danger of frost is over and the nights are warm. Sow 1 lb. to 75 poles.

4077 Burpee's Giant-Podded (V)

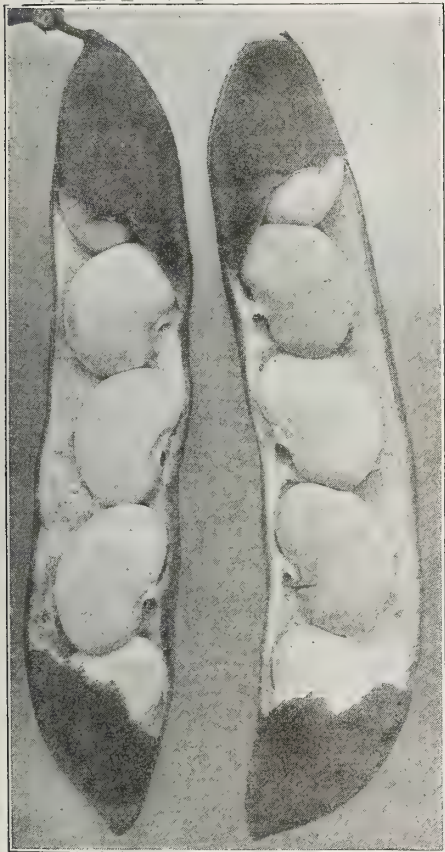

The largest of all pole limas. The pods are huge and often measure 7 in. in length and 1 1/2 in. wide. The beans are extra large. They are invariably of superb flavor. The vines readily attain a height of from 10 to 12 ft. It is strong, robust, vigorous, and very productive. The pods are produced in clusters of from 4 to 8 until the vines are killed by frost. Every market grower knows how this cluster habit increases the yield of a lima bean. Valuable in the home garden. Ready for picking in about 90 days. **Pkt. 10c; 1/2 lb. 25c; lb. 45c; 2 lbs. 85c; 5 lbs. \$1.55; 10 lbs. \$2.90.**

4076 King of the Garden

This is the grand old standard market and family sort. It is vigorous and immensely productive. The vines begin to produce pods near the base of the pole, and the bearing season continues without interruption until frost. The pods are large, numerous, and well filled, and the beans are of mammoth size. The handsome pods often attain a length of 6 to 8 in., with 5 or 6 full and perfectly formed beans in each pod. Ready for the table in 90 days. **Pkt. 10c; 1/2 lb. 25c; lb. 40c; 2 lbs. 75c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

4078 Sunnybrook

Sunnybrook's most valuable qualities are its extreme earliness and its tremendous prolificness. The combination of these two valuable characteristics is winning for this variety a foremost place in all gardens. Each cluster carries from 5 to 10 pods and each pod is packed with 4 and often 5 large, thick, meaty, light green beans unsurpassed in quality. Sunnybrook is considerably earlier in producing pods ready for picking than any other lima of this type. Sunnybrook is always dependably productive, producing a prolific crop for home use, for canning, or for market. The beans are ready for table or market in about 80 days after seed is sown. **Pkt. 10c; 1/2 lb. 25c; lb. 45c; 2 lbs. 85c; 5 lbs. \$1.55; 10 lbs. \$2.90.**

Burpee's Giant Podded Pole Lima

Pole or Runner Beans

Pole beans yield much more heavily than bush varieties and bear fresh, tender beans until killed by frost. Sow 1 pkt. to 20 poles; 1 lb. to 100 poles; 20 to 30 lbs. per acre. Ready in 65 to 85 days.

4055 Burger's Stringless Green Pod (V)

Sometimes called White-Seeded Kentucky Wonder. The pods are absolutely stringless, very tender, and of a tasty, mild, sweet flavor. Averaging 6-8 in. in length, they are uniformly straight, rich dark green and meaty. Its earliness (the pods mature in 65 days) make it a popular pole bean for growing in the northern climate since it will produce pods in great numbers before cold weather sets in. **Pkt. 10c; 1/2 lb. 25c; lb. 35c; 2 lbs. 55c; 5 lbs. \$1.15; 10 lbs. \$2.05.**

4061 Kentucky Wonder Wax

A splendid yellow-podded pole bean for all localities. It owes its tremendous popularity to its extreme earliness and productiveness. The light yellow pods are 8-9 inches long, and are so thick and fleshy as to be distinctly creasebacked or double-barrelled. If gathered before reaching full size, they are practically stringless. The flesh is mild, tasty, and brittle. Ready to pick in 65 days. **Pkt. 10c; 1/2 lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. \$1.30; 10 lbs. \$2.40.**

4059 Old Homestead

Kentucky Wonder (V)

We believe this to be the most useful of all green-podded pole beans. The vines are enormously productive, with pods hanging in great clusters. These curved pods often reach a length of 7-9 inches. They are entirely stringless and of finest quality. Old Homestead will be found especially suitable for use as snaps. This is a very popular bean for the home garden, as well as a favorite for market. Seeds are dun colored. **Pkt. 10c; 1/2 lb. 25c; lb. 35c; 2 lbs. 55c; 5 lbs. \$1.15; 10 lbs. \$2.05.**

Seed Disinfection

Give your seeds and bulbs a healthy start by protecting them from damping off, rust, blight, mildew, and other fungi. Dust your flower and vegetable seeds with Semesan before sowing. Use Semesan Jr. for corn, and insure against mold and rot. Semesan Jr. is a dip to protect seed potatoes against scab. The above are all for sale at our Rochester Store, 45 South Ave. Because of their poisonous nature they cannot be sent through the mails, but many dealers offer them.

A field of Long Red Mangels

MANGELS For Stock Feeding

Easily grown, and of enormous value for stock feeding. Sow 5 or 6 lbs. per acre, in drills.

4140 Golden Tankard All stock relish it. The large sweet roots are heavy and solid and high in food value. The broad shoulder and base make harvesting easy. An excellent keeper. **Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 35c; 1 lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75.**

4143 Vicks Mammoth Long Red Ⓢ This is the best long red mangel beet in cultivation, producing large roots which weigh 20 to 30 lbs. each. They are frequently 2 ft. long having bright red skin and white flesh veined with pink. Fine grained even when weighing 30 lbs. Enormously productive, often 35 to 50 tons of roots per acre. **Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 35c; 1 lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75.**

Sugar Beets

4122 Imperial Sugar Ⓢ For sugar or for stock feeding. Its rich, sugary, white flesh makes this beet one of the sweetest and best. Has yielded 30 tons per acre. Sow seed 1 in. deep in drills 2 or 3 ft. apart, in May or June. One pkt. sows 25 ft. of row; 5 lbs. per acre in drills. **Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 35c; 1 lb. 60c; 2 lbs. \$1.10; 5 lbs. \$2.40; 10 lbs. \$4.50.**

Horse-Radish

5910 Maliner Kren (*New Bohemian*) Produces mammoth roots. Extra early. A heavy yielder on rich, medium-heavy soil. Plant roots 15 to 18 in. apart in rows 2 to 3 ft. apart. **6 for 25c; 12 for 35c; 100 for \$1.50; 250 roots for \$2.50; 500 for \$4.50; 1000 for \$8.00.**

Herbs

Every garden should include some Herbs. The leaves and stems are fine for flavoring, used either fresh or when dried.

4417 Catnip Used either green or dry for flavoring. **Pkt. 10c; ½ oz. 30c; oz. 55c.**

4418 Dill For flavoring pickles. The seeds also are highly valued for flavoring sauerkraut, etc. **Pkt. 10c; oz. 15c; ¼ lb. 30c; ½ lb. 45c; 1 lb. 75c.**

4420 Fennel, Sweet Aromatic seeds of enormous value in flavoring. **Pkt. 10c; ½ oz. 20c; oz. 30c.**

4421 Lavender (*Vera*) True scented lavender that is so highly prized. **Pkt. 10c; ½ oz. 30c; oz. 50c.**

4422 Sage An herb used extensively and really indispensable for flavoring many different kinds of dishes and fillings. **Pkt. 10c; oz. 30c; ¼ lb. 85c; ½ lb. \$1.25; 1 lb. \$2.25.**

4423 Savory, Summer One of the favorite culinary herbs. **Pkt. 10c; ½ oz. 15c; oz. 25c.**

4424 Sweet Marjoram Imparts an agreeable flavor to gravies, dressings, soups, etc. Dry the young branch tips for winter use. **Pkt. 10c; oz. 20c.**

4425 Thyme Medicinal and culinary. Often grown in the perennial border for its attractive flowers. **Pkt. 10c; ½ oz. 25c; oz. 40c; ¼ lb. \$1.15; ½ lb. \$2.05; 1 lb. \$3.75.**

Our Improved Sprouts

Brussels Sprouts

4161 Vicks Improved (Also known as Paris Market) Brussels Sprouts is a delicious vegetable, related to Cabbage. It is a vegetable which deserves wider planting as it yields its sprouts throughout the fall and winter, at a time when green vegetables are most appreciated. The little "sprouts," are like miniature Cabbages, which they excel in flavor. Our "Improved" is a half-dwarf variety with large solid sprouts. They are produced in great abundance all along the stem. These tightly folded sprouts are blanched to a creamy yellow in the heart. Ready for use in 125 days. One pkt. gives about 300 plants, 1 oz. about 2000 plants. **Pkt. 10c; oz. 20c; ¼ lb. 65c; ½ lb. \$1.00; 1 lb. \$1.75; 2 lbs. \$3.20; 5 lbs. \$7.70.**

Vicks Fine Cauliflower

Nothing can excel the appetizing quality of this popular vegetable. No vegetable is more delicious than fresh tender Cauliflower. No other vegetable approaches it in popularity on the market. Sow the seeds in boxes or in the hotbed in February or March, setting the plants in rows 18 in. apart, in rich loamy soil. One pkt. produces about 150 plants; 1 oz. about 1500 to 2000 plants; ¼ lb. is sufficient for an acre.

4284 Vicks Ideal Ⓢ

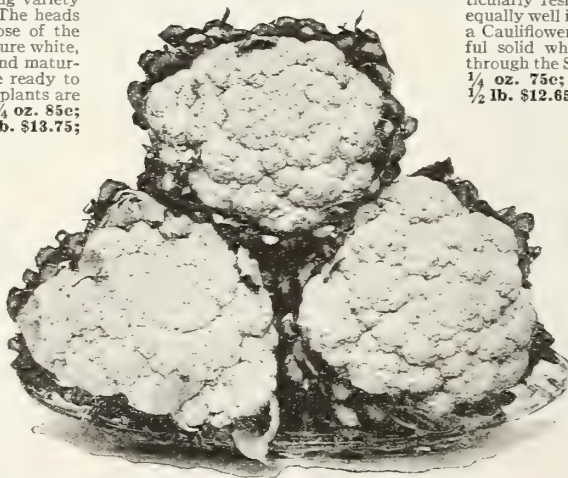

This Cauliflower heads the list as the earliest, finest, and most handsome. Every plant produces a head whether grown under glass or outdoors. Its many superb qualities make it the leading variety for both market, and the home garden. The heads are ready for use far in advance of those of the other varieties. They are composed of a pure white, solid curd. These heads are quite large, and maturing all at about the same time, they are ready to catch a Cauliflower-hungry market. The plants are dwarf and compact growing. **Pkt. 15c; ¼ oz. 85c; ½ oz. \$1.45; oz. \$2.50; ¼ lb. \$7.50; ½ lb. \$13.75; 1 lb. \$25.00.**

4277 Early Snowball Ⓢ

This well-known and popular standard variety belongs to the same group as Vicks Ideal and easily takes its place next to it in point of earliness and excellence. The large solid heads measure 9 inches across and command the highest prices on all markets. Under good conditions every plant will make a fine head. The curd is solid, smooth, and even, and is entirely free from bits of foliage. The short outer leaves of this dwarf variety permits the plants being placed close together. A sure-cropper well suited for forcing. Many growers prefer it for both early and late planting. **Pkt. 10c; ¼ oz. 75c; ½ oz. \$1.25; oz. \$2.30; ¼ lb. \$6.90; ½ lb. \$12.65; 1 lb. \$23.00.**

4283 Dry Weather Danish Giant

This is the variety which forms white, solid heads even when all other varieties fail to produce a crop. It grows well in dry seasons, being particularly resistant to the effects of drought, but does equally well in a damp, moist season. It is in all respects a Cauliflower of the highest quality, producing beautiful solid white heads. Dry Weather is much grown through the South. About 105 days from seed. **Pkt. 10c; ¼ oz. 75c; ½ oz. \$1.25; oz. \$2.30; ¼ lb. \$6.90; ½ lb. \$12.65; 1 lb. \$23.00.**

Super Snowball

4281 Super Snowball Ⓢ

We recommend this variety to you. It is without peer. We hold Super Snowball as unquestionably the finest early Cauliflower grown in our trials. The heads all develop at one time, and exhibit uniformity of shape, size, and type that is truly astonishing. A large planting is most impressive with row after row of identical plants. The plants are rather dwarf but exceedingly compact. They have ample foliage of a beautiful dark green color. The inner leaves curve over the head and serve as good protection against the weather. The head itself is almost round. It has a beautiful pure white, smooth curd, presenting a most attractive appearance when cooked. New, and early-maturing. **Pkt. 20c; ¼ oz. \$1.10; ½ oz. \$1.80; oz. \$3.30; ¼ lb. \$10.00; ½ lb. \$18.25; 1 lb. \$33.00.**

Vicks Fine Cabbage

Cabbage is a staple crop of great adaptability. The different varieties provide heads from early summer till late fall, the latter for immediate use or winter storage. A packet will produce about 250 plants; an oz. 3000 plants; ¼ lb. to the acre. Ready in from 68 to 120 days.

Early and Mid-Season Varieties

Sow the seed indoors very early in the spring, transplanting after all danger of frost is past; or sow outdoors when the weather is settled.

4200 All-Head Early This is the earliest large Cabbage. It produces deep, well-rounded, compact heads of uniform size, shape, and color. A good keeper. Ready in about 90 days. Equally good for summer and winter use. **Pkt. 10c; oz. 25c; ¼ lb. 75c; ½ lb. \$1.15; lb. \$2.00; 2 lbs. \$3.70; 5 lbs. \$9.00; 10 lbs. \$17.00.**

4205 Earlier Golden Acre (V) One of the earliest round-headed varieties. Similar to Copenhagen Market, a trifle smaller, but maturing a week earlier. The most profitable variety for the early crop. Makes very solid heads which are round as balls, about 6 in. in diameter, and weigh about 3 lbs. each. Matures in 70 days, the entire crop at one time. **Pkt. 10c; oz. 35c; ¼ lb. \$1.15; ½ lb. \$1.80; lb. \$3.25; 2 lbs. \$6.05; 5 lbs. \$14.60; 10 lbs. \$27.60.**

4215 Selected Extra-Early Jersey Wakefield (V) A very early Cabbage, having solid heads of conical, pointed shape, with a broad flat base. Our Jersey Wakefield is the finest obtainable anywhere. The heads have few outer leaves, and cannot be surpassed for compactness and regularity. Large, hard heads of splendid eating quality maturing within 75 days. Firm, sweet, and tender. The most popular extra early cabbage, and a favorite variety for the home garden. **Pkt. 10c; oz. 25c; ¼ lb. 75c; ½ lb. \$1.15; lb. \$2.00; 2 lbs. \$3.70; 5 lbs. \$9.00; 10 lbs. \$17.00.**

4204 Copenhagen Market (V) Produces round, hard heads of the finest quality for the table or market in 75 days. Always superb in quality, Copenhagen Market is probably the favorite Cabbage for home growing, for cooking, and for slaw and kraut. Solid, small-cored heads. Of excellent keeping qualities, and a good seller. The plants are short stemmed, producing heads very close to the ground. The light green leaves are medium in size, saucer shaped, and always tightly folded. **Pkt. 10c; oz. 30c; ¼ lb. 95c; ½ lb. \$1.50; lb. \$2.75; 2 lbs. \$5.10; 5 lbs. \$12.35; 10 lbs. \$23.35.**

4224 Marion Market

(Yellows Resistant) Marion Market is a selection from Copenhagen Market for yellows resistance. It matures about 10 days later than the latter variety, being ready for use in about 85 days. It has solid, almost round, heads of the highest quality. This cabbage is completely immune to the "yellows" disease, and can be planted on the "sickest" land, with surety of a good crop resulting. Also a good shipper. **Pkt. 10c; oz. 45c; ¼ lb. \$1.40; ½ lb. \$2.60; lb. \$4.75; 2 lbs. \$8.85; 5 lbs. \$21.35; 10 lbs. \$40.35.**

Late or Winter Cabbage

Sow the seed outdoors in the open ground in May or June. When plants are large enough, set outdoors in rows 2 to 3 ft. apart. Cultivate frequently.

4213 Penn State Ballhead Developed by the Pennsylvania State College. Shows a record of over 12 tons per acre. This extra tonnage, combined with better storage quality, places it in a class of its own. Matures in 120 days. **Pkt. 10c; oz. 35c; ¼ lb. \$1.15; ½ lb. \$1.80; lb. \$3.25; 2 lbs. \$6.05; 5 lbs. \$14.60; 10 lbs. \$27.60.**

4219 Vicks Improved Danish Ballhead, Middle Stem (V) Hard, solid, tender, and crisp heads. The leading late variety and an excellent keeper. More largely grown for market than any other late variety, and frequently commanding a higher price. Medium-sized heads, 8 to 10 in. in diameter, with few outer leaves, permitting close planting. Matures in about 120 days. **Pkt. 10c; oz. 30c; ¼ lb. 90c; ½ lb. \$1.40; lb. \$2.50; 2 lbs. \$4.65; 5 lbs. \$11.25; 10 lbs. \$21.25.**

4220 Vicks Danish Ballhead Short-Stemmed (V) This is a choice strain selected from the famous Danish Ballhead cabbage. It is one of the best and most popular for home and market. Yields the largest crop of all the Danish Ballheads. Strong and vigorous, 10 days earlier than Vicks Improved Danish Ballhead. Matures its large solid round heads in about 110 days. **Pkt. 10c; oz. 30c; ¼ lb. 90c; ½ lb. \$1.40; lb. \$2.50; 2 lbs. \$4.65; 5 lbs. \$11.25; 10 lbs. \$21.25.**

4212 Vicks Danish Ballhead, Tall Stem Produces round, solid, hard heads which are extremely heavy, though not extra large. Can be grown in close quarters on account of its compact habit. As to its keeping qualities, it comes out of the pit in March or April as fresh as when put in, and with no waste. Matures in 120 days. **Pkt. 10c; oz. 30c; ¼ lb. 90c; ½ lb. \$1.40; lb. \$2.50; 2 lbs. \$4.65; 5 lbs. \$11.25; 10 lbs. \$21.25.**

4222 Wisconsin Hollander, Yellow-Resistant A "yellow rot" disease-resistant variety which will produce a crop of medium-sized, round or somewhat flattened heads of remarkable solidity and excellent keeping quality in locations where plants are affected by the "yellows." Matures in about 120 days. **Pkt. 10c; oz. 35c; ¼ lb. \$1.15; ½ lb. \$1.80; lb. \$3.25; 2 lbs. \$6.05; 5 lbs. \$14.60; 10 lbs. \$27.60.**

4214 Premium Late Flat Dutch The heads are very large, heavy, solid, flat on top, and of a bluish green color. They are low-growing with a short stem. The quality is fine; the flavor excellent. Beautiful white inside. Everywhere a favorite market or kraut variety. Matures in about 110 days. **Pkt. 10c; oz. 20c; ¼ lb. 65c; ½ lb. \$1.00; lb. \$1.75; 2 lbs. \$3.20; 5 lbs. \$7.70; 10 lbs. \$14.00.**

4216 Surehead One of the best main crop varieties, very hardy, sure heading, and of delicious flavor, with heads as large as Premium Late Flat Dutch. Ready to cut in about 110 days. The heads are large, broad, slightly flattened, very solid, firm, tender, and sweet. Excellent for kraut. Keeps well. A splendid shipper. **Pkt. 10c; oz. 25c; ¼ lb. 75c; ½ lb. \$1.15; lb. \$2.00; 2 lbs. \$3.70; 5 lbs. \$9.00; 10 lbs. \$17.00.**

Danish Ballhead, Vicks Improved

A field of Vicks Cabbage

4207 Glory of Enkhuizen Medium early, this variety matures in 90 days, with heads frequently weighing 6 to 8 lbs. each. They are quite large-sized, ball-shaped, firm, and solid. The leaves are exceedingly tender. It is a dwarf and compact grower, permitting close planting. Adapted for late fall and winter use. **Pkt. 10c; oz. 20c; ¼ lb. 65c; ½ lb. \$1.00; lb. \$1.75; 2 lbs. \$3.20; 5 lbs. \$7.70; 10 lbs. \$14.00.**

4201 Vicks All Seasons (V) Large heads of unsurpassed beauty and solidity. It has noteworthy compactness of growth which permits close planting. A truly fine summer cabbage for use from June until October. It is ready for the table in 95 days. Our All Seasons has met with wide appreciation, and we know of no sort more important to gardeners. **Pkt. 5c; oz. 25c; ¼ lb. 75c; ½ lb. \$1.15; lb. \$2.00; 2 lbs. \$3.70; 5 lbs. \$9.00; 10 lbs. \$17.00.**

Savoy Cabbage

4208 Improved American Savoy Savoy Cabbage deserves to be better known in America. It is superior to other cabbages for cooking, having greater tenderness and delicacy of flavor. The leaves are wrinkled or densely crumpled, forming fine large heads which mature in 110 days. Improved American Savoy is the best of all—either for market or the home garden. It is always a reliable header and is at its best in the fall and winter after a hard frost. A good winter keeper. **Pkt. 10c; oz. 25c; ¼ lb. 85c; ½ lb. \$1.25; lb. \$2.25; 2 lbs. \$4.20; 5 lbs. \$10.10; 10 lbs. \$19.20.**

Red Cabbage

4211 Mammoth Rock Red This is a fine red cabbage and a most reliable header. The quality is excellent. The heads are extra large, round, very solid, and of a deep red color, often weighing 12 lbs. Used widely for pickling. The hardest and largest header. **Pkt. 10c; oz. 25c; ¼ lb. 85c; ½ lb. \$1.25; lb. \$2.25; 2 lbs. \$4.20; 5 lbs. \$10.10; 10 lbs. \$19.20.**

Chinese Cabbage

The leaves when young are crimped and of a light green color. As the plant becomes older, it grows more upright and forms heads much like Cos Lettuce. The inner leaves blanch to an attractive light yellow or creamy white, with white midribs. A dainty table vegetable with a distinct, very mild and pleasant flavor. Chinese Cabbage should be sown the same time as turnips, after the first of July. Earlier plantings run quickly to seed in hot weather. Sow in drills 14 to 20 in. apart, and thin the seedlings two or three times.

4240 Chihli (V) The earliest sure heading Chinese Cabbage. A most delicious vegetable which combines the rich celery flavor with that of the cabbage. Can be cooked, or eaten raw like celery. Makes a good salad as the finest head lettuce. The midribs can be cooked like asparagus, and for cole slaw no cabbage compares with it. An excellent addition to your table delicacies. Solid, long, white heads. Leaves broad, smooth, fringed, and edged, with broad white midribs. Matures in 55 days. **Pkt. 10c; oz. 25c; ¼ lb. 85c; ½ lb. \$1.25; lb. \$2.25; 2 lbs. \$4.20; 5 lbs. \$10.10; 10 lbs. \$19.10.**

Vicks Early Sweet Corn

Little space is required for planting enough hills of Sweet Corn to supply the average family. Successive sowings can be made up to July 1st for a continuous supply for the table and to can for winter use. Sow only when the weather is warm. 1 pkt. to 40 hills, or 100 ft. of row; 12½ lbs. per acre.

4342 Golden Gem (V)

For the very earliest corn, try some Golden Gem. This is a new variety, developed by the North Dakota Experiment Station and there is no corn earlier. Give it rich land for best growth. The stalks grow about 5 feet tall, bearing ears 6 ins. long with 8 to 10 rows of bright golden-yellow grains. **Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 75c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

4339 Vicks Golden Nugget (V)

The most popular sweet corn we have ever sold, ready for table use just a few days after Golden Bantam. Vicks Golden Nugget often produces two and sometimes as many as three and even four ears to a stalk. The ears are large, frequently running 7 to 8 in. in length. It tastes as good as it looks. **Pkt. 10c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

4337 The Burpee

An outstanding early yellow sugar corn, maturing fully a week earlier than Golden Bantam. It has big, attractive, golden-yellow ears often 7 in. long, and 1¾ in. thick—a splendid size for eating from the cob. They are full of toothsome sweetness and nourishment, with rich, sweet, and buttery flavor. Grows 5 to 5½ ft. tall. **Pkt. 15c; ½ lb. 30c; lb. 45c; 2 lbs. 85c; 5 lbs. \$1.60; 10 lbs. \$3.05.**

4331 Extra-Early Golden Bantam (V)

The seed may be sown quite early, even when the soil is still too cold and wet for most sweet corns. This is a very hardy variety and responds well to the early planting. No other sweet corn can quite approach Golden Bantam in sweetness of flavor. The broad, deep, yellow, juicy grains are exceedingly sweet and tender. It is always in demand—the public has learned to ask for Golden Bantam. **Pkt. 10c; ½ lb. 20c; lb. 35c; 2 lbs. 55c; 5 lbs. \$1.20; 10 lbs. \$2.15.**

4333 Golden Sunshine

The earliest yellow sweet corn, maturing before the early Whipple's Yellow and one week earlier than Golden Bantam. Especially recommended for its extreme earliness, sweetness, and richness of flavor. Our northern-grown seed assures the market gardener of an extremely early crop that will be sold at high prices. 12-rowed. **Pkt. 10c; ½ lb. 25c; lb. 35c; 2 lbs. 60c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

4341 Whipple's Early Yellow

A yellow sweet corn which is particularly desirable as a second-early variety. It matures three days later than Golden Bantam. The large, 14-rowed ears average 7 to 8 in. long with broad and deep kernels of superb quality. The big ears grow on plants 6 ft. tall. This is a high quality corn, equally fine for market and the home garden. **Pkt. 10c; ½ lb. 25c; lb. 35c; 2 lbs. 60c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

4332 Golden Giant

Golden ears of unusually large size. This variety is strong, vigorous, and extremely productive. It is a little earlier than Vicks Golden Nugget, producing large-sized ears with the delicious buttery Golden Bantam flavor, almost as early as that variety. Golden Giant is the result of a cross made between Golden Bantam and Howling Mob, and it combines the best qualities of its two notable parents. The ears are over 8 in. long, with 12-16 rows of long, deep yellow kernels. They are protected from attacks of worms and birds by a heavy husk. **Pkt. 10c; ½ lb. 25c; lb. 35c; 2 lbs. 60c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

4340 Vicks Morning Dew (V) (illustrated above)

A white-grained variety, that matures only a week to 10 days later than Golden Bantam—and is a real Vicks introduction. It is of a quality unsurpassed by any other white sweet corn, and is extremely prolific, with two or three ears to a plant. These ears are 8-9 inches long and quite thick. They have 16-18 rows of deep, rather narrow kernels. Many growers hold this variety their favorite since its earliness, size, and good yield make it very profitable to grow. The handsome ears bring fancy prices. Few varieties are more satisfactory for the home garden than Vicks Morning Dew. You are bound to find this extra-early variety the most satisfactory for many purposes of any white corn requiring a similar length of time to mature. **Pkt. 10c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

Extra-Early Golden Bantam

Delicious Pop Corn

4355 Japanese Hullless

The pearly white kernels are long and slender. A heavy yielder with ears nearly as thick as they are long, and a delicious variety, entirely free from hulls or shells. 5 ft. tall, 2-3 ears per plant. **Pkt. 10c; ½ lb. 25c; lb. 35c; 2 lbs. 50c; 5 lbs. \$1.10; 10 lbs. \$1.95.**

4356 Queen's Golden

Rich golden yellow ears that are large and extremely handsome. The grains pop into large, fluffy white balls. Yields 3-4 ears per stalk. **Pkt. 10c; ½ lb. 20c; lb. 30c; 2 lbs. 50c; 5 lbs. \$1.05; 10 lbs. \$1.85.**

4357 Red Beauty (V)

This is one of the most prolific pop corns grown. There are usually 3-4 handsome dark red ears on each stalk. **Pkt. 10c; ½ lb. 25c; lb. 35c; 2 lbs. 50c; 5 lbs. \$1.10; 10 lbs. \$1.95.**

VICKS MAIN CROP SWEET CORN

Country Gentleman Corn has an honored reputation for its tender sweetness, and its delicious flavor.

Country Gentleman

4325 Bantam Evergreen

A desirable large-eared, yellow-grained variety that makes luscious eating. It is a corn that every housewife approves, and so is a variety recommended to plant for market. Bantam Evergreen combines the size and shape of Evergreen with the sweetness, color, and high quality of Golden Bantam, though maturing 10 days later. The stalks are 6 ft. tall, bearing two ears each which are set with 12 rows of kernels. Does remarkably well as a home garden variety. **Pkt. 10c; ½ lb. 25c; 1b. 35c; 2 lbs. 55c; 5 lbs. \$1.15; 10 lbs. \$2.05.**

4326 Black Mexican

The matured grains of this unusual variety are black or bluish black, but when in condition for the table they are white with a light purple tinge, and are filled with sweet and tender pulp. Black Mexican is considered one of the sweetest of all the sugar corns. The ears are 8 inches long set with 8 rows of delicious, broad grains. Fine for the home garden, producing Sweet Corn far superior in taste to any other variety. **Pkt. 10c; ½ lb. 25c; 1b. 35c; 2 lbs. 60c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

4329 Country Gentleman ⑤

Shoe-peg corn. The sweetest of all white varieties. Due to the irregular arrangement of the kernels on the cob, it is an excellent sort to grow where worms bother the ears. Instead of working along the row toward the middle of the ear, the worms have no row to follow and confine their damage to the tip of the cob. Very prolific, rarely producing less than three ears to the stalk. The ears average 8 to 9 in. in length. The grain is very deep, growing irregularly on the cob. The tender and milky "Shoe-peg" grains are narrow, plump, and white while the ears always are of the tenderest. Matures a week later than Stowell's Evergreen. **Pkt. 10c; ½ lb. 25c; 1b. 40c; 2 lbs. 75c; 5 lbs. \$1.25; 10 lbs. \$2.25.**

4336 Stowell's Evergreen ⑤

The standard main crop variety in all sections. New York-grown Stowell's Evergreen is recognized everywhere as the best type of its class. This corn is large-eared, hardy, productive, sweet and tender, and remains a long time in cooking condition. For many years this variety has stood at the head of the list of late sweet corns, and it bids fair to hold the position for years to come. For the family garden, for the market grower, and the canner, it is unexcelled. Large, well-filled ears 8 to 9 in. long with 16 or more rows of the finest sugary grains. Deep-set, tender white kernels of a fine, rich flavor. The most popular large-eared, late-maturing Sweet Corn, and the quickest basket filler for the market gardener. The ears are large, thick, and of luscious sweetness, combining quantity with quality. A good seller on sight, and for the home garden it has no equal as a late sort. For canning it is the best variety grown, keeping its sweetness better than most other sorts. **Pkt. 10c; ½ lb. 25c; 1b. 35c; 2 lbs. 55c; 5 lbs. \$1.15; 10 lbs. \$2.05.**

Stowell's Evergreen

Celeriac

4295 Giant Smooth Prague Large, round, smooth roots. Pure white flesh of excellent flavor. Seed should be sown and given the same treatment as celery, except that no blanching is necessary. The roots are fit to use when about 2 in. in diameter. Will keep all winter like carrots if packed in moist earth or sand. Splendid for flavoring soups or served as salad. **Pkt. 10c; ½ oz. 20c; oz. 30c; ¼ lb. 85c; ½ lb. \$1.25; 1b. \$2.25.**

Chicory

4320 Witloof Chicory (French Endive) A delicious vegetable, easily forced in any warm room or cellar. Grow the roots in the garden by sowing the seed not later than early June. In November the roots are dug and the leaves are cut off. Pack in boxes with moist soil, and cover 6 in. deep with sand. Keep warm and moist. Harvest when the sprouts break through the soil. **Pkt. 10c; oz. 20c; ¼ lb. 70c; ½ lb. \$1.10; 1b. \$1.85.**

Corn Salad

4363 Large Round-Leaved A hardy, early spring salad, the small leaves being served like lettuce for early spring use, or cooked like spinach. Also used for garnishing meat dishes in the same manner as Parsley. Sow the seed early in the spring, or in August or September. The leaves may be cut in the spring or fall. This is also known as Lamb's Lettuce. **Pkt. 10c; oz. 15c; ¼ lb. 45c; ½ lb. 70c; 1b. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

Cress (Pepper Grass)

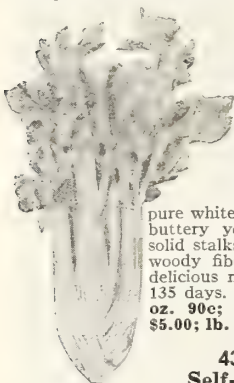

4365 Fine Curled An excellent salad of spicy flavor; used as a condiment and for garnishing. Should be grown in every garden. Grows very quickly and seed can be sown as early in the spring as the ground can be worked. For succession, make repeated sowings every two weeks from early spring until early fall. This variety is very easy to grow indoors in pots. **Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 40c; 1b. 65c; 2 lbs. \$1.15; 5 lbs. \$2.60.**

4366 Water Cress

This plant is used extensively for garnishing and for salads. It can easily be grown in any small slow stream and succeeds best in streams fed by springs. The seed may be started indoors in moist soil. Transplant the seedlings into the shallow part of the stream when of fair size. Water Cress can also be grown in greenhouse for winter use, or in frames, and is a profitable crop. **Pkt. 10c; ½ oz. 25c; oz. 40c; ¼ lb. \$1.15; ½ lb. \$2.05; 1b. \$3.75.**

Crisp Celery

Celery is easy to grow and even the amateur can secure very satisfactory results. 1 packet of seed will produce 400 plants; 1 oz. 8,000 plants; 2 ozs. enough for an acre. According to variety, ready for use in from 120 days to 140 days.

4300 New Fordhook

A new and distinct type for which there is great demand. The finest heavy yielding celery, keeping in perfect condition late into the following spring. Grows only 15 to 18 in. tall and is easily blanched to a pure white with the heart tinted buttery yellow. Smooth, thick, solid stalks, free from stringy or woody fiber. Crisp and tender; delicious nut flavor. Matures in 135 days. **Pkt. 20c; ½ oz. 50c; oz. 90c; ¼ lb. \$2.75; ½ lb. \$5.00; 1 lb. \$9.00.**

4303 Golden Self-Blanching

French-Grown, Original Dwarf Strain. No other celery approaches this in long-keeping quality, flavor, or color. Golden Self-Blanching is dwarf, growing 18 to 20 in. tall, wonderfully stocky, very heavy, perfectly solid, and of delicate flavor. It is of delicate creamy yellow color, and commands a very high price in the market. The flavor is rich and nutty. Very attractive. Ready for the market or table in 120 days. **Pkt. 15c; ½ oz. 55c; oz. 95c; ¼ lb. \$2.85; ½ lb. \$5.20; 1 lb. \$9.50.**

4306 American Golden Self-Blanching

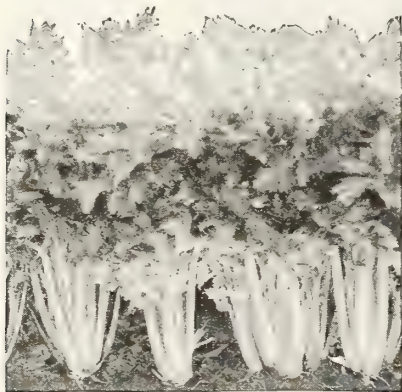

Of dwarf, compact growth, with thick, solid, heavily-ribbed stalks which blanch easily to a clear golden yellow. They are crisp and solid, free from stringiness, and of a most delicious flavor. Ready for table use in 120 days. **Pkt. 5c; ½ oz. 35c; oz. 40c; ¼ lb. \$1.25; ½ lb. \$2.35; 1 lb. \$4.25.**

4301 Giant Pascal (Winter King)

Very large stalks; thick, solid, and crisp. Of fine nutty flavor and free from bitterness. Blanching with but slight earthing up. An excellent winter keeper, maturing in 140 days. **Pkt. 10c; ½ oz. 20c; oz. 30c; ¼ lb. 85c; ½ lb. \$1.25; 1 lb. \$2.25.**

4302 Golden Plume (Wonderful)

One of the finest new American varieties which has won many prizes in the National Celery Contest. A new type of the famous Golden Self-Blanching Celery. The semi-dwarf plants have thick stalks, a broad heart, and wide leaves. Blanching to a beautiful golden yellow color. Ready for table or market in about 120 days. Resistant to attacks of blight and rust. **Pkt. 10c; ½ oz. 35c; oz. 55c; ¼ lb. \$1.65; ½ lb. \$3.00; 1 lb. \$5.50.**

Golden Plume

Choice Carrots

On modern menus, Carrots have an important place. They are rich in vitamins, very nutritious, and wholesome. Creamed or buttered, or grated raw, either alone or with other vegetables, they are most delicious. Sow from early spring till July. 1 packet will sow a row 60 ft. long; 1 oz. 250 ft.

Vicks Butter Carrot

5413 Carrot Collection

Contains 1 pkt. each:
Vicks Butter, Chantenay, Tendersweet (Value 30c) only **10c**

4252 Chantenay Stump-Rooted

One of the best early Carrots in cultivation, Chantenay is a half long, stump-rooted carrot. The smooth roots are uniform and entirely free from core. The flesh is tender and sweet, and never becomes stringy nor shows rings. This choice, deep orange variety matures its attractive, half-long, stump-rooted carrots in about 60 days. Fine for table use or for stock. **Pkt. 10c; oz. 15c; ¼ lb. 45c; ½ lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

4256 Goldinhardt

A beautiful Carrot, 6 in. long and 2½ in. thick, with delicious, sweet, tender flesh. This carrot has deep orange-red flesh right through to the center. It is one of the best for cooking. Matures in 60 days. **Pkt. 10c; oz. 20c; ¼ lb. 55c; ½ lb. 80c; 1 lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15; 10 lbs. \$11.20.**

4261 Improved Long Orange

Those who have good deep soil will benefit by planting this variety. Well-shaped long roots with smooth skin free from small rootlets, gradually tapering, but of satisfactory thickness well throughout their length. It is 10 to 12 in. long and 2 in. thick at the shoulder. Popular on the market, it is excellent for bunching. A fine winter keeper. 75 days. **Pkt. 10c; oz. 15c; ¼ lb. 30c; ½ lb. 45c; 1 lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

4253 Danvers Half-Long Orange

Well adapted to all soils and sections. It is half long and almost cylindrical in shape, somewhat stump-rooted, and of rich dark orange color. Over 40 tons per acre of Danvers Half-Long Carrots have been grown, and a yield of 25 to 30 tons per acre is not uncommon. Its sweet, fine-grained flesh makes it a favorite for home use, and it is also grown extensively for market. Ready for use in about 70 days. **Pkt. 10c; oz. 15c; ¼ lb. 45c; ½ lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

4258 Half-Long Nantes Stump-Rooted

Nantes is one of the best "coreless" varieties. The attractive cylindrical roots are 6 to 7 in. long. They hold their thickness over their entire length. The tops are small, permitting close planting. Nantes is admirably adapted for bunching and one of the best carrots for use in the home garden. The flesh is fine-grained, tender, sweet, and of exceptionally fine flavor. 65 days. **Pkt. 5c; oz. 20c; ¼ lb. 55c; ½ lb. 80c; 1 lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15; 10 lbs. \$11.20.**

Guerande

4251 Vicks Butter Carrot

A very fine variety for table use. The tender flesh is mild, of pleasant flavor, and it is free from any hard core. The shape is also ideal for a table carrot, being practically the same size from crown to bottom. The long, slender, deep orange-scarlet roots have tender, lusciously sweet, and almost coreless flesh. The tops are small and the carrots mature in about 65 days. **Pkt. 10c; oz. 20c; ¼ lb. 60c; ½ lb. 85c; 1 lb. \$1.50; 2 lbs. \$2.75; 5 lbs. \$6.60; 10 lbs. \$12.00.**

4260 Vicks Coreless

Used successfully by our most critical market growers, as it is one of the best table carrots. It is stump-rooted and has a beautiful deep red-orange skin. It has very sweet and tender flesh and is practically coreless. A heavy yielder, Vicks Coreless Carrot, will produce 3 to 4 tons per acre under good conditions. Matures in about 65 days. **Pkt. 10c; oz. 20c; ¼ lb. 60c; ½ lb. 85c; 1 lb. \$1.50; 2 lbs. \$2.75; 5 lbs. \$6.60; 10 lbs. \$12.00.**

4262 Tendersweet

Rich, sweet, with a luscious tenderness and an appetizing flavor uniquely its own. Tendersweet is a new high quality Carrot. We predict that once tried, this fine Carrot will be planted year after year in the same gardens. Many persons never fond of Carrots have become enthusiastic about Tendersweet. The roots are long and tapering, and of a reddish orange color, and there is no hard core present. The foliage is dark green. The carrots tend to be smooth and are remarkably uniform in size and shape. **Pkt. 10c; oz. 25c; ¼ lb. 90c; ½ lb. \$1.40; 1 lb. \$2.50; 2 lbs. \$4.65; 5 lbs. \$11.25; 10 lbs. \$21.25.**

4257 Guerande (Oxheart)

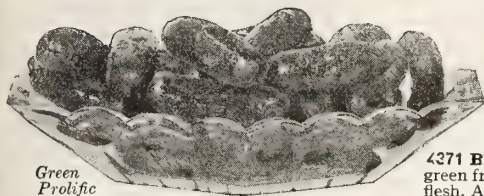

On good land Guerande will produce carrots about 4 in. long, which are very blunt at the lower end. The roots are smooth and cylindrical, and quite thick. Guerande is favored because the roots are so easily pulled. Grows very rapidly the roots often attaining a weight of more than a pound each. The deep red flesh is exceedingly tender. This is a variety we can recommend to all market gardeners for bunching. For the home garden it is also ideal. Matures its beautiful, thick carrots in about 65 days. Excellent for table and also for stock. Good for heavy soils. **Pkt. 10c; oz. 15c; ¼ lb. 40c; ½ lb. 60c; 1 lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

Cucumbers

A packet will plant 15 hills; and 1 oz. 100 hills.

5415 Cucumber Collection

1 pkt. each; Vicks Early Perfection White Spine, Everbearing, Abundance.
3 pkts. (Value 30c) A bargain at **10c**

4379 Green Prolific (Boston Pickling) Ⓟ This is one of the most popular pickling cucumbers of the very best form and quality. It has yielded at the rate of over 200,000 pickles per acre. Uniform in shape and appearance. A favorite for pickles. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; lb. 80c; 2 lbs. \$1.45; 5 lbs. \$3.40; 10 lbs. \$6.00.**

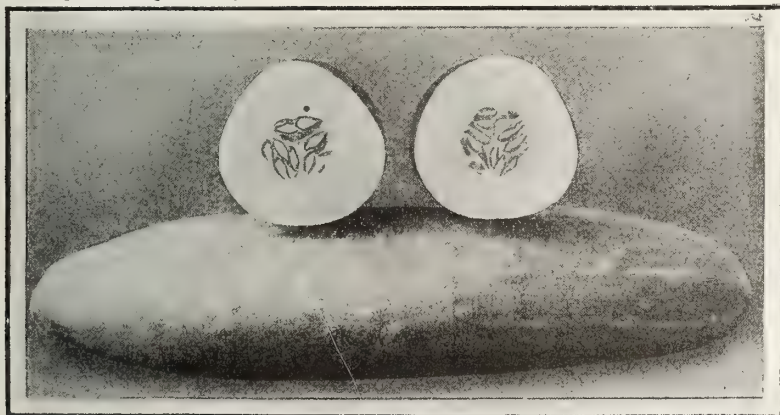

4390 Woodruff's Hybrid One of the finest. Long and straight, the fruits are deep, rich green with white spines. Retain their handsome color for a week after picking. **Pkt. 10c; oz. 20c; 1/4 lb. 50c; 1/2 lb. 75c; lb. \$1.25; 2 lbs. \$2.30; 5 lbs. \$5.50; 10 lbs. \$10.00.**

4383 Everbearing A unique and highly meritorious pickling variety; meritorious for its quality, and unique in its ability to go right on bearing. Fruits of every age may be found on the vines until frost. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; lb. 80c; 2 lbs. \$1.45; 5 lbs. \$3.40; 10 lbs. \$6.00.**

4389 Longfellow New, and ideal for every purpose. The fruits measure 10 to 12 or more inches in length and 2 to 2 1/2 inches in diameter, of a size ideal for all the purposes for which a Cucumber is used. This size, and the uniform very dark green of the rind give it preference for marketing. The flesh is of excellent quality. Suited for greenhouse culture. **Pkt. 10c; oz. 20c; 1/4 lb. 60c; 1/2 lb. 85c; lb. \$1.50; 2 lbs. \$2.75; 5 lbs. \$6.60; 10 lbs. \$12.00.**

4384 Vicks Abundance Ⓟ One of the very best of Cucumbers; more prolific, better shaped, and of a richer dark green than any other. It originated in the world-famous vegetable-growing section near Rochester. Our Abundance has a very small seed cavity and few seeds. Its beautiful smooth and symmetrical fruits are 8 to 10 in. long. Plant Vicks Abundance for Cucumbers that are in all respects equal to the high priced hothouse forcing varieties. Also suited for greenhouse growing. **Pkt. 10c; oz. 25c; 1/4 lb. 75c; 1/2 lb. \$1.15; lb. \$2.00; 2 lbs. \$3.70; 5 lbs. \$9.00; 10 lbs. \$17.00.**

Our Improved Early White Spine

4385 Vicks Early Perfection White Spine Ⓟ An improved strain of America's most widely grown Cucumber. Remarkable for its uniformly dark green skin which holds its color for many days after picking. Grows 5 to 7 in. long, and 2 to 3 in. in diameter. Matures in 58 days. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

4370 Arlington White Spine An old favorite with delicious crisp white flesh, and dark green skin. The long straight fruits are 7 to 8 inches long and quite thick. Early, and very productive. **Pkt. 5c; oz. 10c; 1/4 lb. 35c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

4271 Black Diamond (It "Stays Green") Dark green fruits, 7 to 8 in. long. Crisp, tender, white flesh. An early, productive, long-keeping, white spine variety adapted to all sections and soils. A good shipper. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

4386 Vicks Improved Early White Spine No other cucumber excels this in productiveness. The dark green fruits are from 5 to 7 in. long and 2 to 3 in. thick. Very popular for slicing or pickling. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 65c; lb. \$1.10; 2 lbs. \$2.00; 5 lbs. \$4.80; 10 lbs. \$8.80.**

4373 Cool and Crisp An exceedingly prolific variety. At picking age the cucumbers are straight, long, even, and slim. The skin is a very dark green color. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

4374 Davis, Perfect Ⓟ Ideal for shape, and of a beautiful dark green color. The fruits measure as much as 12 in. in length, and retain their rich dark green color, greatly resembling the hothouse cucumbers. It has delicious white brittle flesh. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 65c; lb. \$1.10; 2 lbs. \$2.00; 5 lbs. \$4.80; 10 lbs. \$8.80.**

4375 Earliest of All This popular cucumber is an attractive dark green. When of a size suitable for pickling, the fruits are square ended, and firm. When ready for slicing, they are 6 to 7 in. long. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 65c; lb. \$1.10; 2 lbs. \$2.00; 5 lbs. \$4.80; 10 lbs. \$8.80.**

4376 Early Fortune An attractive crisp-fleshed variety which has come into well-deserved popularity. It retains its rich green color longer than any other cucumber. Excellent. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 65c; lb. \$1.10; 2 lbs. \$2.00; 5 lbs. \$4.80; 10 lbs. \$8.80.**

4380 Improved Long Green Ⓟ Grows from 12 to 16 in. in length! The young cucumbers are largely used for pickling, and the full sized high quality fruits for making sweet pickles. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

Kale • Borecole

Kale, Dwarf Green Curled Scotch

Extensively grown for greens. Freezing actually improves the quality. 1 packet produces about 300 plants; 1 oz. about 3000.

4435 Dwarf Blue, Extra Curled Ⓟ A hardy variety. Extremely fine-curled, blue green leaves. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

4436 Dwarf Green Curled Scotch Ⓟ Remarkably tender and delicate in flavor. Hardy. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

Kohl Rabi

4442 Early White Vienna A delicious vegetable with cauliflower-like flavor. Beautiful light green flesh. **Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. 95c; lb. \$1.65; 2 lbs. \$3.05; 5 lbs. \$7.25; 10 lbs. \$13.20.**

Dandelion

4400 Improved Thick-Leaved Thrives in any kind of soil, even if quite dry. The leaves make wholesome, delicious greens. **Pkt. 15c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.40; 1/2 lb. \$2.60; lb. \$4.75; 2 lbs. \$8.85; 5 lbs. \$21.35; 10 lbs. \$40.35.**

Egg Plant

Those who have no hotbeds can sow seeds in boxes in the house. A packet will produce 150 plants, an oz. 2000 plants.

4405 Black Beauty Ⓟ Very early and growing to enormous size. Dark purple and of typical egg shape. Spineless. **Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.20; 1/2 lb. \$2.20; lb. \$4.00; 2 lbs. \$7.45; 5 lbs. \$18.00; 10 lbs. \$34.00.**

4406 Improved New York Purple, Spineless Smooth, round fruits averaging 4 to 6 in. in length. **Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.20; 1/2 lb. \$2.20; lb. \$4.00; 2 lbs. \$7.45; 5 lbs. \$18.00.**

Endive

A real delicacy making a choice autumn and winter salad. 1 packet will sow 25 ft. of row; 1 oz. is enough for 150 ft.

4410 Broad-Leaved Batavian (Escarole) Ⓟ Has broad, thick, somewhat wrinkled leaves. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

4411 Green Curled (Moss Curled or Giant Fringed Oyster) The beautiful dark green, curly leaves are finely cut. Blanches to creamy white. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

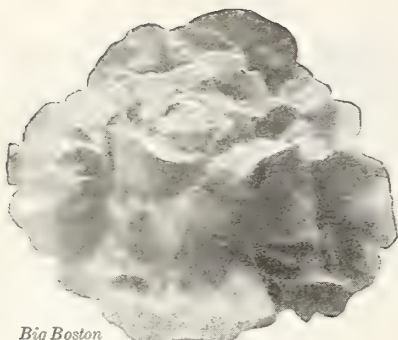

Leek

4447 Vicks Emperor A strong-growing variety, producing large, thick stems. Unsurpassed in its earliness, flavor, and size. **Pkt. 10c; oz. 20c; 1/4 lb. 55c; 1/2 lb. 80c; lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15; 10 lbs. \$11.20.**

Mustard

4593 Tendergreen Has a delicious spinach flavor. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 65c; 2 lbs. \$1.15; 5 lbs. \$2.60; 10 lbs. \$4.85.**

4591 Fordhook Fancy Ⓟ Handsome dark green leaves curling outward like an ostrich plume. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 65c; 2 lbs. \$1.15; 5 lbs. \$2.60; 10 lbs. \$4.85.**

Big Boston

4451 Big Boston (V) Vicks Special Strain

One of the best head lettuces for the home gardener. The heads are large, solid, creamy white, fine-grained and delicious. They grow to large size especially in good rich soil. 50 days. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4465 New York (Wonderful) (V)

The popular "Iceberg" Lettuce of the market. Of superb quality, being crisp, rich, and tender. The heart is creamy white. Excellent for the home garden. The best heat-resister. Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. \$1.75; 2 lbs. \$3.20; 5 lbs. \$7.70; 10 lbs. \$14.00.

4461 Iceberg (V)

A hard-heading lettuce. The curled, crisp plants are of medium size, and produce medium-green, wavy, fringed leaves, tinged with brown. The delicious, crisp, tender hearts blanch to almost white. Pkt. 10c; oz. 20c; 1/4 lb. 55c; 1/2 lb. 80c; 1 lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15; 10 lbs. \$11.20.

Cos or Romaine Lettuce

4492 Vicks Trianon (Self-Folding)

The crisp, juicy leaves are agreeably snappy and tempting of flavor. This widely grown variety forms well-folded heads that blanch almost pure white in 7 to 8 weeks after sowing. It makes a good strong growth and yields abundantly. Pkt. 10c; oz. 20c; 1/4 lb. 50c; 1/2 lb. 75c; 1 lb. \$1.25; 2 lbs. \$2.30; 5 lbs. \$5.05; 10 lbs. \$10.00.

Watermelons

What is more tempting than a generous slice of beautiful, rich red, crisp and sugary Watermelon? 1 packet will plant 10 hills; 1 oz. about 25 hills; 4 or 5 lbs. to the acre. Ripe in 85 to 100 days.

4550 Cole's Early (V)

Also known as Harris' Earliest. Nearly round fruits with thin rind and deep red, sweet, juicy, and delicious flesh. Does well even in heavier soils. Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 50c; 1 lb. 85c; 2 lbs. \$1.55; 5 lbs. \$3.60; 10 lbs. \$6.35.

4552 Golden Sweet

Slightly oblong melons of medium size. Green rind and very sweet and crisp yellow flesh. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4555 Kleckley Sweet Improved (V)

A large, tough-rind melon with bluish green skin and luscious, sweet, deep red flesh. A favorite on the New York and other markets. Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; 1 lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.

4556 Stone Mountain (V)

A round, light green watermelon with deep crimson flesh free from white hearts and stringiness. Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; 1 lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.

4560 Citron for Preserves

Round, medium-sized fruits with light green, striped skin, and solid white flesh. Keeps in good condition for a long time after picking. Requires a long season. Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; 1 lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.

Vicks Lettuce

5417 Vicks Bargain Collection

1 pkt. each: Big Boston (Value 30c)
(For lettuce) New York
all summer Grand Rapids for **10c**

4456 Crisp as Ice (V)

A splendid and distinct, solid head lettuce, adapted for home use. The heads are of medium size and have a rich, creamy heart. 50 days. Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. \$1.00; 1 lb. \$1.75; 2 lbs. \$3.20; 5 lbs. \$7.70; 10 lbs. \$14.00.

4467 Earliest Wayhead (V)

Combines earliness, firm-heading quality, attractive appearance, and excellent flavor. The heads are tightly folded. Light green outer leaves. 40 days. Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. 95c; 1 lb. \$1.65; 2 lbs. \$3.05; 5 lbs. \$7.25; 10 lbs. \$13.20.

4468 White Big Boston (V)

Beautiful solid heads of medium size which are unsurpassed in quality. The tightly folded heart blanches to a fine creamy, rich yellow. 48 days. Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. 95c; 1 lb. \$1.65; 2 lbs. \$3.05; 5 lbs. \$7.25; 10 lbs. \$13.20.

4458 Early May King

Very early, hardy, and a quick grower, maturing round, solid heads in 45 days. The flavor is particularly rich, buttery, and tender. Pkt. 5c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4462 Improved Hanson

Of remarkable size and great solidity. Stands up well under extremes of temperature. Has a sweet, rich flavor entirely free from bitter taste. Pkt. 10c; oz. 20c; 1/4 lb. 50c; 1/2 lb. 75c; 1 lb. \$1.25; 2 lbs. \$2.30; 5 lbs. \$5.05; 10 lbs. \$10.00.

Grand Rapids

Curled or Loose Leaf Lettuce

4460 Grand Rapids Forcing (V)

The large, bright green, savoyed leaves have delicious flavor. They are crisp and tender and free from bitterness. A favorite variety that does excellently in the home garden. Matures in 38 days. Pkt. 10c; oz. 20c; 1/4 lb. 50c; 1/2 lb. 75c; 1 lb. \$1.25; 2 lbs. \$2.30; 5 lbs. \$5.05; 10 lbs. \$10.00.

4452 Black-Seeded Simpson (V)

The plants form large, loose heads in 40 days. Crisp, brittle, yellow-green leaves. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4457 Early Curled Simpson (Silesia)

Forms a close compact mass of leaves which are large and broad, crimped and blistered, and of a fresh light green color. Crisp and tender and tempting in flavor. Hardy, and withstands heat and drought well. 40 days. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

Muskmelons

Melons of the choicest quality of the variety you prefer may be grown in the home garden very easily. Space hills 6 ft. apart and place a little manure under each. Use a packet to 15 hills; 1 oz. to 60 hills; 2 to 3 lbs. to an acre.

4500 Burrell Gem The choice melons are very thick fleshed. The flesh is a rich orange-salmon color, sweet, and spicy, and very fine grained. Fine for market or home use. Pkt. 5c; oz. 15c; 1/4 lb. 35c; 1/2 lb. 60c; 1 lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.

4514 Bender's Surprise (V) Thick, deep orange flesh, deliciously flavored. The rind is light green changing to a golden tint when ripe; heavily ribbed and netted. 80 days. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4503 Extra Early Hackensack The handsome, large, round fruits are flattened on the ends, and well ribbed. Luscious green flesh. Pkt. 5c; oz. 10c; 1/4 lb. 35c; 1/2 lb. 60c; 1 lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.

4506 Hale's Best There is a treat in store for those who plant this variety. Sweet and spicy of flavor, the flesh is a beautiful salmon color. The melons are large and heavily netted. Oval, with a small seed cavity. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4515 Vick's Irondequoit (V)

The champion of them all! No variety can rival our Irondequoit in the melting deliciousness of its sweet juicy flesh. It is tempting in color too—Persian orange shading to green, and edible up to the rind. Large, round melons with orange flesh. 70 days. Pkt. 10c; oz. 20c; 1/4 lb. 60c; 1/2 lb. 85c; 1 lb. \$1.50; 2 lbs. \$2.75; 5 lbs. \$6.60; 10 lbs. \$12.00.

4509 Honey Rock (V) Strikingly attractive with deep, rich orange flesh of a wonderfully sweet and distinct flavor. Slightly oval, with the golden yellow rind heavily netted. Commands highest prices, ships well, and is most productive. 80 days. Pkt. 10c; oz. 20c; 1/4 lb. 50c; 1/2 lb. 75c; 1 lb. \$1.30; 2 lbs. \$2.40; 5 lbs. \$5.70; 10 lbs. \$10.40.

4507 Hearts of Gold (V) Deep golden salmon flesh of the finest quality. It is sweet, and spicy, and ripens right up to the rind. The melons weigh 2 lbs. each. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4510 Lake Champlain Has bright orange-colored flesh, which is very delicious, and is fairly melting in its sweetness. Very popular because of its earliness and productiveness in sections where few other varieties mature. Medium-sized. Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; 1 lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.

4518 Maule's Gold Coin (V) This wonderful variety was first discovered in Niagara County, N. Y. The almost round melons often weigh 6 to 7 lbs. each. Deep orange flesh of luscious flavor. Pkt. 5c; oz. 10c; 1/4 lb. 35c; 1/2 lb. 60c; 1 lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.

4501 New Delicious

(V) Deserving its name, this variety is unexcelled in the flavor of its sweet and sugary orange flesh. Pkt. 10c; oz. 20c; 1/4 lb. 60c; 1/2 lb. 85c; 1 lb. \$1.50; 2 lbs. \$2.75; 5 lbs. \$6.60; 10 lbs. \$12.00.

Hale's Best

Mushroom Spawn

Why not grow your own Mushrooms? Our leaf-let of directions, sent free with every order for spawn, makes their culture easy. Utilize your cellar, a cave, or a shed for growing them. All that is required is a temperature of 53 to 60 degrees, proper ventilation, a moist atmosphere, freedom from drafts, and the proper growing medium. Mushrooms are delicious with meats, and in sauces.

5920 Pure Culture Spawn

This spawn is prepared in brick form. Use 1 brick to each 8 sq. ft. of bed. The easiest for amateur growers. 1 carton \$0.01; 5 bricks \$2.25; 10 bricks \$4.00.

5921 Pure Spore Culture

A special culture of pure spawn grown in bottles on a sterilized medium. This culture is most generally used by large growers. A carton will plant 40 square feet. 1 carton \$1.30; 5 cartons \$6.00; 10 cartons \$11.00.

Okra or Gumbo

The nutritious pods add delicious taste to soups, stews, etc. Will grow wherever it is warm enough for sweet corn. 1 packet sows 25 ft. of row; 1 oz. 75 ft.

4635 Perkins' Mammoth Long Pod (V)

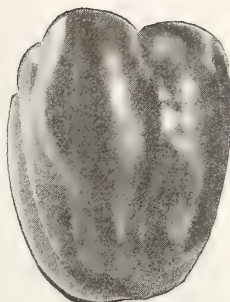

Okra should be in every garden, ready for use in all sorts of culinary dishes. This is a fine variety, with tall plants bearing long, slender, dark green, slightly corrugated pods 5 in. long. Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 35c; 1 lb. 60c; 2 lbs. \$1.10; 5 lbs. \$2.40; 10 lbs. \$4.50.

4636 White Velvet (White Creole)

Tall-growing plants producing pods which are round and smooth and of superior flavor and tenderness. This is a very productive variety producing its smooth light green pods in 55 days. Makes soups more savory and more delicious. Pkt. 5c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 35c; 1 lb. 60c; 2 lbs. \$1.10; 5 lbs. \$2.40; 10 lbs. \$4.50.

Vicks Peppers

Peppers are indispensable for relishes and are steadily becoming more popular for salads and for cooking. 1 packet of seed will produce 100 plants; 1 oz. about 1500.

Ruby King

4750 California Wonder (V)

One of the largest, with exceptionally thick flesh that is mild and sweet of flavor.

Dark green turning to brilliant crimson. 130 days. Pkt. 15c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.55; 1/2 lb. \$2.90; 1 lb. \$5.25; 2 lbs. \$9.75; 5 lbs. \$23.60.

4751 Chinese Giant Immense sweet, thick-fleshed, green fruits turning to a rich scarlet-red. They grow on well branched plants 2 ft. tall. Pkt. 15c; 1/2 oz. 35c; oz. 60c; 1/4 lb. \$1.80; 1/2 lb. \$3.30; 1 lb. \$6.00; 2 lbs. \$11.15; 5 lbs. \$27.00.

4752 Golden Queen Large, very meaty, mild, sweet yellow fruits. Its rich color makes salads and relishes more tempting. Pkt. 10c; oz. 25c; 1/2 lb. \$1.25; 1/4 lb. \$2.35; 1 lb. \$4.25; 2 lbs. \$7.90; 5 lbs. \$19.10.

4753 Harris Earliest (V) Ripe, red peppers by August 1, green peppers long before. Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50; 1/2 lb. \$2.75; 1 lb. \$5.00; 2 lbs. \$9.30; 5 lbs. \$22.50.

4754 Harris Early Giant Fruits 4 1/2 in. long, and 4 in. across! The earliest large pepper by 3 or 4 weeks. Very prolific. Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50; 1/2 lb. \$2.75; 1 lb. \$5.00; 2 lbs. \$9.30; 5 lbs. \$22.50.

4755 Large Bell (Bull Nose) Glossy angular red fruits 3 in. long and 2 in. thick. Pkt. 5c; 1/2 oz. 25c; oz. 35c; 1/4 lb. \$1.00; 1/2 lb. \$1.65; 1 lb. \$3.00; 2 lbs. \$5.60; 5 lbs. \$13.50.

4761 Small Red Chili (Hot) One of the smallest and hottest peppers grown. The plants grow 18 in. tall, bearing a tremendous crop of upright, cone-shaped, bright red, and very hot fruit. Matures in about 145 days. Pkt. 5c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.15; 1/2 lb. \$1.90; 1 lb. \$3.50; 2 lbs. \$6.50; 5 lbs. \$15.75.

4760 Ruby King (V) Brilliant red peppers, 4 to 6 in. long with thick, sweet flesh. Pkt. 10c; 1/2 oz. 25c; oz. 35c; 1/4 lb. \$1.00; 1/2 lb. \$1.65; 1 lb. \$3.00; 2 lbs. \$5.60; 5 lbs. \$13.50.

4759 Worldbeater (Ruby Giant) Large, mild, green peppers, turning to bright scarlet. Thick and sweet flesh; very productive. Pkt. 10c; 1/2 oz. 25c; oz. 35c; 1/4 lb. \$1.00; 1/2 lb. \$1.65; 1 lb. \$3.00; 2 lbs. \$5.60; 5 lbs. \$13.50.

Vicks Onion Seeds

Onions are easily grown from seed. Sow as early as possible in drills 1 ft. apart. 1 pkt. will sow 50 ft. of drill; 1 oz. about 200 ft.; 4 to 5 lbs. an acre.

4606 Riverside Sweet Spanish (V)

This is one of the large sweet Onions that make such palatable eating. The beautiful light yellow bulbs are very large and perfectly globe-shaped. The tender, mild flesh is perfectly white. Not suited for winter storage. Ready for use in about 100 days. Pkt. 10c; oz. 35c; 1/4 lb. 95c; 1/2 lb. \$1.50; 1 lb. \$2.75; 2 lbs. \$5.10; 5 lbs. \$12.35; 10 lbs. \$23.35.

4609 Southport White Globe (V)

Large, handsome, round onions with pure white skin and flesh; very sweet, tender and juicy. Very popular and productive. May also be used as a bunch onion. Pkt. 10c; oz. 30c; 1/4 lb. 85c; 1/2 lb. \$1.35; 1 lb. \$2.40; 2 lbs. \$4.45; 5 lbs. \$10.80; 10 lbs. \$20.40.

4608 Southport Red Globe (V)

Exceedingly fine, large glossy red onions of perfect globe shape. The white flesh is always mild. It produces a large crop and is a good keeper. 120 days. Pkt. 10c; oz. 20c; 1/4 lb. 60c; 1/2 lb. 85c; 1 lb. \$1.50; 2 lbs. \$2.75; 5 lbs. \$6.60; 10 lbs. \$12.00.

4610 Southport Yellow Globe (V)

The most popular of the Yellow Globe onions. Perfectly globe-shaped, with rich yellow skin and white flesh. Very productive and a good keeper. Matures in 110 days. Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. 95c; 1 lb. \$1.65; 2 lbs. \$3.05; 5 lbs. \$7.25; 10 lbs. \$13.20.

4601 Danvers Yellow Globe (V)

Our own selected strain of a much-prized Onion. Produces handsome bulbs of globular shape, fully 3 in. in diameter. The skin is a satiny golden brown, and the flesh pure white, tinged slightly yellow near the skin. Sweet and mild in flavor, it is the principal ingredient of many savory dishes. The uniform shape of Danvers Yellow Globe adds to its merit. The standard market variety. Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. 95c; 1 lb. \$1.65; 2 lbs. \$3.05; 5 lbs. \$7.25; 10 lbs. \$13.20.

4604 Large Red Wethersfield

An immense, somewhat flattened onion which keeps splendidly for winter use. 100 days. Pkt. 5c; oz. 20c; 1/4 lb. 55c; 1/2 lb. 80c; 1 lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15; 10 lbs. \$11.20.

4611 Vicks Mountain Danvers (V)

A new variety that has won the approval of all growers. Earlier than Danvers Yellow Globe. The globular yellow bulbs keep well. Pkt. 10c; oz. 20c; 1/4 lb. 65c; 1/2 lb. 95c; 1 lb. \$1.65; 2 lbs. \$3.05; 5 lbs. \$7.25; 10 lbs. \$13.20.

4613 White Portugal

(American Silver Skin)

Large, flat, white onions of exceedingly mild flavor. An ideal variety for pickling. Matures in about 95 days. Plant in August for early spring "green" or bunching onions. Pkt. 10c; oz. 25c; 1/4 lb. 75c; 1/2 lb. \$1.15; 1 lb. \$2.00; 2 lbs. \$3.70; 5 lbs. \$9.00; 10 lbs. \$17.00.

4612 Early Yellow Globe

New, the very earliest yellow globe Onion. Makes fine yellow, globe-shaped onions which, because of their very thick skin, stand up well in storage. Is yielding fully 3 weeks before the Southports or Danvers. Quite productive. Pkt. 10c; oz. 35c; 1/4 lb. \$1.00; 1/2 lb. \$1.65; 1 lb. \$3.00; 2 lbs. \$5.60; 5 lbs. \$13.50; 10 lbs. \$25.50.

4603 Ebenezer (Japanese)

This is an excellent variety to grow for "sets." Remarkable for its hardness. Somewhat flattened bulbs with deep yellow skin. It is one of the best keepers, the bulbs remaining hard and firm all winter. 100 days. Pkt. 5c; oz. 20c; 1/4 lb. 65c; 1/2 lb. 95c; 1 lb. \$1.65; 2 lbs. \$3.05; 5 lbs. \$7.25; 10 lbs. \$13.20.

4605 Mammoth Prizetaker (V)

Handsome, large yellow globe onions. Our American grown seed produces bulbs of enormous size. Rich straw-yellow skin and white, sweet, mild, tender flesh. Matures in 100 days. Pkt. 10c; oz. 25c; 1/4 lb. 70c; 1/2 lb. \$1.10; 1 lb. \$1.90; 2 lbs. \$3.50; 5 lbs. \$8.35; 10 lbs. \$15.20.

Danvers Yellow Globe from Vicks seeds

Onion Sets

These sets will provide small green onions in two to three weeks after planting. They mature large onions early. May be planted in early spring as soon as danger of freezing is past. 1 lb. will plant 100 ft. of row; 250 to 325 lbs. to the acre.

5932 Ebenezer (Japanese)

A recent introduction representing a foremost strain of quality onions. Slow in running to seed. Light golden brown skin; firm, pure white flesh. Always mild and sweet. The onions are large and round. Very productive. 1/2 lb. 25c; 1 lb. 30c; 2 lbs. 50c; 5 lbs. \$1.05; 10 lbs. \$1.85.

5934 White

These sets are grown from our own choice seeds of the White Silverskin or Portugal type onion. Round, firmly ripened, and thin necked. Of highest quality, and sure to yield well. For scallions, plant deeply to blanch the neck well. 1/2 lb. 25c; 1 lb. 30c; 2 lbs. 50c; 5 lbs. \$1.10; 10 lbs. \$1.95.

5930 Yellow

Mature into handsome large onions with bright golden yellow skin. 1/2 lb. 25c; 1 lb. 30c; 2 lbs. 50c; 5 lbs. \$1.05; 10 lbs. \$1.85.

Peas for a bountiful crop

The Finest Table Delicacy

No vegetable has the flavor of green peas freshly picked off your own vines. Peas are unexcelled in sweet, tasty flavor, provided they are fresh. Make a succession planting of Peas in your garden this summer for fresh Peas over a long period. We have classified the varieties which we list to help you, as Extra-Early Smooth-Seeded (for the very earliest planting—can be sown as soon as the ground can be prepared), Early Wrinkled, and Main Crop. Plant the wrinkled-seeded varieties only after all danger of frost is past. Successive sowings can be made every ten days until June. In late August Early varieties can be sown for the autumn crop. After the summer planting of Peas is gone, the garden space can be utilized for late Cabbage, Spinach, Turnips, etc. Be sure to make a liberal planting of this elegant vegetable.

Extra-Early

Smooth-Seeded Varieties

4701 Alaska (Earliest of All) (V) The most popular early maturing variety. It is a smooth-seeded sort, maturing an abundance of pods in 45 days. Alaska is the finest early pea, unexcelled in flavor, productiveness, vigor, and uniformity of growth. The vines grow 30 in. tall and carry an abundance of attractive pods, 2½ in. long, which are round, straight, and have square ends. Each pod contains 6 light green peas. It is very hardy, and may be sown as soon as the soil becomes mellow in the spring. **Pkt. 10c; ½ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.30; 10 lbs. \$2.40.**

4705 Carter's Early Eight Weeks (Radio) (V) The peas are ready for picking in about 42 days, making this the very earliest of all varieties, even earlier than Alaska. The pods are large, and filled with the sweet, delicious peas. Carter's Early is a dwarf variety, with vigorous vines 12 to 16 in. high. This fine variety originated in England, but has proved itself to be excellently adapted to American gardens. The vines are extremely productive, filled with the quality peas. Can be recommended without reservation for the first planting because we are certain it will prove satisfactory. **Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 2 lbs. 75c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

Early Wrinkled-Seeded Varieties

4704 Burpee's Blue Bantam (V) The best early dwarf wrinkled pea, Burpee's Blue Bantam, is remarkably sweet and delicious of flavor. The large, deep bluish green peas are tightly packed, 8 to 10 to each of the large 3½ to 4 in. long pods. The vines are dwarf, only about 15 in. tall, but they carry an enormous crop. Matures in 55 days. **Pkt. 10c; ½ lb. 25c; 1 lb. 45c; 2 lbs. 85c; 5 lbs. \$1.50; 10 lbs. \$2.60.**

4711 Gradus (Prosperity) (V) A favorite wrinkled pea, and almost as early as the smooth-seeded varieties. Very tender and sweet. The large dark green pods contain 6 to 8 handsome peas. 55 days. **Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 2 lbs. 75c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

4715 Little Marvel A marvel in earliness and productiveness. Dwarf vines, 15 in. tall, heavily set with pods 3½ in. long, which frequently are borne in pairs. Highest quality peas. 55 days. **Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 2 lbs. 75c; 5 lbs. \$1.45; 10 lbs. \$2.80.**

4719 Thomas Laxton (V) Out-ranks many other extra-early wrinkled varieties in hardness and productiveness. Deliciously sweet, it is unsurpassed in flavor by any other pea in cultivation. The pods are large and shapely, with large, very sweet peas. **Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 2 lbs. 75c; 5 lbs. \$1.40; 10 lbs. \$2.60.**

(See below for further varieties)

Blue Bantam

Early Wrinkled-Seeded Varieties

4713 Laxtonian Very sweet and tender is this new dwarf pea which is of the same high quality as Thos. Laxton and Gradus. The vines are dwarf, only about 18 in. high, but vigorous, and when in bearing are loaded with immense, dark green pods containing 8 or 9 large, luscious peas. Bears huge crops, and is of such quality that it deserves a place in every home garden. Has the largest pods of any of the early dwarf varieties. **Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 2 lbs. 75c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

4700 American Wonder One of the best, bearing large, well-filled pods. Robust vines only 10-12 in. tall. Luscious peas in 55 days. **Pkt. 10c; ½ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

4717 Nott's Excelsior A fine early pea of dwarf growth. Excellent for the home garden; hardy and vigorous. The pods are numerous and well filled. **Pkt. 10c; ½ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

Main Crop Peas

4706 Champion of England A handsome variety, popular everywhere. One of the richest and best flavored green wrinkled peas. Strong-growing and much-branched vines, 4 to 5 ft. tall, bearing an immense crop of fine pods measuring 3½ to 4 in. long. Yields a tremendous crop of large, sweet peas. **Pkt. 10c; ½ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

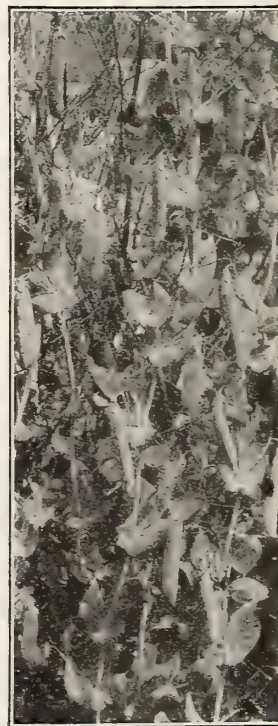

4709 Everbearing A stand-by in the garden, Everbearing is a fine wrinkled pea of excellent flavor with vines of branching habit, about 30 in. tall. Very robust, bearing a heavy crop of large pods filled with best-quality peas. Repeated pickings may be made, as the vines continue to produce successive crops. Pods ready in about 65 days. **Pkt. 10c; ½ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

4712 Improved Stratagem (Pottlach) (V) Known also under the name, "Dwarf Defiance." This is an improvement upon the old Stratagem, and one of the finest main-crop Peas. It is vigorous, productive, and of exceedingly fine quality. It produces peas of a rich green color, very sweet and very delicious. Each of the handsome pods contains 8 or 9 of these excellent and very large peas, and oftentimes as many as 10. The vines grow between 2 and 3 ft. tall with heavy dark green foliage, and an enormous crop of the large pods. Stratagem is a favorite with market gardeners everywhere. Comes into bearing in 70 days. **Pkt. 10c; ½ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

4718 Telephone (V) Also known as Alderman. The outstanding late or main-crop variety and a distinct improvement upon the old light-colored Telephone. A fine, tall, wrinkled variety, and a great cropper, bearing immense dark pods of large peas of exquisite sugary flavor. For home garden and market. Produces its attractive large, dark green pods in about 70 days. **Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 2 lbs. 75c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

4720 Vicks Daisy (Dwarf Telephone) Daisy is a second early pea with a healthy, stocky growth of vine about 2 ft. tall, producing an abundance of well-filled pods, measuring 5 in. in length, containing 7 to 9 large and delicious peas which fairly melt in your mouth. One of the finest early green wrinkled Marrows. A desirable home and market garden variety not requiring brush. Continues bearing for a long time. **Pkt. 10c; ½ lb. 25c; 1 lb. 35c; 2 lbs. 65c; 5 lbs. \$1.35; 10 lbs. \$2.50.**

4722 Vicks Peerless (V) Because of its remarkable showing in our test plantings, we selected this new pea as the most desirable variety to add to our list of the best varieties. It displays remarkable productiveness, vigorous growth, handsome color, and quality, and is one of the most meritorious varieties we have seen. The peas are large, a tempting dark green in color, and very delicious to the taste. Straight, dark green pods which are usually carried in pairs on the 18 in. vines. **Pkt. 10c; ½ lb. 25c; 1 lb. 45c; 2 lbs. 85c; 5 lbs. \$1.50; 10 lbs. \$2.80.**

A planting of Telephone

Parsley

Parsley is used extensively as a garnish with other vegetables and meats. 1 packet will sow 25 ft. of row; 1 oz. 150 ft., 5 lbs. to the acre.

4650 Champion Moss Curled Ornamental, compact-growing plants with moss-like leaves of a bright green color. For garnishing this has no superior. One of the best. **Pkt. 5c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

4653 Hamburg This is the turnip-rooted parsley. It is grown for the thick, fleshy roots used for flavoring soups, stews, etc., as well as for the leaves. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

4655 Vicks Triple Curled (V) Handsome, compact plants. Fine for market or the private garden. The graceful sprays are densely curled and therefore unexcelled for garnishing, presenting a truly beautiful appearance on the table. The flavor is delicious, making it a favorite for general kitchen use. Ready for use in 70 days. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

Parsnips

A popular winter vegetable. It has splendid keeping qualities, and the roots can be left in the ground all winter and dug as wanted, or they can be removed before the ground freezes and packed in sand and stored in the cellar. 1 packet will sow 40 ft. of row; 1 oz. 200 ft.; 4 to 5 lbs. per acre.

4675 Elcombe's Giant (V)

A uniformly large and handsome variety. The stocky roots are especially heavy at the shoulder. They are well-rounded, and gradually taper toward the base. This is an improved type, producing Parsnips with snow-white flesh of fine texture. They are fine-flavored and are free from core or stringiness. Upon cooking, the flesh becomes tender and deliciously rich to taste. Elcombe's Giant is enormously productive. The large handsome roots are ready for use in about 80 days. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

4677 Long Hollow Crown

(White Dutch or Sugar)

Wherever vegetables are displayed, this parsnip attracts attention. It is long and white, and is remarkably free from side roots, being probably the cleanest of all parsnips. The long roots have quite a narrow shoulder. In deeply worked soil the roots will grow 15 in. long and 3 in. thick at the shoulder. The flesh is of superior quality. Excellent market sort. **Pkt. 5c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 65c; 2 lbs. \$1.15; 5 lbs. \$2.60; 10 lbs. \$4.85.**

4676 Improved Guernsey

The roots are of medium length, tapering gradually downward from a broad shoulder. This productive, light-skinned variety is considered the best for table use. It has tender, sweet, fine-grained flesh. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

Salsify (Vegetable Oyster)

4866 Mammoth Sandwich Island Grown the same as parsnips. Sow the seed in early spring in rows 1 to 2 ft. apart. Cover one inch deep and thin to 4 in. in the row. 1 packet will sow 20 ft. of row; 1 oz. 75 ft.; 8 to 10 lbs. per acre. Mammoth Sandwich Island Salsify is of distinct oyster flavor. Delicious fried or served in soups. **Pkt. 10c; oz. 25c; 1/4 lb. 75c; 1/2 lb. \$1.15; lb. \$2.00; 2 lbs. \$3.70; 5 lbs. \$9.00; 10 lbs. \$17.00.**

Choice Pumpkins for pies next fall

Pumpkins will grow almost anywhere, but do best in rich soil. They are invaluable for cooking, besides being an easy-grown food for livestock. Sow in May or June in hills 8 ft. apart.

4780 Connecticut Field (Big Tom) A large, round or slightly oval-shaped pumpkin of exceptional hardness. Has reddish orange skin and rich orange-yellow flesh. Grown extensively for stock feeding, and widely planted with corn, producing enormous crops. Also most desirable for pies. Ripe in 70 days. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 35c; lb. 55c; 2 lbs. \$1.00; 5 lbs. \$2.20; 10 lbs. \$4.10.**

4781 Golden Cushaw A hard, golden yellow shell protects this Crookneck variety. The fruits are 2 ft. long, with fine-grained, sweet flesh that is excellent for pies. The pumpkins are excellent winter keepers, and desirable for stock feeding. Golden Cushaw is well-adapted for growing with corn by planting the seed between the hills. **Pkt. 10c; oz. 15c; 1/4 lb. 45c; 1/2 lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

4783 King of the Mammoths (Jumbo) (V) Huge, always a prize winner for size. The big fruits have orange skin and flesh, the latter of good quality and making excellent pies. King of the Mammoths is also a good winter keeper. **Pkt. 10c; oz. 20c; 1/4 lb. 60c; 1/2 lb. 85c; lb. \$1.50; 2 lbs. \$2.75; 5 lbs. \$6.60; 10 lbs. \$12.00.**

4786 Sugar (Pie) (V) The favorite for pies. Small, round, deep orange fruits with fine-grained, sweet, and dry flesh. Very productive. The pumpkin from which the celebrated Yankee pumpkin pie is made. Matures in 65 days. An excellent keeper. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

4787 Winter Luxury Medium-sized, slightly oval fruits about 10 in. in diameter. Of very high quality, a good keeper, and wonderfully productive. Has finely netted, golden russet skin. The thick, yellow flesh is sweet and of good flavor. Makes tasty custards and pies even without eggs. **Pkt. 5c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

Vicks Famous Radishes

This excellent relish must have its place in every well-planned garden. Sow in hotbeds or cold-frames for early use, and outdoors when weather permits. 1 packet will sow 20 feet of row, 1 oz. for 100 feet; 8 to 10 lbs. of seed required per acre. Easy to grow and prolific.

4800 All Seasons Round, scarlet radishes which retain their crisp tenderness for several weeks. This variety is of especial value for sowing at various periods throughout the entire spring, summer, and fall. All Seasons has the best keeping qualities of any of the turnip-shaped sorts. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

4803 French Breakfast Most attractive, the olive-shaped, scarlet roots have white tips. They are quick-growing, crisp and tender. The radishes mature in about 20 days. **Pkt. 5c; oz. 10c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 70c; 2 lbs. \$1.25; 5 lbs. \$2.80; 10 lbs. \$5.25.**

4805 Icicle (V) Beautiful long, slender radishes, tapering from the shoulder, and having a pure white skin and icy white flesh. Icicle is ready for use about 30 days after sowing. Most desirable for outdoor planting and forcing. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

4810 Vicks Giant Red (V) A wonderful radish attaining double the size of other turnip-rooted varieties and not becoming pithy or hollow. The mild white flesh remains firm and crisp a long time. **Pkt. 10c; oz. 20c; 1/4 lb. 50c; 1/2 lb. 75c; lb. \$1.25; 2 lbs. \$2.30; 5 lbs. \$5.50; 10 lbs. \$10.00.**

4811 Vicks Improved Long Scarlet Short Top Our strain produces beautiful radishes 6 to 7 in. long which are always brittle and sweet. It withstands hot, dry weather remarkably well, and is splendid for both home and market garden. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

4812 Vicks Three Weeks (V)

A superb radish maturing extra-quickly. As an all-around radish it seems unable to displace Vicks Scarlet Globe, but it has immense value in that it can be grown and is ready for the table in less than three weeks from the date of sowing the seed. It is perfectly globe-shaped, attractive, and runs uniform in size. The pure white flesh is crisp and brittle. Our Three Weeks Radish is adapted to both indoor forcing and outdoor culture. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

5422 Radish Collection

3 fine varieties—only **10c**

1 pkt. each: Vicks Scarlet Globe, Vicks Long Scarlet Short Top, Icicle.

Summer Radishes

Adapted for summer planting even where the weather is quite warm. Make successive sowings, 1 to 2 weeks apart from May to August.

4813 White Strassburg (White Hospital) (V) A showy white radish large in size and excellent in quality. **Pkt. 10c; oz. 15c; 1/4 lb. 30c; 1/2 lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

Our Early Scarlet Globe

4809 Vicks Scarlet Globe (V)

Introduced by James Vick

This is the very best all-around radish in existence. Of handsome, rich scarlet color. The flesh is crisp, tender, juicy and mild. Our Scarlet Globe has small leaves, and is unexcelled for forcing. Used by leading market growers everywhere. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 70c; 2 lbs. \$1.25; 5 lbs. \$2.80; 10 lbs. \$5.25.**

Winter Radishes

Winter Radishes furnish their appetizing relish long after summer radishes are out of season. Sow in June, July or August. Harvest the roots before severe frost and store in a cool cellar.

4814 California Mammoth White Large white roots of crisp and tender flavor. Always reaches a large size in 60 days. Superior to other winter varieties. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

4815 China Rose (Scarlet Chinese) (V) Large, oval, rose-colored radishes 4 to 5 in. long. Pure white flesh of mild flavor. A splendid keeper. Matures in 60 days. **Pkt. 5c; oz. 10c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

4817 Long Black Spanish Black skin and firm pure white flesh. Grows 7 to 10 in. long and matures in 70 days. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

4818 Round Black Spanish Round radishes measuring 3-4 in. in diameter. They have black skin with white flesh of snappy flavor. Excellent for winter. **Pkt. 10c; oz. 15c; 1/4 lb. 40c; 1/2 lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

Rhubarb

4840 Victoria (Seeds) Very large, thick, bright crimson stalks for delicious sauces and pies. Grown from seed, the stalks should not be cut until the second year. 1 oz. will produce about 500 plants. Does best in rich, sandy loam. **Pkt. 10c; oz. 15c; ¼ lb. 45c; ½ lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

5940 Victoria (Roots) Strong 2 yr. old roots yielding the year after planting. **20c each; 3 for 50c; 6 for 75c; 12 for \$1.25; 24 for \$2.00.**

Rutabagas - Swede Turnips

1 packet will sow 50 ft. of row; 1 oz. 250 ft.; 1½ lbs. an acre.

4975 Butter Yellow Table Swede (V) Round, medium-sized roots of mild flavor and excellent quality. Rich golden-yellow skin and flesh. **Pkt. 10c; oz. 15c; ¼ lb. 30c; ½ lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

4976 Maule's Golden Heart (V) Large, globe-shaped roots, and fine-grained, sweet yellow flesh. The quickest grower and a sure cropper. **Pkt. 10c; oz. 15c; ¼ lb. 30c; ½ lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

4977 Vicks Purple-Top Yellow The hardiest, heaviest, best shaped, and most productive Rutabaga. A choice table variety but also fed to livestock. Firm, solid, sweet yellow flesh. A splendid keeper. **Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 35c; lb. 60c; 2 lbs. \$1.10; 5 lbs. \$2.40; 10 lbs. \$4.50.**

4978 White Sweet Swede Large, white, solid roots excellent for table use and stock-feeding. A great yielder. It is also called White Russian. **Pkt. 10c; oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 65c; 2 lbs. \$1.15; 5 lbs. \$2.60; 10 lbs. \$4.85.**

Swiss Chard

A delicious green vegetable greatly resembling spinach in flavor. The white stems are served with cream sauce like asparagus. As the outer leaves are gathered others take their place very rapidly. 1 packet sows 25 ft. of row, 1 oz. to 100 ft.

4130 Broad White-Ribbed The best dark green, smooth-leaved variety. Grown extensively for its white stalks and green foliage. **Pkt. 5c; oz. 10c; ¼ lb. 30c; ½ lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.60.**

4131 Fordhook Giant Heavily crinkled, thick, rich blue-green leaves. The thick and succulent leaf ribs are pearly white; 2½ in. wide. **Pkt. 10c; oz. 15c; ¼ lb. 40c; ½ lb. 60c; lb. \$1.00; 2 lbs. \$1.85; 5 lbs. \$4.40; 10 lbs. \$8.00.**

4133 Lucullus (Mammoth) (V) A popular, strong-growing Swiss Chard with extra-large, light green leaves which are thick and heavily crumpled much like Savoy Cabbage. It yields an enormous amount of greens, and has thick white stalks. A well-known variety for which some culinary experts claim first place for flavor. **Pkt. 10c; oz. 15c; ¼ lb. 40c; ½ lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

Swiss Chard, Lucullus

Spinach

Sow in early spring and in September. 1 packet to 25 ft. of row; 1 oz. to 100 ft.; 8 lbs. per acre.

4852 Bloomsdale Longstanding (V) An improved strain of the famous Bloomsdale Savoy-Leaved. Quick growing. **Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 35c; lb. 50c; 2 lbs. 85c; 5 lbs. \$1.55; 10 lbs. \$2.90.**

4851 Bloomsdale Savoy Leaved Crumpled, thick leaves. Hardy. **Pkt. 5c; oz. 10c; ¼ lb. 20c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

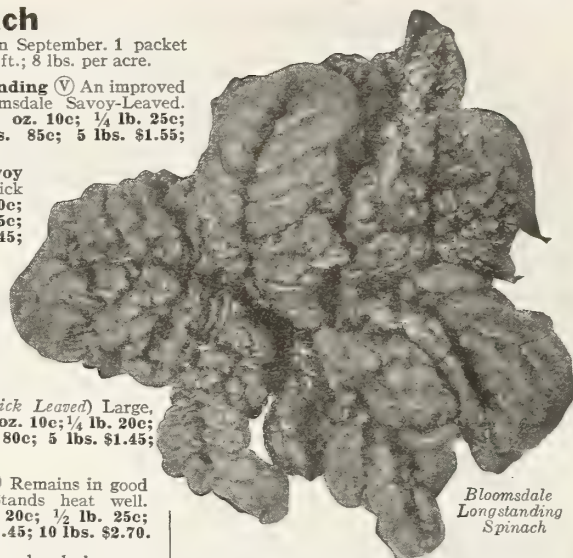

4853 Fall Spinach Has large, fleshy leaves. Exceptionally hardy. **Pkt. 5c; oz. 15c; ¼ lb. 20c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.80; 10 lbs. \$3.35.**

4854 Viroflay (Improved Thick Leaved) Large, thick, dark green. **Pkt. 5c; oz. 10c; ¼ lb. 20c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

4855 King of Denmark (V) Remains in good condition a long time. Stands heat well. **Pkt. 10c; oz. 15c; ¼ lb. 20c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

4857 Victoria Heavy, broad, dark green crumpled leaves of the finest quality. **Pkt. 10c; oz. 15c; ¼ lb. 20c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.45; 10 lbs. \$2.70.**

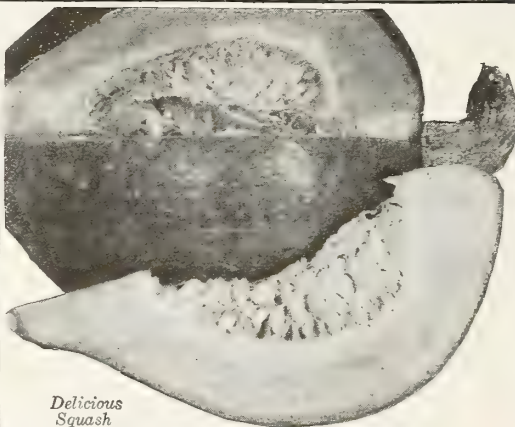

4859 Perpetual Plant this for an abundance of greens all through summer and autumn. Sow in early spring for best results. Dark green leaves on tender stems with real Spinach flavor. "Perpetual" is not truly a Spinach, however. **Pkt. 10c; oz. 15c; ¼ lb. 40c; ½ lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80; 10 lbs. \$6.75.**

Bloomsdale Longstanding Spinach

4856 New Zealand Thrives during hot weather and in any soil. The tender shoots may be cut throughout the summer. Not hardy. **Pkt. 10c; oz. 15c; ¼ lb. 30c; ½ lb. 45c; lb. 75c; 2 lbs. \$1.35; 5 lbs. \$3.20; 10 lbs. \$5.85.**

4858 Princess Juliana (Improved Long Season) (V) Heavily crumpled foliage of extra deep green color. The leaves are thick, and of good quality. Will stand exceptionally long. **Pkt. 10c; oz. 15c; ¼ lb. 20c; ½ lb. 25c; lb. 45c; 2 lbs. 80c; 5 lbs. \$1.50; 10 lbs. \$2.80.**

Delicious Squash

Fall and Winter Squashes

Plant in June in hills 8 ft. apart. Gather before frost. 1 packet to 8 hills; 1 oz. to 20 hills; 3 to 4 lbs. per acre.

4876 Blue Hubbard (V) Of fine flavor, large size, and long-keeping quality. **Pkt. 10c; oz. 20c; ¼ lb. 55c; ½ lb. 80c; lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15.**

4878 Chicago Warted Hubbard Dry, sweet flesh. The dark green shell is heavily warted. An excellent keeper. **Pkt. 5c; oz. 20c; ¼ lb. 55c; ½ lb. 80c; lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15.**

4879 Delicious (V) Dark, bronzy green of Hubbard size. Unexcelled for table use, and a good keeper. **Pkt. 10c; oz. 20c; ¼ lb. 55c; ½ lb. 80c; lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15.**

4884 Golden Delicious A handsome fall squash, with bright red-orange shell, or rind. The heart-shaped fruits have thick, firm flesh. The dry flesh is sweet and rich in flavor. Quite large. **Pkt. 10c; oz. 20c; ¼ lb. 55c; ½ lb. 80c; lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15.**

4881 Improved Hubbard (V) Choice, rich, yellow-orange, sweet flesh. Its tough, dark olive-green rind makes this squash a good keeper. **Pkt. 10c; oz. 20c; ¼ lb. 55c; ½ lb. 80c; lb. \$1.40; 2 lbs. \$2.55; 5 lbs. \$6.15.**

4882 Red or Golden Hubbard A true Hubbard with bright orange-red skin and deep golden yellow flesh. **Pkt. 5c; oz. 15c; ¼ lb. 45c; ½ lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05.**

Summer Squashes

Held a delicacy by the greatest epicures. Sow in hills 4 ft. apart. 1 packet to 8 hills; 1 oz. to 40 hills; 4 lbs. per acre.

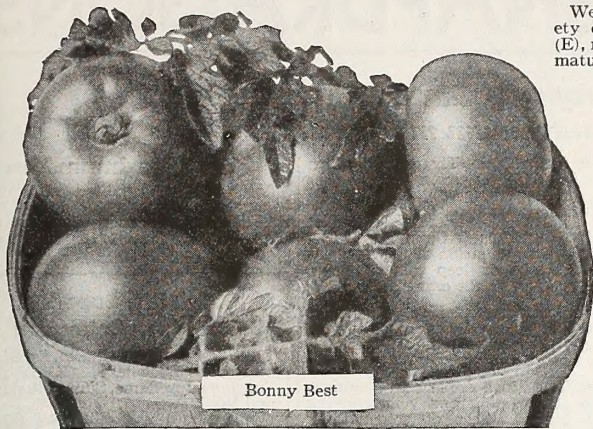

4870 Early White (Patty Pan) (V) Medium size squashes with smooth, creamy white surface. **Pkt. 10c; oz. 15c; ¼ lb. 40c; ½ lb. 60c; lb. 90c; 2 lbs. \$1.60; 5 lbs. \$3.80.**

4873 Mammoth Golden Summer Crookneck (V) Golden-yellow flesh and skin. Large-size, high-quality fruits on dwarf, bushy plants. **Pkt. 10c; oz. 15c; ¼ lb. 45c; ½ lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05.**

4872 Giant Straightneck A new straight-necked golden yellow squash of high quality. **Pkt. 10c; oz. 20c; ¼ lb. 50c; ½ lb. 75c; lb. \$1.25; 2 lbs. \$2.30; 5 lbs. \$5.50.**

4097 Vicks Summer Asparagus (V) Long, smooth, dark green squashes taking on a marbled yellow and light green pattern with maturity. The fruit is cooked like Asparagus. Best when creamed. **Pkt. 10c; oz. 15c; ¼ lb. 45c; ½ lb. 70c; lb. \$1.15; 2 lbs. \$2.10; 5 lbs. \$5.05; 10 lbs. \$9.20.**

Vicks Selected Tomatoes

Bonny Best

We have marked each variety of Tomato, whether early (E), medium (M) or late (L) in maturity.

4920 Oxheart

(M) A remarkable new tomato and one of the largest ever grown, often producing fruits weighing 3 lbs. each. The fruit is shaped like an oxheart. The flesh is deliciously meaty, often being 2 in. thick. Rich pink skin; luscious sub-acid flavor; almost seedless. **Pkt. 15c; 1/2 oz. 45c; oz. 75c; 1/4 lb. \$2.25; 1/2 lb. \$4.10; lb. \$7.50; 2 lbs. \$13.95; 5 lbs. \$33.75; 10 lbs. \$63.75.**

4914 Vicks Improved Earliana (V)

(E) Our improved strain is vastly superior to the ordinary Earliana. It is by far the most satisfactory tomato grown. It matures early and nearly all at one time, ripening up to the stem better than any other early tomato. Bright red fruits on small vines. The best early tomato for the home garden or market. Matures in 90 days. **Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. 95c; 1/2 lb. \$1.50; lb. \$2.75; 2 lbs. \$5.10; 5 lbs. \$12.35; 10 lbs. \$23.35.**

4911 Marglobe (V)

(M) Developed by the U. S. Department of Agriculture. Very vigorous and productive, with long vines which protect the fruits from the sun in hot climates. Large, handsome, scarlet fruits of extra fine quality. Globe-shaped, meaty, smooth fruits, ripening uniformly; do not crack when ripe. A heavy yielder. Matures in about 105 days. **Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.00; 1/2 lb. \$1.60; lb. \$2.85; 2 lbs. \$5.30; 5 lbs. \$12.80; 10 lbs. \$24.20.**

4903 Matchless (Scarlet-Red)

(L) One of the best large-fruited, smooth, main-crop tomatoes. A strong and vigorous grower bearing a tremendous crop of large smooth, rich scarlet-red fruits which are solid, and keep a long time. Matures in about 120 days. **Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.15; 1/2 lb. \$1.90; lb. \$3.50; 2 lbs. \$6.50; 5 lbs. \$15.75; 10 lbs. \$32.75.**

4913 Ponderosa (V)

(L) Although introduced many years ago, it is still unsurpassed in size and delicious, sweet flavor. It is not only the largest but also the heaviest tomato grown. The color is a purplish crimson. Of even shape considering its size, and regarded as the best table variety for slicing because it has few seeds. Matures in 110 days. **Pkt. 15c; 1/2 oz. 30c; oz. 55c; 1/4 lb. \$1.65; 1/2 lb. \$3.00; lb. \$5.50; 2 lbs. \$10.25; 5 lbs. \$24.75; 10 lbs. \$46.75.**

4909 Improved Stone

(L) The best main-crop tomato. Bright scarlet fruits with smooth skin ripening up to the stem without a crack. Solid, heavy, and firm flesh. Large and very productive. Also an excellent shipper, and not subject to rot. Does well both in the North and South. Matures in 120 days. **Pkt. 10c; 1/2 oz. 20c; oz. 30c; 1/4 lb. 90c; 1/2 lb. \$1.40; lb. \$2.50; 2 lbs. \$4.65; 5 lbs. \$11.25; 10 lbs. \$21.25.**

4910 John Baer

(E) This is an attractive early variety producing an excellent crop of round, smooth, firm, rich scarlet-red tomatoes. It is a profitable variety with large and uniform fruits, maturing in about 95 days. A favorite with many gardeners. Productive and of excellent quality. **Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. 95c; 1/2 lb. \$1.50; lb. \$2.75; 2 lbs. \$5.10; 5 lbs. \$12.35; 10 lbs. \$23.35.**

4900 Bonny Best

(M) Attractive scarlet-red fruits borne in clusters on strong vines. Fleshy and tasty; of remarkable solidity. The skin is smooth and of a uniform scarlet color from stem to blossom-end. Bonny Best is an ideal variety for the home garden because of its prolificness. Also one of the standard varieties for greenhouse forcing. Matures in about 100 days. **Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. 95c; 1/2 lb. \$1.50; lb. \$2.75; 2 lbs. \$5.10; 5 lbs. \$12.35; 10 lbs. \$23.35.**

4915 Beefsteak (Crimson Cushion)

(L) This is the largest of all bright red Tomatoes, resembling in many ways Ponderosa, but still more desirable because of its rich scarlet-red color. The large tomatoes are almost seedless and they are borne in great abundance on strong vines. Matures in 110 days. **Pkt. 15c; 1/2 oz. 30c; oz. 55c; 1/4 lb. \$1.65; 1/2 lb. \$3.00; lb. \$5.50; 2 lbs. \$10.25; 5 lbs. \$24.75.**

4901 Break O'Day (V)

(E) A new origination of the U. S. Dept. of Agriculture. Almost as early as Earliana. Beautiful scarlet globe-shaped fruits of medium size. They are deep, solid, and almost seedless. Excellent for the table or market. Has short vines with scant foliage admitting the sun for quicker ripening—ideal for the north, maturing in about 95 days. **Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.15; 1/2 lb. \$1.90; lb. \$3.50; 2 lbs. \$6.50; 5 lbs. \$15.75; 10 lbs. \$29.75.**

4919 Pritchard—Scarlet Topper

(E) A new, early, large, smooth, globe-shaped Tomato. Solid flesh of a bright red color which extends right up to the stem. The robust plants give a very heavy crop. Individual plants will bear 70 to 80 fruits each. Matures in about 105 days. **Pkt. 15c; 1/2 oz. 30c; oz. 45c; 1/4 lb. \$1.35; 1/2 lb. \$2.45; lb. \$4.50; 2 lbs. \$8.35; 5 lbs. \$20.25; 10 lbs. \$38.25.**

4908 Golden Queen (Queen of the Yellows)

(M) A main-crop variety bearing a large crop of smooth yellow fruits. Thick and meaty, of excellent flavor. Matures in about 100 days. **Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.15; 1/2 lb. \$2.05; lb. \$3.75; 2 lbs. \$6.95; 5 lbs. \$16.85; 10 lbs. \$31.85.**

Small Fruited Tomatoes

4926 Pear-Shaped Red The attractive small red fruits make tasty preserves and marmalade. **Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.35; 1/2 lb. \$2.45; lb. \$4.50.**

4927 Pear-Shaped Yellow Bears enormous quantities of small yellow fruits which make excellent salad or preserves. **Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.35; 1/2 lb. \$2.45; lb. \$4.50.**

4928 Plum-Shaped Yellow The yellow fruits are the size and shape of a plum. **Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.35; 1/2 lb. \$2.45; lb. \$4.50.**

Turnips

Sow in early spring; or for a fall crop, in late July or August. 1 packet to 50 ft. of row; 1 oz. to 200 ft.; 1 1/2 lbs. in drills, to an acre.

4951 Early White Snowball (Six Weeks) (V) Globe-shaped roots of medium size, and excellent in flavor. Fine for summer sowing. Both skin and flesh are white. Ready in 55 days. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 35c; lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75.**

4952 Extra Early Purple-Top Milan (V) Unequalled for table use. The roots are large, smooth, and flat; the flesh white, sweet, and fine-grained. Fine for forcing. 45 days. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 40c; lb. 70c; 2 lbs. \$1.25; 5 lbs. \$2.80; 10 lbs. \$5.25.**

4954 Purple-Top Strap-Leaved Never stringy, always fine-grained, sweet, tender, and mild in flavor. Produces large roots 4 to 6 ins. across. The most popular variety for early and late use. Matures in about 55 days. **Pkt. 5c; oz. 10c; 1/4 lb. 25c; 1/2 lb. 35c; lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75.**

4955 Purple-Top White Globe (V) The best flavored of all turnips, whether raw or cooked. The pure white flesh is fine-grained and tender, making it a very popular variety. The large, round roots are most attractive with their white skin, and purple or red tops. Does well in any soil, in any section. Ready for table or market in about 65 days. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 35c; lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75.**

4956 Golden Ball (Orange Jelly) (V) The best yellow turnip. Of delicious flavor; the flesh sweet and of fine texture. Medium-sized turnips. Matures in about 65 days and keeps well all winter. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 35c; lb. 50c; 2 lbs. 90c; 5 lbs. \$2.00; 10 lbs. \$3.75.**

4959 Shogoin (Japanese) An excellent winter turnip coming directly from Japan. The white flesh is solid and fine-grained. The roots are large and semi-globular, with white skin save near the leaves where it is pale green. The leaves are correspondingly large and vigorous and are used for greens. They are ready in 30 days while the roots mature in 70 days. **Pkt. 10c; oz. 15c; 1/4 lb. 25c; 1/2 lb. 35c; lb. 55c; 2 lbs. \$1.00; 5 lbs. \$2.20; 10 lbs. \$4.10.**

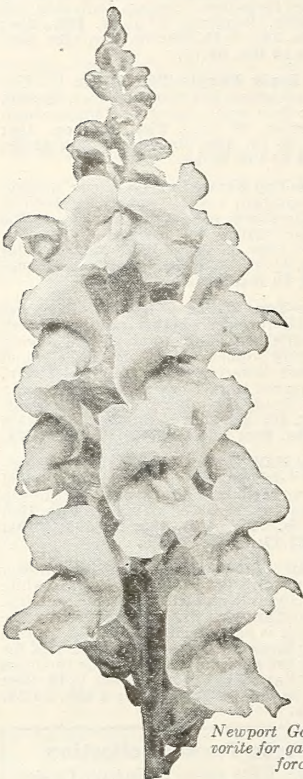

5430 Vicks Turnip Collection

1 pkt. each: Early White Snowball, Golden Ball, Purple-Top White Globe.
(Value 30c) for only **10c**

Purple Top White Globe

VICKS SHOWY SNAPDRAGONS

Newport Golden, a favorite for garden and for forcing.

This collection contains one packet each of Orange King, Eldorado, Red Chief, Twilight, Rose Marie, and Avalanche. Six Packets in all (Value \$1.20) for.....

85c

Tall-Growing Giant Flowering (*Antirrhinum maximum*)

Most gorgeous of Snaps; the flower spikes closely set with elegant, large blooms. Colors are clear and lovely. Grows 2-3 ft. tall.

1336 Canary Bird Exceptionally fine canary-yellow. Elegant, long flower-spikes set with blooms of remarkably large size and form.

1345 Fireflame Few flowers can rival this variety in color. Fiery red blooms suffused with brilliant orange and a glow of scarlet.

1337 Orchid A warm color, a delicate combination of soft lavender and pure light pink, perfectly blended. Exquisitely lovely.

1338 Ruby A suffusion of orange enhances the bright red color, and gives it a rich glow of brilliant scarlet.

Any of the above:

Pkt. 15c; 1/16 oz. 40c; 1/8 oz. 70c.

1347 Fairy Charm An assortment of blotched and tigered varieties. Pkt. 20c; 1/16 oz. 55c.

1340 Snowflake There is just a suspicion of faint cream in the depths of the flowers, giving them lovely warmth.

1341 Sunnybrook Sunnybrook is a brilliant combination of the most intense shades of deep golden yellow, salmon, and bright orange.

1346 Sunshine Massive spikes composed of splendid flowers of intense deep yellow accentuated by light pink shading on the tube.

1342 The Rose A pleasing combination of rose-pink and yellow giving the general effect of golden rose. Harmonizes perfectly with other colors.

1343 Wallflower Most appropriately named since the coppery-crimson color of the blooms is not unlike that of the popular Wallflower.

1339 Salmon-Rose A beautiful salmon blend. Very large blooms. Pkt. 20c; 1/16 oz. 50c.

1344 Vicks Maximum Mixed

You will be delighted with the beauty of this well-balanced blend of the showiest and richest of the lovely colors. Pkt. 10c; 1/16 oz. 25c; 1/8 oz. 45c.
